read the so called cursing psalms are known to many as their imprecatory passages pose challenges for readers who wish to use the entire Book of Psalms as their book of prayer Because passages that call for vengeance and violence are present throughout the psalm collection and often intertwined with the most exquisite things as noted by C S Lewis both liturgists and laypeople need to find substantial hermeneutical strategies that can help answer what to make of imprecatory passages But despite the ample exegetical advice made available through commentary literature past and present worshippers are stuck at a point of convergence between exegetical support and liturgical rejection Through the process of metacommentary on Psalms 58 109 137 and 139 Elisabet Nord identifies three popular and generic hermeneutical approaches often applied to cursing psalms including the tacit preconceived notions of these prominent approaches The latter helps to uncover the liturgical relevance and sometimes lack thereof of scholarly advice on how to interpret and navigate psalms calling for vengeance and violence as prayers

Schmidt, Jr.,1996-02-01 Writing as a seminary trained sociologist Frederick W Schmidt Jr concentrates on the roles of clergywomen in five denominations Episcopal United Methodist Evangelical Lutheran Southern Baptist and Roman Catholic He maintains that behind the facade of equanimity women are often relegated to the outskirts of church hierarchy In compelling stories we learn about the Episcopal woman denied a job because she was too short the Methodist women burdened by the old saw of women preachers being like dogs walking on their hind legs the Evangelical Lutheran who in protest to her denomination s trickle down reform camped outside her bishop s office and Roman Catholic women who frustrated and beleaguered by their church s refusal to ordain them become active reformers To substantiate his assertion that churches are cultures as well as organizations Schmidt examines both official policies regarding women s ordination in each denomination and the cultural context in which those policies must play out Through their stories the clergywomen remind us that the church influences society whether society acknowledges it or not Preaching God's Transforming Justice Ronald J.
