Narrative Psychology

and Vygotsky in Dialogue Jill Bradbury, 2019-09-06 This book draws together two domains of psychological theory: Vygotsky's cultural historical theory of cognition and narrative theories of identity to offer a way of rethinking the human subject as embodied, relational, and temporal. A dialogue between these two ostensibly disparate and contested theoretical trajectories provides a new vantage point from which to explore questions of personal and political change. In a world of deepening inequalities and increasing economic precarity, the demand for free, decolonised quality education, as articulated by the South African Student Movement and in many other contexts around the world, is disrupting established institutional practices and reinvigorating possibilities for change. This context provokes new lines of hopeful thought and critical reflection on discontinuities across historical time, theories of social and psychological developmental processes, and the practices of intergenerational life, particularly in the domain of education for the making of emancipatory futures. This is essential reading for academics and students interested in Vygotskian and narrative theory and critical psychology, as well as those interested in the politics and praxis of higher education.

Understanding Relational and Group Experiences through the Mmogo-Method® Vera Roos, 2016-07-13 This volume describes the development and application of the Mmogo method as a projective visual data gathering method applied in different contexts and with different groups of people. Mmogo means togetherness in Setswana, one of the 11 official languages of South Africa. The Mmogo method provides a deep understanding of personal, relational, and group experiences and is particularly useful in cross-cultural contexts and across age groups. By allowing visual expressions of the self as a complex dynamic social system, it overcomes some of the limitations of traditional data collection methods such as questionnaires or interviews. The book draws together contributions by leading social scientists to show how this flexible visual data collection method can be used independently or jointly with other data gathering techniques such as journaling or in-depth interviewing to acquire rich information. The research method described here enables investigators to access perceptions, feelings, and personal experiences participants might otherwise find hard to verbalize and explain. Researchers in disciplines such as education, social sciences, consumer sciences, market research, and city and town planning will find this book and its innovative method particularly valuable in addressing a gap in available visual and other data collection resources.

Contextualising Rural Education in South African Schools, 2023-04-03 South Africa's democratic government inherited a divided and unequal system of education Under apartheid South Africa had nineteen different educational departments separated by race language geography and ideology This education system prepared learners in different ways for the positions they were expected to occupy in social economic and political life under apartheid and was funded and resourced in ways that favoured white people and disadvantaged black people who remain in the working class The newly elected democratic government in 1994 laid a foundation for a single national education system Twenty five years after the dawn of democracy education is still in a parlous state in many communities in South Africa but it is in the rural areas mainly in the former homelands that learners are most disadvantaged Contributors are Olufemi Timothy Adigun Oluwatoyin Ayodele Ajani Alan Bhekisisa Buthelezi Joyce Phikisile Dhlamini Bongani Thulani Gamede Samantha Govender Lawrence Kehinde Nontobeko Prudence Khumalo Primrose Ntombenhle Khumalo Azwidohwi Philip Kutame Manthekeng Linake Sive Makeleni Nkhensani Maluleke Bothwell Manyonga Mncedisi Christian Maphalala Takalani Mashau Hlengiwe Romualda Mhlongo Rachel Gugu Mkhasibe Dumisani Wilfred Mncube Nicholus Tumelo Mollo Ramashego Shila Mphahlele Fikile Mthethwa Grace Matodzi Muremela Edmore Mutekwe Nokuthula Hierson Ndaba Clever Ndebele Thandiwe Nonkululeko Ngema Phiwokuhle Ngubane Sindile Ngubane Dumisani Nzima Livhuwani Peter Ramabulana and Maria Tsakeni
