Understanding Acts - Using Semitic Bible Study Method Michael Harvey Koplitz, This commentary was researched and written using Semitic Bible Study Methods Aramaic the language Yeshua spoke and the culture of Yeshua's day These methods were initially developed by the Sage Hillel over 2000 years ago augmented and the author Semitic Bible study methods are based on asking questions about the Scripture examining the language and culture of that day This is a strange idea for church people because the Church teaches that only the Church can interpret Scripture This is not true God wants us to ask questions because Scripture's meaning is as deep as God and God is infinite
