[Reminiscences of the European War.] Emilio Lussu, 1938 *Under the Bombs* Earl R. Beck, Under the Bombs tells the story of the civilian population of German cities devastated by Allied bombing in World War II These people went to work tried to keep a home though in many cases it was just a pile of rubble where a house once stood and attempted to live life as normally as possible amid the chaos of war Earl Beck also looks at the food and fuel rationing the German people endured and the problems of trying to make a public complaint while living in a totalitarian state The Cinema of Francesco Rosi Gaetana Marrone, 2020 Francesco Rosi is one of the great realist artists of post war Italian indeed post war world cinema In this book author Gaetana Marrone explores the rich visual language in which the Neapolitan filmmaker expresses the cultural icons that constitute his style and images Over the years Rosi has offered us films that trace an intricate path between the real and the fictive the factual and the imagined His films show an extraordinarily consistent formal balance while representing historical events as social emblems that examine shape and reflect the national self They rely on a labyrinthine narrative structure in which the sense of an enigma replaces the unidirectional path leading ineluctably to a designated end and solution Rosi's logical investigations are conducted by an omniscient eye and translated into a cinematic approach that embraces the details of material reality with the panoramic perspective of a dispassionate observer This book offers intertextual analyses within such fields as history politics literature and photography along with production information gleaned from Rosi's personal archives and interviews It examines Rosi's creative use of film as document and as spectacle It is also a study of the specific cinematic techniques that characterize Rosi's work and that visually compositionally express his vision of history and the elusive truth of past and present social and political realities Italian Literature since 1900 in English Translation Robin Healey, 2019-03-14 Providing the most complete record possible of texts by Italian writers active after 1900 this annotated bibliography covers over 4 800 distinct editions of writings by some 1 700 Italian authors Many entries are accompanied by useful notes that provide information on the authors works translators and the reception of the translations This book includes the works of Pirandello Calvino Eco and more recently Andrea Camilleri and Valerio Manfredi Together with Robin Healey's Italian Literature before 1900 in English Translation also published by University of Toronto Press in 2011 this volume makes comprehensive information on translations from Italian accessible for schools libraries and those interested in comparative literature *War and Literature* Rachel McCoppin, 2020-01-24 This Special Issue focuses specifically on the topic of commiseration with the enemy

within war literature The articles included in this Special Issue show authors and or literary characters attempting to understand the motives beliefs and cultural values of those who have been defined by their nations as their enemies This process of attempting to understand the orientation of defined enemies often shows that the soldier has begun a process of reflection about why he or she is part of the war experience The texts included in this issue also show how political authorities often resort to propaganda and myth making tactics that are meant to convince soldiers that they are fighting opponents who are evil sub human etc and are therefore their direct enemies Literary texts that show an author and or literary character trying to reflect against state supported definitions of good evil right wrong and ally enemy often present an opportunity to reevaluate the purposes of war and one s moral responsibility during wartime

Il trauma di Caporetto AA.VV., 2018-11-16 La battaglia di Caporetto 24 ottobre 9 novembre 1917 ha rappresentato un trauma nella storia italiana del Novecento Ancor oggi nel linguaggio comune la parola Caporetto sinonimo di disastro In quella

battaglia i soldati della 2a Armata vengono respinti dagli austriaci e dai tedeschi al di qua dell'Isonzo e del Tagliamento fino al Piave mentre i Comandi militari li accusano di diserzione e tradimento Cento anni dopo questo volume affronta in un'ottica pluridisciplinare e interdisciplinare e alla luce della nozione di trauma gli aspetti storici politici e militari della disfatta. Esso fa largo spazio anche alle testimonianze dei soldati scrittori la cui esperienza di quei giorni acquista senso se inserita in una dimensione collettiva e storica. Le stratificazioni temporali relative tanto alla lettura storiografica militare e politica quanto agli scritti memoriali e letterari costituiscono un fattore importante per la riappropriazione di un evento che tocca la storia e l'identità italiane. Nel processo di rievocazione del trauma la rappresentazione dello choc subitaneo tiene conto sia dell'immediatezza del vissuto che della simbolizzazione retrospettiva. Questo volume intende allora studiare i meccanismi attraverso i quali il ricordo del trauma di Caporetto prende forma nel linguaggio autobiografico o finzionale inteso anche come espressione terapeutica e luogo della resilienza.

Mark of the Beast Alfredo Bonadeo, 2021-10-21 The First World War is a watershed in the intellectual and spiritual history of the modern world. On the one hand it brought an end to a sense of optimism and decency bred by the prosperity of nineteenth century Europe. On the other it brought forth a sense of futility and alienation that has since pervaded European thought. That cataclysmic experience is richly reflected in the work of writers and artists from both sides of the conflict and this study provides a detailed analysis of two basic themes: death and degradation that mark the literature about the war. From their accounts most men entered the war lightheartedly filled with ideals of patriotism and glory but these generous feelings were soon quelled as the war settled into a stalemate its operations reduced to simply grinding away the opposing forces. In these operations Alfredo Bonadeo shows men became mere aggregations thrown against one another wasted with no appreciable effects or gains save carnage itself. This cheapening and disregard for human life and being Bonadeo finds rooted not only in the conditions of war but significantly in a contempt for the common man prevailing in European political and intellectual circles. This attitude is revealed most plainly in his analysis of the Italian literature which hitherto has received little note. Italian leaders saw the war as an opportunity to expiate a sense of national guilt and here the inconclusive campaigns made their futility all the greater. Out of the torn fields of the First World War grew the seeds of a second greater conflict but Professor Bonadeo concludes the flowering of the seeds was aided by the degradation of man's spirit on those fields. The grim focus of this book the dead voices it evokes leads to a new appreciation of the meaning of the Great War.

The Great War in Post-Memory Literature and Film Martin Löschnigg, Marzena Sokolowska-Paryz, 2014-10-14 The twenty seven original contributions to this volume investigate the ways in which the First World War has been commemorated and represented internationally in prose fiction drama film docudrama and comics from the 1960s until the present. The volume thus provides a comprehensive survey of the cultural memory of the war as reflected in various media across national cultures addressing the complex connections between the cultural post memory of the war and its mediation. In four sections the essays investigate 1 the cultural legacy of the Great

War including its mythology and iconography 2 the implications of different forms and media for representing the war 3 national memories foregrounding the differences in post memory representations and interpretations of the Great War and 4 representations of the Great War within larger temporal or spatial frameworks focusing specifically on the ideological dimensions of its remembrance in historical socio political gender oriented and post colonial contexts

The Maciste Films of Italian Silent Cinema Jacqueline Reich, 2015-10-19

Italian film star Bartolomeo Pagano's Maciste played a key role in his nation's narratives of identity during World War I and after. Jacqueline Reich traces the racial, class, and national transformations undergone by this Italian strongman from African slave in *Cabiria* (1914), his first film, to bourgeois gentleman to Alpine soldier of the Great War to colonial officer in Italy's African adventures. Reich reveals Maciste as a figure who both reflected classical ideals of masculine beauty and virility later taken up by Mussolini and used for political purposes and embodied the model Italian citizen. The 12 films at the center of the book, recently restored and newly accessible to a wider public, together with relevant extra-cinematic materials provide a rich resource for understanding the spread of discourses on masculinity and national and racial identities during a turbulent period in Italian history. The volume includes an illustrated appendix documenting the restoration and preservation of these cinematic treasures.
