Teaching World History in the Twenty-first Century: A Resource Book Heidi Roupp,2015-02-12 This practical handbook is designed to help anyone who is preparing to teach a world history course or wants to teach it better It includes contributions by experienced teachers who are reshaping world history education and features new approaches to the subject as well as classroom tested practices that have markedly improved world history teaching **Grotesque Progeny** Mark Heimermann,2024-11-20 In contemporary Western society childhood appears more protected than ever to the casual onlooker Yet we are increasingly fascinated by narratives in which children are depicted as unsettling beings both dangerous and endangered sometimes chaotic or even evil In *Grotesque Progeny: The Commodification of Dangerous and Endangered Children* author Mark Heimermann argues that these representations reflect cultural anxiety regarding a shifting conception of youths from emotional assets to economic ones In the early to mid twentieth century children who had previously been viewed in part as economic investments were largely moved out of the work force For decades children were instead valued primarily as emotional assets However the rise of neoliberal capitalism in the 1970s and 1980s and its eventual proliferation throughout our politics and our lives has led to the widespread commodification of social arenas previously kept separate from the capitalist quest for profit Not even children have escaped being objectified and dehumanized in this manner Heimermann examines a variety of texts that center on children and adolescents who are marked as different from the adult characters and consequently viewed as grotesque Chapters cover Jeff Lemire's *Sweet Tooth* M R Carey's *The Girl with All the Gifts* Katherine Dunn's *Geek Love* Richard Starkings's *Elephantmen* Kazuo Ishiguro's *Never Let Me Go* and more Because the young characters are not viewed as equal members of society they must either strike back at those who commodify them or risk facing a lifetime of dehumanization *Grotesque Progeny* argues that these monstrous depictions reveal societal unease over shortsighted economic and political thinking the exploitation of children and the changing nature of childhood The book addresses a growing concern over which spaces ought to be excluded or removed from the harsh valuations of neoliberalism

Boston Boston Public Library, 1910 Illustrated Catalogue of Books, Standard and Holiday McClurg, Firm, Booksellers, Chicago, 1900 **Machiavelliana** Michael Jackson, Damian Grace, 2018-06-05 In Machiavelliana Michael Jackson and Damian Grace offer a comprehensive study of the uses and abuses of Niccol Machiavelli's name in society generally and in academic fields distant from his intellectual origins. It assesses the appropriation of Machiavelli in didactic works in management, social psychology and primatology, scholarly texts in leadership studies as well as novels, plays, commercial enterprises, television dramas, operas, rap music, Mach IV scales, children's books and more. The book audits, surveys, examines and evaluates this Machiavelliana against wider claims about Machiavelli. It explains the origins of Machiavelli's reputation and the spread of his fame as the foundation for the many uses and misuses of his name. They conclude by redressing the most persistent distortions of Machiavelli.
