Up From Slavery Report:

Up from Slavery; an Unfinished Journey Archie Morris III D.P.A.,2019-03-21 For a period of eighty five years the M Street Dunbar High School was an academically elite all black public high school in Washington DC As far back as 1899 its students came in first in citywide tests given in both black and white schools Over this eighty five year span approximately 80 percent of M Street Dunbar s graduates went on to college even though most Americans white or black did not attend college at all Faculty and students were mutually respectful to one another and disruptions in the classroom were not tolerated Yet in this era of best practices this public high school has received virtually no attention in the literature or in policy considerations for inner city education The Dunbar High School today with its new building and athletic facilities is just another ghetto school with abysmal standards and low test score results despite the District of Columbia s record of having some of the country s highest levels of money spent per pupil The purpose of this study is to explore the history of a high school that was successful in teaching black children from low income families and to determine if the learning model employed there could be successful in a modern inner city public education environment

St. Landry-Up from Slavery Then Came the Fire!! Leona W. Smith,2011-09-21

Note This isn't another Mississippi Burning or another Roots. It's a true family legacy. Find it on Goodreads.com. From a child Leona W. Smith was always intrigued by family stories told to her by her parents, grandparents, and close family friends. Battered out of the intense desire of her mother Shirley Mae LaVergne Williams to discover more about her paternal roots, Leona set out on a journey to research her family's history and discovered some amazing truths about her ancestors. Told through family records and stories handed down through many generations and through the use of true-to-life accounts obtained from Federal Slave Narratives set in Louisiana, *St. Landry: Up From Slavery Then Came the Fire* is an epic story deeply rooted in historical fact that spans over 300 years of the LaVergne and Williams families. From the shores of Africa to the rice fields of St. Landry Parish, Louisiana, and beyond, *St. Landry: Up From Slavery Then Came the Fire* explores the hardships, struggles, defeats, and triumphs endured by the families through the cruel injustices of slavery, classism, and racism. Most importantly, it also explores the families' resolute faith in God and gives documented accounts and firsthand testimonies of the amazing, miraculous power of God at work in their lives down through the generations that has left a legacy of hope, courage, and success that still endures today.

Paternalism Incorporated David Leverenz, 2004. Between the Civil War and World War I, David Leverenz maintains the corporate transformation of American work created widespread desire for upward mobility along with widening class divisions. In his view, several significant narrative constructs, notably the daddy's girl and the daddy's boy, emerge at the intersection between paternalist practices and more democratic possibilities for self-advancement. From Mark Twain's Laura Hawkins in *The Gilded Age* to the protagonist of Theodore Dreiser's *Sister Carrie* and Willa Cather's Alexandra Bergson in *O Pioneers!*, Leverenz finds that the image of the daddy's girl constrains the emerging threat of the career woman, even as it articulates the lure of upward mobility for women. In surveying the figure of the daddy's boy, Leverenz examines tensions between young men's desires for upward mobility and older men's desires for paternal control. *Paternalism Incorporated* also addresses yearnings for individualism and paternalism in various critiques of the emerging corporation. Another chapter links honor and shaming to race in the philanthropic practices of Andrew Carnegie and John D. Rockefeller, framed with narratives by William Dean Howells, Booker T. Washington, and Jane Addams. After showing how a daddy's girl becomes a paternalist in Henry James's *The Golden Bowl*, Leverenz considers F. Scott Fitzgerald's *Tender is the Night* as paternalism's elegy, contrasted with the Shirley Temple film *The Little Colonel*. *Report* Michigan. Department of Public Instruction, 1910. *Booker T. Washington in American Memory* Kenneth M. Hamilton, 2017-02-01. Since the 1960s, many historians have condemned Booker T. Washington as a problematic, even negative, influence on African American progress. This attitude dramatically contrasts with the nationwide outpouring of grief and reverence that followed Washington's death in 1915. Kenneth M. Hamilton describes how, when, where, and why Americans commemorated the life of Booker T. Washington. For months following his death, tens of thousands of Americans, especially blacks, honored his memory. Their memorials revealed that Washington enjoyed widespread national support for his vision of

America and the programs that he imparted to achieve his aspirations Their actions and articulations provide rich insight into how a cross section of Washington s contemporaries viewed him From private messages of solace to public pronouncements countless Americans portrayed him as a revered national icon Among other characteristics commemorates voiced their appreciation of his humanitarianism humility nationalism perseverance philanthropy progressivism spirituality and wisdom Washington was the leading advocate of the Yankee Protestantism Ethic which promoted education and personal qualities such as pragmatism perseverance cleanliness thrift and the dignity of labor among African Americans
