Jean-Anne Sutherland,Kathryn Feltey,2012-04-17 Cinematic Sociology is a one of a kind resource that helps students recognize and critique sociological concepts as they appear in blockbuster Hollywood films In addition it provides pedagogy for instructors who use film in their classes In this engaging text the authors take readers beyond watching movies and demonstrate how to read films sociologically In the process students are exposed to major substantive areas of sociology and encouraged to critically think about their social world The book s 27 essays from expert scholars in sociology and cultural studies explore the ways social life is presented distorted magnified or politicized in popular film The Literary Filmography Leonard Mustazza,2006-05-17 From the very infancy of the film industry filmmakers have relied heavily upon literature as the foundation for their movie material Well known literary works such as Dickens s A Christmas Carol and Hawthorne s The Scarlet Letter were adapted to film in the silent era as were such books as Thomas Dixon s Jr s The Klansman basis for the film Birth of a Nation In recent years Nick Hornsby s About a Boy and each of Helen Fielding s Bridget Jones s Diary novels were the basis for popular movies bearing the same names A guide to English language works that have been adapted as theatrical and television films this volume includes books both fiction and non fiction short stories newspaper and magazine articles and poems Entries are arranged alphabetically by literary title with cross listings for films made under different titles Each entry includes the original work s title author year of first publication literary prizes and a brief plot summary Information on film adaptation s of the work including adaptation titles director screenwriter principal cast and the names of the characters they portray major awards and availability in the most common formats DVD VHS is also offered **From Martyrs to Murderers** Robert L. Dahlgren,2017-04-13 In From Martyrs to Murderers the author explores the connections between the dark unflattering representations of public schools teachers and teaching in popular Hollywood films and the conservative attacks on public education that have culminated in a generation of neo liberal standards reform measures The author s analysis is based on a survey of 60 movies that feature significant interactions between public school teachers and their students This study employed a textual analysis method involving viewing the films alongside original script material which reveals that the narratives involving public schools during the late 20th century and early 21st century are distinct from those involving other types of schools or eras Rather than the romantic figures of earlier portraits such as Eve Arden s beloved Our Miss Brooks in the 1940s and 1950s radio and television serial these teachers are consistently portrayed as negative archetypes thus providing a rationale for the school reform agenda of the 1980s The sheer repetition of these damaging images in Hollywood products of the period made the American public more susceptible to the deceptive arguments outlined in A Nation at Risk the seminal 1983 report that provided the blueprint for the standards reform movement that has dominated education policy for the past generation This work thus develops upon the critical perspectives of educational historians and social studies educators who have probed this turning point in the history of

American schooling It also offers an alternative means of viewing the reality of life in the nation s public institutions
