The New Testament: A Translation for Latter-day Saints, Revised Edition Thomas A. Wayment, 2022-11-09 The language of the King James Bible will always be part of the Latter day Saint cultural fabric in English It is woven into our hymns our ordinances and our scriptural canon and it has been one of the primary vehicles through which we encounter the word of God However when the language of translation becomes too foreign too distant from the present age it is time to consider the possibility of another translation The four hundred year old King James Bible in use by English speaking Latter day Saints is an artifact of the seventeenth century and is no longer a living and breathing text The New Testament was written by the marginalized and impoverished its language is that of common people and not the educated elites The New Testament A Translation for Latter day Saints is an invitation to engage again the meaning of the text for a new and more diverse English readership by rendering the New Testament into modern language in a way that will help a reader more fully understand the teachings of Jesus his disciples and his followers This new revised edition is an effort to correct the first edition in nearly two hundred instances both in the notes and less frequently in the text In addition the introductory material has been expanded to include discussions of the Joseph Smith Translation and on reading scripture and appendices have been added detailing the many instances in which the language of the New Testament appears in other Latter day Saint scripture

Of the Law of Nature and Nations. Eight Books ... Done Into English by Basil Kennet ... The Third Edition: Carefully Corrected, with Two Tables. To which are Now Added All the Large Notes of Mr. Barbeyrac, Translated from His Last Edition ... in 1712 Samuel Freiherr von Pufendorf, 1749
