International Histories of Psychological Assessment Sumaya Laher, 2022-08-11 This book brings together expert research on the history of psychological assessment across the continents and spanning over 50 countries **Higher Education and Capacity Building in Africa** Hanne Kirstine Adriansen, Lene Madsen, Stig Jensen, 2015-11-06 Higher education has recently been recognized as a key driver for societal growth in the Global South and capacity building of African universities is now widely included in donor policies The question is how do capacity building projects affect African universities researchers and students Universities and their scientific knowledges are often seen to have universal qualities therefore capacity building may appear straight forward Higher Education and Capacity Building in Africa contests such universalistic notions Inspired by ideas about the geography of scientific knowledge it explores what role specific places and relationships have in knowledge production and analyses how cultural experiences are included and excluded in teaching and research Thus the different chapters show how what constitutes legitimate scientific knowledge is negotiated and contested In doing so the chapters draw on discussions about the hegemony of Western thought in education and knowledge production The authors own experiences with higher education capacity building and knowledge production are discussed and used to contribute to the reflexive turn and rise of auto ethnography This book is a valuable resource for researchers and postgraduate students in education development studies African studies and human geography as well as anthropology and history Agriculture, Rural Development, Food and Drug Administration, and Related Agencies Appropriations for 2015 United States. Congress. House. Committee on Appropriations. Subcommittee on Agriculture, Rural Development, Food and Drug Administration, and Related Agencies, 2014 **Indus River Basin** Sadiq I. Khan, Thomas E. Adams, 2019-01-12 Indus River Basin Water Security and Sustainability provides a comprehensive treatment of water related issues within the Indus River basin Each chapter is written by an expert in the field hence this book serves as a single holistic source covering the whole region not just a single country Many of the challenges faced by this region are trans boundary issues especially within the context of climate change and water scarcity Topics covered include extreme engineering and water resource management one of the largest irrigation systems in dry to semi desert conditions social sciences population dynamics linked to water resources and political sciences As such this book is relevant and important to all researchers interested in these issues Includes detailed chapters provided by specialists in each different field as compiled by well experienced editors Presents work from related fields across the Indus basin and makes them easily accessible on one single place Shows the Indus River as a type case and shares issues relevant to other locations across the world **Doctoral Supervision in Southern Africa** Kakoma Luneta, Jennie Golding, Hileni M. Kapenda, Patricia Phiri Nalube, 2024-01-01 This book offers a unique perspective on doctoral supervision in southern Africa showcasing the potential of scholarly reflection The aim is to share the benefits with a wider audience catalyzing the use of scholarly literature in global doctoral supervision By drawing on the field s literature it fosters informed

and systematic reflection to transform supervision With a focus on deep development and affordability this book presents a model that enhances the quality of doctoral graduates It builds on collaborative work and analysis of supervision experiences engaging with key literature and exploring facets of practice Through personal exemplifications authors highlight complexities and commonalities across cultural contexts inspiring systematic improvement in supervision A valuable resource for academics researchers and practitioners involved in doctoral supervision this book provides evidence based insights and creative approaches to pedagogy It encourages the systematic enrichment of doctoral supervisors worldwide

People, Places, and Mathematics Thomas Ward, 2023-10-31 This memoir chronicles the journey of an academic tracing a path from primary school in Zambia to a career in higher education as a mathematician and educational leader Set against the backdrop of the 20th century the book explores how early influences and historical events shape an individual's life and professional trajectory The author shares childhood experiences across three parts of Africa providing an original perspective as a witness to the post colonial period Through personal reflections the memoir delves into the emergence of ideas and collaborations in mathematics and how these shape career choices It also offers candid observations on the major changes in British higher education since the 1980s Intended for a general audience this book provides a compelling read for anyone interested in the experience of becoming a mathematician and higher education in general Urban Planning

Education Andrea I. Frank, Christopher Silver, 2017-06-26 This book examines planning education provision and approaches globally through a comparative and longitudinal perspective It explores the emergence of planning education in the 20th century with its rich variation and yet a remarkable degree of cross fertilization Each of the sections of the book is framed by an overview essay which has been prepared by the editors to provide the reader with a critical exposure to relevant scholarship drawing on the detailed case studies and exploratory essays on key issues in planning education The first part of this volume focuses on the emergence of planning education programs in the twentieth century as a way to understand the current planning education environment Then we explore how education in urban regional and spatial planning has developed in different ways in different countries and continents The final part of this volume aims to envision how planning can adapt and develop to remain relevant to the development of human environments in the 21st century Urban planning education has become a pervasive practice throughout the world as urbanization and development pressures have increased over the past half century and as demand increased for professional trained experts to guide those processes The approaches vary widely based in part upon the discipline from which the planning program developed as well as the context specific challenges within the country or region where the program resides *Curriculum Development and Evaluation*, 2024-12-30 Much has been written about successful curricula for of the fourth Fifth Industrial Revolution 4 5IR The written work has been dominated by a contestation between content driven approaches professional needs and outcomes driven approaches societal needs The contestation between these approaches misses the production of conclusive curriculum components that

underpin a successful digitalised curriculum for of the 4 5IR The contestation further misses a pragmatic curriculum which is capable of addressing individual unique needs As such this book concentrates on curriculum components that underpin a successful digitalised curriculum for of the 4 5IR It further discusses curriculum components for of a pragmatic curriculum that harmonises between the two dominating approaches Contributors are Bongani Boy Dlamini Reuben S Dlamini Terrie Jwan Sella Simon Bhukumuzi Khoza Dumisa C Mabuza Makhulu A Makumane Dumsani W Mncube Cedric Bheki Mpungose Sandile Ngcobo Makhosazana E Shoba and Lerato Hlengiwe Sokhulu

For God's Sake Ambi Parmeswaran (Foreword by Amish Tripathi), 2015-04-01 An adman constantly strives to connect market research data to insight on a winning campaign Ambi Parmeswaran has developed a fascination for how Indians are getting more religious but also more consumption driven Combining his thirty year experience as an adman with a lifelong passion for religious studies Ambi seeks to answer questions like Why has the bindi disappeared from advertisements How did Akshaya Trithaya become such a big deal What makes Lord Shiva so cool How did a Chennai based department store start the New Year s Sale phenomenon Are Muslims more open minded shoppers Why do people who have no interest in using an MBA degree still get an MBA degree How did the Manusmriti do a disservice to Hindu women What can Harvard Business School learn from the Kumbh Mela Ambi has filled this book with personal stories anecdotes lessons and excerpts from research and other publications This book is a treat for anyone interested in how religion has evolved and how clever marketers have ridden the wave by tailoring their products and services

Partnership Between Universities in Japan and South Africa T. Maki, T.S. Mashau, C.C. Wolhuter, Cross border partnerships are increasingly important for higher education in the twenty first century While virtually all universities in the world in their pursuit of internationalisation strive to enter into partnerships with universities abroad there is no synthesis of literature on the many case studies on such partnerships or the various models of international partnership to guide such activities The purpose of this book is to fill this lacuna and to serve as a frame for the chapters and discussions in the rest of the volume
