

Applying the Standards

STEM

Teachers and students alike will enjoy and benefit from their engagement in these high-interest STEM tasks. Students are asked to solve problems based in science, technology, engineering, and math processes. Creativity, collaboration, communication, and critical thinking are integral to every task. These STEM projects are authentic learning tasks that guide students to address a variety of science and math standards. The recording and reflection aspects of the process strengthen English Language Arts skills. Closing prompts inspire students to reflect back on the process in a way that further promotes higher-order thinking.
