Stavrogin S Confession:

Stavrogin's Confession Fyodor Dostoyevsky, Sigmund Freud, 1947 Stavrogin's confession Fedor M. Dostoevskij, Samuel S. Kotlianskij, Virginia Woolf, 1972 **Stavrogin's Confession and The Plan of The Life of a Great Sinner** Fyodor Dostoyevsky, 2021-08-30 Stavrogin is a character in Possessed Devils by Dostoevsky Stavrogin's confession is a chapter that was censored out of that book Life of a great sinner is an unwritten novel The two are translated by one and only Virginia Woolf Goodreads *Dostoevsky's Political Thought* Richard Avramenko, Lee Trepanier, 2013-05-23 Recognized as one of the greatest novelists of all time Fyodor Dostoevsky continues to inspire and instigate questions about religion philosophy and literature However there has been a neglect looking at his political thought its philosophical and religious foundations its role in nineteenth century Europe and its relevance for us today Dostoevsky's Political Thought explores Dostoevsky's political thought in his fictional and nonfictional works with contributions from scholars of political science philosophy history and Russian Studies From a variety of perspectives these scholars contribute to a greater understanding of Dostoevsky not only as a political thinker but also as a writer philosopher and religious thinker *Martin Buber on Psychology and Psychotherapy* Judith Buber Agassi, 1999-06-01 Buber came to play a role in the development of so called third force psychology In the exchange between Buber and Carl Rogers one can see how far they both were from the world of Freud which presumes an omniscient analyst dealing with curiously foolish neurotics Freud's aloofness might have been self deception but he never advocated anything like the mutual give and take that Buber and Rogers had in mind Buber's mind was in another world from that of early psychoanalysis and the passage of time has shown how relevant his thinking can be to how we approach the healing professions from the Introduction **Cognitivity of Religion** J. Kellenberger, 1985-06-18 The Prince of Darkness Jeffrey Burton Russell, 2016-03-10 The Devil Satan Lucifer Mephistopheles throughout history the Prince of Darkness the Western world's most powerful symbol of evil has taken many names and shapes Jeffrey Burton Russell here chronicles the remarkable story of the Devil from antiquity to the present While recounting how past generations have personified evil he deepens our understanding of the ways in which people have dealt with the enduring problem of radical evil After a compelling essay on the nature of evil Russell uncovers the origins of the concept of the Devil in various early cultures and then traces its evolution in Western thought from the time of the ancient Hebrews through the first centuries of the Christian era Next he turns to the medieval view of the Devil focusing on images found in folklore scholastic thought art literature mysticism and witchcraft Finally he follows the Devil into our own era where he draws on examples from theology philosophy art literature and popular culture to describe the great changes in this traditional notion of evil brought about by the intellectual and cultural developments of modern times Is the Devil an outmoded superstition as most educated people today believe Or do the horrors of the twentieth century and the specter of nuclear war make all too clear the continuing need for some vital symbol of radical evil A single volume distillation of Russell's epic tetralogy on the

nature and personification of evil from ancient times to the present published by Cornell University Press between 1977 and 1986 The Prince of Darkness invites readers to confront these and other critical questions as they explore the past faces of that figure who has been called the second most famous personage in Christianity **Dostoevsky and the Epileptic Mode of Being** Paul Fung, 2017-07-05 For Fyodor Dostoevsky 1821-81 who lived with epileptic seizures for more than thirty years illness is an ineradicable part of existence Epilepsy in his writings denotes both a set of physical symptoms and a state of survival in which the protagonists incessantly try to articulate theorize or master what is ungraspable in their everyday experience Their attempts to deal with what they cannot control or comprehend results in disappointment or what Dostoevsky called a mystical terror Dostoevsky's heroes are unable fully to understand this state and their existence becomes epileptic in so far as self knowledge and self coincidence are never achieved Fung explores new critical pathways by reexamining five of Dostoevsky's post Siberian novels Drawing on insights from writers including Benjamin Blanchot Freud Lacan and Nietzsche the book takes epilepsy as a trope for discussing the unspeakable moments in the texts and is intended for students and scholars who are interested in the subject of modernity critique of the visual and dialogues between philosophy and literature Paul Fung is Assistant Professor in English at Hang Seng Management College Hong Kong

Beyond Psychoanalytic Literary Criticism Benjamin H. Ogden, 2018-04-17 Through a series of radical and innovative chapters Beyond Psychoanalytic Literary Criticism Between Literature and Mind challenges the tradition of applied psychoanalysis that has long dominated psychoanalytic literary criticism Benjamin H Ogden a literary scholar proposes that a new form of analytic literary criticism take its place one that begins from a place of respect for the mystery of literature and the complexity of its inner workings In this book through readings of authors such as J M Coetzee Flannery O'Connor and Vladimir Nabokov the mysteries upon which literary works rely for their enduring power are enumerated and studied Such mysteries are thereafter interwoven into a series of pioneering studies of how the conceptions of thinking dreaming and losing become meaningful within the unique aesthetic conditions of individual novels and poems Each chapter is a provisional solution to the difficult bridging problems that arise when literary figures work in the psychoanalytic space and when psychoanalysts attempt to make use of literature for analytic purposes At every turn Beyond Psychoanalytic Literary Criticism Between Literature and Mind acts as a living example of the territory it explores the space between two disciplines wherein the writer brings into being a form of psychoanalytic literary criticism of his own making Forgoing traditional applied psychoanalysis and technical jargon this highly accessible interdisciplinary work will appeal to psychoanalysts and psychoanalytic psychotherapists as well as literary critics and scholars *Dostoevsky as Suicidologist* Amy D.

Ronner, 2021-01-12 In Dostoevsky as Suicidologist Amy D Ronner illustrates how self homicide in Fyodor Dostoevsky's fiction prefigures Emile Durkheim's etiology in Suicide as well as theories of other prominent suicidologists This book not only fills a lacuna in Dostoevsky scholarship but provides fresh readings of Dostoevsky's major works including Notes from The House of

the Dead Crime and Punishment The Idiot Demons and The Brothers Karamazov Ronner provides an exegesis of how Dostoevsky's implicit awareness of fatalistic altruistic egoistic and anomic modes of self destruction helped shape not only his philosophy but also his craft as a writer In this study Ronner contributes to the field of suicidology by anatomizing both self destructive behavior and suicidal ideation while offering ways to think about prevention But most expansively Ronner tackles the formidable task of forging a ligature between artistic creation and the pluripresent social fact of self annihilation

Dostoevsky Rowan Williams, 2008-01-01 Rowan Williams explores the intricacies of speech fiction metaphor and iconography in the works of one of literature's most complex and most misunderstood authors Williams investigation focuses on the four major novels of Dostoevsky's maturity Crime and Punishment The Idiot Devils and The Brothers Karamazov He argues that understanding Dostoevsky's style and goals as a writer of fiction is inseparable from understanding his religious commitments Any reader who enters the rich and insightful world of Williams Dostoevsky will emerge a more thoughtful and appreciative reader for it *Dutch Contributions to the Eleventh International Congress of Slavists*, 2023-12-04 The BRILL series Studies in Slavic Literature and Poetics occupies a unique place in the academic and intellectual book market due to its emphasis on theoretically informed and interdisciplinary approaches to the study of Slavic literatures and cultures The series welcomes book proposals for monographs or edited volumes discussing questions of Slavic culture identity and history as expressed in literature film and other forms of cultural production Authors are cordially invited to submit proposals and or full manuscripts to the publisher at BRILL Masja Horn *Dostoevsky's Secrets* Carol Apollonio Flath, 2009-01-14 When Fyodor Dostoevsky proclaims that he is a realist in a higher sense it is because the facts are irrelevant to his truth And it is in this spirit that Apollonio approaches Dostoevsky's work reading through the facts the text of his canonical novels for the deeper truth that they distort mask and ultimately disclose This sort of reading against the grain is Apollonio suggests precisely what these works with their emphasis on the hidden and the private and their narrative reliance on secrecy and slander demand In each work Apollonio focuses on one character or theme caught in the compromising self serving or distorting narrative lens Who she asks really exploits whom in Poor Folk Does White Nights ever escape the dream state What is actually lost and what is won in The Gambler Is Svidrigailov of such ill repute in Crime and Punishment in fact an exemplar of generosity and truth Who in Demons is truly demonic Here we see how Dostoevsky has crafted his novels to help us see these distorting filters and develop the critical skills to resist their anaesthetic effect Apollonio's readings show how Dostoevsky's paradoxes counter and usurp our comfortable assumptions about the way the world is and offer access to a deeper immanent essence His works gain power when we read beyond the primitive logic of external appearances and recognize the deeper life of the text *The Cambridge Introduction to J. M. Coetzee* Dominic Head, 2009-03-26 An overview for students and readers of the work career and international context of the author of Disgrace Dostoevsky Joseph Frank, 2012-08-26 A magnificent one volume abridgement of one of the greatest literary biographies of our time Joseph Frank

s award winning five volume Dostoevsky is widely recognized as the best biography of the writer in any language and one of the greatest literary biographies of the past half century Now Frank s monumental 2 500 page work has been skillfully abridged and condensed in this single highly readable volume with a new preface by the author Carefully preserving the original work s acclaimed narrative style and combination of biography intellectual history and literary criticism Dostoevsky A Writer in His Time illuminates the writer s works from his first novel Poor Folk to Crime and Punishment and The Brothers Karamazov by setting them in their personal historical and above all ideological context More than a biography in the usual sense this is a cultural history of nineteenth century Russia providing both a rich picture of the world in which Dostoevsky lived and a major reinterpretation of his life and work

Aporias of Translation Elias Schwieler, 2022-06-06 This book proposes a new way for scholars in for example Education Literary Studies and Philosophy to approach texts and other phenomena through the concept and practice of translation Its interdisciplinary perspective makes the book of value for graduate students and scholars in the Humanities and Social Sciences The unique take on translation as related to the notion of aporia is applied to a number of seminal and classical texts within literature poetry and philosophy which gives the reader new understandings of the workings of language and what happens within and between languages as well as within and between disciplines when some form of interpretation or analysis is at work Importantly the book develops the notion of aporias of translation as a way to learn and develop our understanding of texts and phenomena and thus functions as a pedagogical process which helps us come to terms with the boundaries of language and academic disciplines

Reading Dostoevsky Victor Terras, 1998 Admirers have praised Fedor Dostoevsky as the Russian Shakespeare while his critics have slighted his novels as merely cheap amusements In this critical introduction to Dostoevsky s fiction the author asks readers to draw their own conclusions about the nineteenth century Russian writer Discussing psychological political mythical and philosophical approaches he guides readers through the range of diverse and even contradictory interpretations of Dostoevsky s rich novels

The Demonic Ewan Fernie, 2013 Are we either good or bad and do we really know the difference Why do we want what we cannot have and even to be what we re not Can we desire others without wanting to possess them Can we open to others and not risk possession

ourselves And where in these cases do we draw the line Ewan Fernie argues that the demonic tradition in literature offers a key to our most agonised and intimate experiences The Demonic ranges across the breadth of Western culture engaging with writers as central and various as Luther Shakespeare Hegel Dostoevsky Melville and Mann A powerful foreword by Jonathan Dollimore brings out its implications as an intellectual and stylistic breakthrough into new ways of writing criticism Fernie unfolds an intense and personal vision not just of Western modernity but of identity morality and sex As much as it s concerned with the great works this is a book about life **Broom** Harold Loeb,1922 An international magazine of the arts
