Key Controversies in European Integration Hubert Zimmermann, Andreas Dür, 2021-03-03 Is the EU a success or a failure Should It Stay or Should It Go Britain and the EU The Big Waste or Essential to Feed Europe The Common Agricultural Policy Observers of the European Union could be forgiven in thinking that since its inception the EU project has been under threat from near constant crises In recent years controversial issues such as EU enlargement the fallout from the Eurozone crisis migration policies Brexit and the Corona pandemic have tested the EU to its limits and divided public opinion in the process The major third edition of this comprehensive textbook on the EU seeks to introduce the integration project by looking at the thorny debates politicians European citizens and the media contend with on a daily basis Well known for its unique and pedagogically innovative key debates format the editors have invited top names in the field to contribute a stirring contribution either for or against each of the toughest political questions the EU faces In doing so not only does it offer a broad introduction to all the key concerns of the Union but it does so in a way that is contemporary engaging and designed to spark controversy New to this Edition All chapters fully revised and updated New chapter on the transatlantic partnership All chapters now with key takeaway points Across all controversies more inclusion of mainstream gender and feminist approaches

Crisis and Renewal John Van Oudenaren, 2021-09-22 This clear and comprehensive introduction to the European Union considers its development through the theme of crisis and renewal John Van Oudenaren describes EU institutions and policies both historically and as they relate to current events He traces the renewal of the EU that was underway at the end of the 2010s following the euro migration and Brexit crises and the health economic and political crisis that subsequently hit the Union with unexpected force in the coronavirus pandemic of 2020 2021 Exploring how institutions and policies are adapting to unprecedented political economic and geopolitical challenges the author focuses on two key EU priorities digitization and the transition to a carbon neutral future These he argues are both intrinsic policy goals and the means by which the Union hopes to ensure its revitalization and its emergence as a sovereign power taking its place alongside the United States and China as one of the big three players in global politics Explaining the different theoretical perspectives used to understand the EU the book gives students the tools they need to assess whether the Union is on a path to recovery and renewal

Handbook on Theories of Governance Christopher Ansell, Jacob Torfing, 2016-06-24 In the past two decades governance theories have arisen semi independently across multiple disciplines In law and regulation planning democratic theory economics public management and international relations among other disciplines scholars have sought to describe new strategies of governing As a result the notion of governance is now one of the most frequently used social

science concepts in the world No single theory encompasses this diverse body of work but rather multiple theories with different aims and perspectives The Handbook on Theories of Governance collects these theories of governance together as an analytical resource for governing in an increasingly complex fragmented and dynamic society **Handbook of International Security and Development** Paul Jackson,2015-02-27 Providing a comprehensive introduction to the literature and approaches used in the field this illustrious Handbook explores and interrogates the link between security and development at a global level whilst offering a broad survey of current thinkin Europe, Discourse, and Institutions Cristian Nitoiu,Nikola Tomic,2014-07-25 This book focuses on how discourse and various narratives contribute to the construction of the European Union as a political actor thus seeking to challenge the more established approaches to the study of the Union It sheds light on the way discourses about the European Union are created perpetuated and then translated into policy outcomes Most of the contributions attempt to account for the differences that usually arise between discourse and policy practices The methods employed range from more traditional variants of discourse analysis to other more radical versions that emphasize power or to critical or differential reading of policy narratives and ethnography Policy areas such as trade enlargement foreign policy and the European Neighbourhood Policy ENP are discussed while a particular interest is awarded to the European Parliament and the Commission In doing so the contributions shed light on the role discourse plays in relation to policies institutional practices and value representations at the European level Moreover the authors analyse the different actors and structures that create and perpetuate discourses within the EU highlighting new insights that a focus on discourse can bring to the field of European Union studies This book was published as a special issue of Perspectives on European Politics and Society **British Government and Politics** Duncan Watts,2012-02-28 This introduction tells you everything you need to know about British Government and Politics It examines the institutions and practices and makes comparisons with the experience of other countries **The Passivhaus Designer's Manual** Christina Hopfe,Robert McLeod,2015-10-05 Passivhaus is the fastest growing energy performance standard in the world with almost 50 000 buildings realised to date Applicable to both domestic and non domestic building types the strength of Passivhaus lies in the simplicity of the concept As European and global energy directives move ever closer towards Zero fossil Energy standards Passivhaus provides a robust fabric first approach from which to make the next step The Passivhaus Designers Manual is the most comprehensive technical guide available to those wishing to design and build Passivhaus and Zero Energy Buildings As a technical reference for architects engineers and construction professionals The Passivhaus Designers Manual provides State of the art guidance for anyone designing or working on a Passivhaus project In depth information on building services including high performance ventilation systems and ultra low energy heating and cooling systems Holistic design guidance encompassing daylight design ecological materials thermal comfort indoor air quality and economics Practical advice on procurement methods project management and quality assurance Renewable energy systems suitable for

Research Handbook on Money Laundering Brigitte Unger,Daan van der Linde,2013-01-01 Although the practice of disguising the illicit origins of money dates back thousands of years the concept of money laundering as a multidisciplinary topic with social economic political and regulatory implications has only gained prominence since the 1980s This groundbreaking volume offers original state of the art research on the current money laundering debate and provides insightful predictions and recommendations for future developments in the field The contributors to this volume academics practitioners and government representatives from around the world offer a number of unique perspectives on different aspects of money laundering Topics discussed include the history of money laundering the scale of the problem the different types of money laundering the cost to the private sector and the effectiveness of anti money laundering policies and legislation The book concludes with a detailed and insightful synthesis of the problem and recommendations for additional steps to be taken in the future Students professors and practitioners working in economics banking finance and law will find this volume a comprehensive and invaluable

resource **Railroad Age Gazette** ,1897 Levelling Up Left Behind Places Ron Martin,Ben Gardiner,Andy Pike,Peter Sunley,Peter Tyler,2021-12-24 This book aims to understand the predicaments of left behind places and the scale of the policy challenge of levelling up their economic prosperity Drawing out lessons of wider international significance it examines how places cities towns and localities have grown apart over recent decades amidst deindustrialisation post industrial transition and the disruptive shocks of the global financial crisis and COVID 19 pandemic Using the UK case to illustrate its arguments the analysis identifies the different types of left behind places and their distinctive economic experiences The key features of urban and regional institutions and policies are reviewed to understand more about why despite some successes geographical inequalities remain an entrenched feature of the UK blighting the life chances and quality of life of its citizens and national economic progress as a whole The weaknesses of past policies are highlighted and the case is made for a new mission oriented policy model because only a radical shift in economic thinking governance and management is likely to achieve the levelling up that is now a prominent refrain in the political lexicon **Toward New Possibilities for Library and Information Science** Scott Sikes,2023-03-01 The 2018 West Virginia teachers strike in the USA exemplifies the changing shape of dissent and protest in the digital age The use of social media has changed the ways such events develop offering new tools for organizing strategizing generating large numbers of participants and for communicating crucial information Upon the Fields of Battle Andrew S. Bledsoe,Andrew F. Lang,2018-11-07 New developments in Civil War scholarship owe much to removal of artificial divides by historians seeking to explore the connections between the home front and the battlefield Indeed scholars taking a holistic view of the war have contributed to our understanding of the social complexities of emancipation of freedom in a white republic and the multifaceted experiences of both civilians and soldiers Given these accomplishments research focusing on military history prompts prominent and recurring debates among Civil War historians Critics of traditional military history see it as old fashioned too technical or irrelevant to the most important aspects of the war Proponents of this area of study view these criticisms as a misreading of its nature and potential to illuminate the war The collected essays in Upon the Fields of Battle bridge this intellectual divide demonstrating how historians enrich Civil War studies by approaching the period through the specific but nonetheless expansive lens of military history Drawing together contributions from Keith Altavilla Robert L Glaze John J Hennessy Earl J Hess Brian Matthew Jordan Kevin M Levin Brian D McKnight Jennifer M Murray and Kenneth W Noe editors Andrew S Bledsoe and Andrew F Lang present an innovative volume that deeply integrates and analyzes the ideas and practices of the military during the Civil War Furthermore by grounding this collection in both traditional and pioneering methodologies the authors assess the impact of this field within the social political and cultural contexts of Civil War studies Upon the Fields of Battle reconceives traditional approaches to subjects like battles and battlefields practice and policy command and culture the environment the home front civilians and combatants atrocity and memory revealing a more balanced understanding of the military aspects of

the Civil War's evolving history **The End of This World** Angele Alook, Emily Eaton, David Gray-Donald, Joël Laforest, Crystal Lameman, Bronwen Tucker, 2023-01-17 The climate crisis is here and the end of this world a world built on land theft resource extraction and colonial genocide is on the horizon In this compelling roadmap to a livable future Indigenous sovereignty and climate justice go hand in hand Drawing on their work in Indigenous activism the labour movement youth climate campaigns community engaged scholarship and independent journalism the six authors challenge toothless proposals and false solutions to show that a just transition from fossil fuels cannot succeed without the dismantling of settler capitalism in Canada Together they envision a near future where oil and gas stay in the ground where a caring economy provides social supports for all where wealth is redistributed from the bloated billionaire class and where stolen land is rightfully reclaimed under the jurisdiction and sovereignty of Indigenous peoples Packed with clear eyed analysis of both short and long term strategies for radical social change The End of This World promises that the next world is within reach and worth fighting for Crime and Criminal Justice Stacy L. Mallicoat, Denise Paquette Boots, 2024-02-19 Crime and Criminal Justice provides accessible and comprehensive coverage of all aspects of the criminal justice system With contemporary examples and effective learning tools the Third Edition helps students go beyond the surface towards a deeper understanding of the criminal justice system **Spatial Revolution** Christina E. Crawford, 2022-02-15 Spatial Revolution is the first comparative parallel study of Soviet architecture and planning to create a narrative arc across a vast geography The narrative binds together three critical industrial residential projects in Baku Magnitogorsk and Kharkiv built during the first fifteen years of the Soviet project and followed attentively worldwide after the collapse of capitalist markets in 1929 Among the revelations provided by Christina E Crawford is the degree to which outside experts participated in the construction of the Soviet industrial complex while facing difficult topographies near impossible deadlines and inchoate theories of socialist space making Crawford describes how early Soviet architecture and planning activities were kinetic and negotiated and how questions about the proper distribution of people and industry under socialism were posed and refined through the construction of brick and mortar steel and concrete projects living laboratories that tested alternative spatial models As a result Spatial Revolution answers important questions of how the first Soviet industrialization drive was a catalyst for construction of thousands of new enterprises on remote sites across the Eurasian continent an effort that spread to far flung sites in other socialist states and capitalist welfare states for decades to follow Thanks to generous funding from Emory University and its participation in TOME Toward an Open Monograph Ecosystem the ebook editions of this book are available as Open Access volumes from Cornell Open cornellpress.cornell.edu/cornell-open and other repositories
