Untraceable Tracers 1 Laura Griffin:

Laura Griffin - A Tracers Trilogy Laura Griffin, 2011-05-10 This ebook anthology contains the first three books in rising star Laura Griffin's thrilling Tracer series. UNTRACEABLE Private Investigator Alexandra Lovell helps clients drop off the radar and begin new lives in safety. But when one of her clients vanishes for real, Alex fears the worst and embarks on a mission to uncover the truth with the help of an elite forensics team known as the Tracers and jaded sexy homicide cop Nathan Devereaux. As a grim picture of what really happened begins to emerge, Nathan realizes this investigation runs deeper than they could have guessed. And each step nearer the truth puts Alex in danger of being the next to disappear. UNSPEAKABLE Elaina McCord's dream of being an FBI profiler is threatened by her very first case investigating a string of murders near a Texas beach resort. Her hunch, met with disbelief by local police, is that these are only the latest offerings from a serial killer who has been perfecting his art for years. Her only allies in a case that's turning dangerously personal are a team of forensic experts known as the Tracers and true crime writer and irresistible playboy Troy Stockton. A killer is taunting Elaina, letting her know how ruthless he is and how close he's getting. Now it's not just her career that's in jeopardy; it's her life. UNFORGIVABLE A DNA expert, Mia Voss, has made it her mission to put away vicious criminals. When her already lousy day ends with a carjacking, it seems like just the icing on top of the cake. But what what Mia thought was a random incident is followed by another sinister episode. Suddenly she's found herself the target of a sadistic madman. And the only way to protect the people she loves most is to either deliberately destroy her reputation and risk letting a killer walk free or put her trust in Detective Ric Santos, whose turbulent past ruined his chances with Mia in the past. Only Mia can uncover the truth behind the case, but first Ric will have to get her to entrust him with her secrets and her life. *Untraceable* Laura Griffin, 2023-07-11 Private investigator Alexandra Lovell helps clients drop off the radar and begin new lives in safety. Melanie Bess was one of those clients. But when Melanie vanishes for real, Alex sets out to find her. Using every resource she has, including an elite team of forensic scientists known as the Tracers and a jaded sexy Austin PD detective, she embarks on a mission to uncover the mystery. As far as homicide cop Nathan Devereaux is concerned, no body means no case. Yet his instincts and his attraction to Alex won't let him walk away. When a grim picture of what happened emerges, Nathan realizes this investigation runs deep. But each step closer to the truth puts Alex in danger of being the next to disappear.
