Queering Femininity Hannah McCann, 2017-12-04 *Queering Femininity* focuses on femininity as a style of gender presentation and asks how and whether it can be refigured as a creative and queer style of the body Drawing on a range of feminist texts and interviews with self identifying queer femmes from the LGBTQ community Hannah McCann argues that the tendency to evaluate femininity as only either oppressive or empowering limits our understanding of its possibilities She considers the dynamic aspects of feminine embodiment that cannot simply be understood in terms of gender normativity and negotiates a path between understanding both the attachments people hold to particular gender identities and styles and recognising the punitive realities of dominant gender norms and expectations Topics covered range from second wave feminist critiques of beauty culture to the importance of hair in queer femme presentation This book offers students and researchers of Gender Queer and Sexuality Studies a fresh new take on the often troubled relationship between feminism and femininity a critical but generous reading that highlights the potential for an affirmative orientation that is not confined

by the demands of identity politics Good Sexual Citizenship Ellen Friedrichs, 2019-09-24 Most of us want to be decent people in the world Yet when it comes to sex we so often stumble and contribute to sexual injustice Think about it are we really still blaming victims of sexual assaults Can it truly be that there is a gender based orgasm gap Are we actually labeling people based on the kind of sex they do or don't have Why do we insist on questioning if sex is consensual when someone's passed out drunk Our society is undergoing an evolution and we should take this as a call to action to ensure that all people regardless of gender identity sexual orientation ability age ethnicity race religion or social class are treated as humans worthy of respect Good Sexual Citizenship asks us all to break down sexual hostility and build up something better To promote understanding and empathy Friedrichs includes a factual and historical backdrop covering gender disparities women's rights sexual violence prevention and sex education and challenges readers to use this insight along with guided exercises to examine their own potential for good sexual citizenship Covering topics like consent sexual assault pleasure double standards casual sex hook up culture and teen sex she provides us with tools to navigate societal messages sexually hostile climates stereotypes and outdated mentalities Courting Disaster Zoë McGee, 2025-11-04 What do MeToo and Jane Austen have in common More than you might think Ever since the novel was invented women have used it as a platform for sharing ideas about sexual consent Dr Zo McGee reveals how Jane Austen Frances Burney and their now overlooked contemporaries used their stories to try to change society's mind about rape culture and to reassure survivors they were not alone Courting Disaster takes a timely deep dive into a series of classic novels comparing them with both historic court records and current events to show that our arguments about consent are not a new phenomenon With the wit and wryness of a courtship novel McGee reads between the lines to unveil a quiet feminist movement that still resonates today Because every novel about marriage is also a novel about consent In an era that's clamouring for a return to the values of the past Courting Disaster asks what that would really mean and whether anyone actually liked it back then anyway Worlds Seen in Passing Jeff VanderMeer, N. Inequality Mary Evans,2017-05-23 Despite centuries of campaigning women still earn less and have less power than men Equality remains a goal not yet reached In this incisive account of why this is the case Mary Evans argues that optimistic narratives of progress and emancipation have served to obscure long term structural inequalities between women and men structural inequalities which are not only about gender but also about general social inequality In widening the lenses on the persistence of gender inequality Evans shows how in contemporary debates about social inequality gender is often ignored implicitly side lining critical aspects of relations between women and men This engaging short book attempts to join up some of the dots in the ways that we think about both social and gender inequality and offers a new perspective on a problem that still demands society s full attention *Digital Politics in Canada* Tamara A. Small,Harold J. Jansen,2020-10-21 The increased use of digital politics by citizens groups and governments over the last 25 years carried the promise of

transforming the way politics and government was practiced This book looks at Canadian political practice and the reality of the political process against those early promises *The Politics of Third Wave Feminisms* E. Evans, 2015-04-08 The past twenty years have witnessed a renewal of interest in feminist activism on both sides of the Atlantic In part this has been a response to neoliberal and neoconservative attacks both implicit and explicit on the gains made by feminists during the 1960s and 70s This study adds a comparative dimension to the ongoing analysis of feminism and feminist activism by mapping analysing and theorising third wave feminisms in the US and Britain A key addition to Gender and Politics literature it explores third wave feminisms by situating them within a specific political context neoliberalism and in relation to feminist theories of intersectionality both of which present radical opportunities and practical challenges for feminism and the feminist movement Elizabeth Evans is Lecturer in Politics at the University of Bristol Her research focuses on gender and politics including engagement with formal processes and political activism She has published widely on aspects of feminism gender and politics and her previous book *Gender and the Liberal Democrats* was published in 2011

Rape Mithu Sanyal, 2019-05-14 A bold honest and unflinching look at the way we talk and think about rape Thanks to Title IX cases MeToo and Times Up the issue of rape seems to be constantly in the news But our thinking on the subject has a long history one that cultural critic Mithu Sanyal elegantly reconstructs She narrates a history spanning from Lucretia whose legendary rape and suicide was said to be the downfall of the last Roman king to second wave feminism Tarzan and Roman Polanski Sanyal demonstrates that the way we understand rape is remarkably and alarmingly consistent across the ages even though the world has changed beyond recognition It is high time for a new and informed debate about sexual violence sexual boundaries and consent Mithu Sanyal shows that our comprehension of rape is closely connected to our understanding of sex sexuality and gender Why is it that we expect victims to be irreparably damaged When we think of rapists why do we think of strangers rather than uncles husbands priests or boyfriends And in the era of MeToo what should justice look like *Rape From Lucretia to MeToo* examines the role of race and the recurrent image of the black rapist the omission of male victims and what we mean when we talk about rape culture Sanyal takes on every received opinion we have about rape arguing with liberals conservatives and feminists alike

Intersections of Gender, Class, and Race in the Long Nineteenth Century and Beyond Barbara Leonardi, 2018-12-29 This book explores the intersections of gender with class and race in the construction of national and

imperial ideologies and their fluid transformation from the Romantic to the Victorian period and beyond exposing how these cultural constructions are deeply entangled with the family metaphor For example by examining the re signification of the angel in the house and the deviant woman in the context of unstable or contingent masculinities and across discourses of class and nation the volume contributes to a more nuanced understanding of British cultural constructions in the long nineteenth century The central idea is to unearth the historical roots of the family metaphor in the construction of national and imperial ideologies and to uncover the interests served by its specific discursive formation The book explores both male and female stereotypes enabling a more perceptive comparison enriched with a nuanced reflection on the construction and social function of class

Unruly Rhetorics Jonathan Alexander, Susan C. Jarratt, Nancy Welch, 2018-10-26 What forces bring ordinary people together in public to make their voices heard What means do they use to break through impediments to democratic participation Unruly Rhetorics is a collection of essays from scholars in rhetoric communication and writing studies inquiring into conditions for activism political protest and public assembly An introduction drawing on Jacques Rancière and Judith

Butler explores the conditions under which civil discourse cannot adequately redress suffering or injustice. The essays offer analyses of unruliness in case studies from both twenty first century and historical sites of social justice protest. The collection concludes with an afterword highlighting and inviting further exploration of the ethical, political and pedagogical questions unruly rhetorics raise. Examining multiple modes of expression embodied, print, digital and sonic, *Unruly Rhetorics* points to the possibility that unruliness more than just one of many rhetorical strategies within political activity is constitutive of the political itself.

Austerity as Public Mood Kirsten Forkert, 2017-09-20. *Austerity as Public Mood* explores how politicians and the media mobilise nostalgic and socially conservative ideas of work and community in order to justify cuts to public services and create divisions between the deserving and undeserving. It examines the powerful appeal of these concepts as part of a wider public mood marked by guilt, nostalgia and resentment, particularly around the inequalities produced by global capitalism and changes to the nature of work. In doing so, the book engages with urgent questions about the contemporary political climate. Focusing on the UK, it challenges accounts of neoliberalism which frame it as primarily an individualising force and localist definitions of community as mitigating its damaging effects. Finally, it explores how resistance to austerity can challenge these tendencies by offering a politics of solidarity and hope and a forum for experimentation with alternative forms of collectivity.
