

A photograph of the University of Pennsylvania campus. In the foreground, a large, ornate Gothic-style building with many windows and a central tower is visible. In front of the building, there is a statue of a person on a pedestal. The scene is framed by a dark blue, wavy-edged border on the right side. The text "UNIVERSITY OF PENNSYLVANIA" is overlaid in large, white, bold, sans-serif capital letters.

Upenn Supplement Essay 2014

Mark S. Aidoo

Upenn Supplement Essay 2014:

Aristotle's Political Terminology J. J. Mulhern, 2025-10-01 Comprehensive examination of the different senses in which Aristotle uses a group of the most important expressions in his political writings with the aim of making possible a firmer understanding of his positions Aristotle's Political Terminology offers a fresh approach to Aristotle's political thought by examining the language he uses in a more complete way than was possible before the appearance of the *Thesaurus Linguae Graecae* It allows the reader to see clearly the difficulty scholars have had in commenting on and translating Aristotle's political works which often ends in sharp differences among scholars who approach Aristotle with differing prior philosophical political historical or ideological commitments The book addresses eleven words and cognates or phrases that are fundamental to understanding Aristotle's text many of them related to one another They include the Greek expressions often translated and sometimes mistranslated by nature property constitution and ideal Helpful in teaching both undergraduate and graduate students this work gives examples of Aristotle's uses of an expression in a defined universe as in the case of the 522 occurrences in the *Politics* alone of the word often rendered by constitution to give a flavor for how Aristotle might be read to avoid misimpressions These examples sometimes are accompanied by tabular worksheets so that readers may check the author's work more easily Further the pages use transliteration in the main text with a few mandatory exceptions as in quoted titles of articles so that readers whose Greek is not strong can follow the argument the Greek text is provided in footnotes

Appealing Because He Is Appalling Tamari Kitossa, 2021-07-02 This collection invites us to think about how African descended men are seen as both appealing and appalling and exposed to eroticized hatred and violence and how some resist accommodate and capitalize on their eroticization Drawing on James Baldwin and Frantz Fanon the contributors examine the contradictions paradoxes and politico psychosexual implications of Black men as objects of sexual desire fear and loathing Kitossa and the contributing authors use Baldwin's and Fanon's cultural and psychoanalytic interpretations of Black masculinities to demonstrate their neglected contributions to thinking about and beyond colonialist and Western gender and masculinity studies This innovative and sophisticated work will be of interest to scholars and students of cultural and media studies gender and masculinities studies sociology political science history and critical race and racialization Foreword by Tommy J Curry Contributors Katerina Deliovsky Delroy Hall Dennis O Howard Elishma Khokhar Tamari Kitossa Kemar McIntosh Leroy F Moore Jr Watufani M Poe Satwinder Rehal John G Russell Mohan Siddi

The Future of American Higher Education Joseph L. DeVitis, 2023-07-03 This impressive anthology presents the reader with an introduction to a gallery of public intellectuals through the critical eyes of a wide array of contributing writers from various academic fields Both the latter and the public intellectuals themselves are responding to the state of American higher education Importantly most of them there are a few public intellectuals in the book who cling closer to the status quo do not separate colleges and universities from the political economic and social currents of American society They attack the

realities of growing social inequality the intractable presence of institutional racism and the recurrent reliance on the free market as the arbiter of value Public intellectuals assess the impact of these social factors on the organization and practices of contemporary American higher education They force the reader to consider serious challenges to the current arrangement of higher learning and as such they ask us to assess the efficacy of their respective perspectives Do they present the reader with insight or idealism pathways or dead ends This compendium provides an abundance of ideas for higher education leaders policy makers faculty members trustees and governmental officials as well as social theorists and graduate students interested in higher education careers Richard Guarasci President Emeritus of Wagner College Just as our society is polarized higher education is no less divided as to its mission and purpose whether it should be preparing students for employment or for engagement as citizens whether it should be corporatist and profit driven or promote intellectual curiosity and independent thinking and whether it should pursue a neoliberal agenda or promote a liberal education Whose scholarship culture and epistemologies should be validated Should it be a private or a public good Preserve tenure or erode it What role should colleges and universities play in addressing economic inequality and systemic racism The answers to these questions are critical for the future of our society as our universities and colleges are the nurseries of the values and philosophies that shape it The chapters in this book review the contributions of seventeen public intellectuals who have been at the forefront of these issues and significantly contributed to these debates Each describes the genesis of each scholar's ideas and presents and critiques his or her core insights and arguments The seventeen public intellectuals represent a spectrum of opinion from the conservative to the progressive At this pivotal moment when much of higher education is in economic crisis and public trust in it has been eroded this book offers a robust entry point for considering the options and directions ahead for anyone in a leadership position The book will also be valuable for higher education courses to stimulate debate about these critical issues and introduce readers to the seminal thinkers in the field Public Intellectuals Presented Stanley Aronowitz Michael B. Ruben Marc Bousquet Patricia Hill Collins Lori Patton Davis William Deresiewicz Stanley Fish Marybeth Gasman Henry Giroux Sara Goldrick Rabb Amy Gutmann Russell Jacoby Randall Kennedy David Kirp David F. Labaree Christopher Newfield Michael Roth

Global Milton and Visual Art Angelica Duran, Mario Murgia, 2021-03-18 *Global Milton and Visual Art* showcases the aesthetic appropriation and reinterpretation of the works and legend of the early modern English poet and politician John Milton in diverse eras regions and media book illustrations cinema digital reworkings monuments painting sculpture shieldry and stained glass It innovates an inclusive approach to Milton's literary art especially his masterpiece *Paradise Lost* in global contemporary aesthetics via intertextual and interdisciplinary relations The fifteen purposefully brief chapters 103 illustrations and 64 supplemental web images reflect the great richness of the topics and the diverse experiences and expertise of the contributors Part I Panoramas provides overviews and key contexts Part II Cameos offers different perspectives of the varied afterlives of the most widely circulating illustrations of *Paradise Lost* those by Gustave Doré Part III

Textual Close ups focuses on a rich variety of book illustrations from centuries old elite engravings to a twenty first century graphic novel and Part IV A Prospect beyond Books explores visual media outside of books that manifest powerful connections direct and indirect with Milton s works and legend **In the Garden of the Gods** Eva

Anagnostou-Laoutides,2016-07-07 Examining the evolution of kingship in the Ancient Near East from the time of the Sumerians to the rise of the Seleucids in Babylon this book argues that the Sumerian emphasis on the divine favour that the fertility goddess and the Sun god bestowed upon the king should be understood metaphorically from the start and that these metaphors survived in later historical periods through popular literature including the Epic of Gilgame and the Enuma Eli The author s research shows that from the earliest times Near Eastern kings and their scribes adapted these metaphors to promote royal legitimacy in accordance with legendary exempla that highlighted the role of the king as the establisher of order and civilization As another Gilgame and later as a pious servant of Marduk the king renewed divine favour for his subjects enabling them to share the Garden of the Gods Seleucus and Antiochus found these cultural ideas as they had evolved in the first millennium BCE extremely useful in their efforts to establish their dynasty at Babylon Far from playing down cultural differences the book considers the ideological agendas of ancient Near Eastern empires as having been shaped mainly by class rather than race minded elites African American Literature of the Twenty-First Century and the Black Arts

Stephen Casmier,2021-06-24 For nearly 50 years a trend in African American literary history quarantined the Black Arts era of the 1960s and 1970s separating it from the brilliantly creative and aesthetically experimental writing that took off in the 1980s According to that history the new literature discarded and distanced the anti aesthetic posture of the Black Arts moment which emphasized racial tension strident polemics and romantic solidarity with the Black underclass Yet according to the author the six novels that John Edgar Wideman wrote from 1987 to 2017 complicate this reductive characterization of the black arts They overflow with the criminal element accused rapists and murderers victims of unsanctioned lynching and sanctioned executions As they engage in aesthetic experimentation they express continuities with a spirit of restless invention and improvisation that derive from an ongoing engagement with African or Black Atlantic cosmology They thus enable reassessment of the black arts legacy entering the world on their own terms producing their own reality and working through the black arts notion of functional art They are the result of a magical Black Atlantic craft that brings writing beyond written representation transforming the novel itself into a functional tool a charm of protection and healing **Hrafinkel Or**

the Ambiguities William Ian Miller,2017 William Ian Miller presents a close reading of one of the best known of the Icelandic sagas showing its moral political and psychological sophistication His account of this complex and nuanced saga corrects simplistic readings which have governed interpretation of the saga in the past **The Life of Words** David-Antoine Williams,2020-05-07 For centuries investigations into the origins of words were entwined with investigations into the origins of humanity and the cosmos With the development of modern etymological practice in the nineteenth century however many

cherished etymologies were shown to be impossible and the very idea of original true meaning asserted in the etymology of etymology declared a fallacy Structural linguistics later held that the relationship between sound and meaning in language was arbitrary or unmotivated a truth that has survived with small modification until today On the other hand the relationship between sound and meaning has been a prime motivator of poems at all times throughout history The Life of Words studies a selection of poets inhabiting our Age of the Arbitrary whose auditory semantic sensibilities have additionally been motivated by a historical sense of the language troubled as it may be by claims and counterclaims of fallacy or true meaning Arguing that etymology activates peculiar kinds of epistemology in the modern poem the book pays extended attention to poems by G M Hopkins Anne Waldman Ciaran Carson and Anne Carson and to the collected works of Geoffrey Hill Paul Muldoon Seamus Heaney R F Langley and J H Prynne

Vampire Films Around the World James Aubrey, 2020-10-23 Vampires are arguably the most popular and most paradoxical of gothic monsters life draining yet passionate feared yet fascinating dead yet immortal Vampire content produces exquisitely suspenseful stories that combined with motion picture filmmaking reveal much about the cultures that enable vampire film production and the audiences they attract This collection of essays is generously illustrated and ranges across sixteen cultures on five continents including the films *Let the Right One In* *What We Do in the Shadows* *Cronos* and *We Are the Night* among many others Distinctly different kinds of European vampires have originated in Ireland Germany Sweden and Serbia North American vampires are represented by films from Mexico Canada and the USA Middle Eastern locations include Tangier Morocco and a fictional city in Iran South Asia has produced Bollywood vampire films and east Asian vampires are represented by films from Korea China and Japan Some of the most recent vampire movies have come from Australia and New Zealand These essays also look at vampire films through lenses of gender post colonialism camp and otherness as well as the evolution of the vampiric character in cinema worldwide together constituting a mosaic of the cinematic undead

Legal Education in the Global Context Christopher Gane, Robin Hui Huang, 2017-05-15 This book discusses the opportunities and challenges facing legal education in the era of globalization It identifies the knowledge and skills that law students will require in order to prepare for the practice of tomorrow and explores pedagogical shifts legal education needs to make inside and outside of the classroom With contributions from leading experts on legal education from various jurisdictions across the globe the work combines theoretical depth with practical insights Seeking to understand the changing landscape of legal education in the era of globalization the contributions find that law schools can and must adopt educational strategies that at least present students with different understandings of what studying and practicing law is meant to be about They find that law schools need to offer their students choices a vision of practice that is not driven entirely by the demands of the marketplace or the needs of major international law firms Bridging the gap between theory and practice this book makes a significant contribution to the impact of globalization on legal education and how students and law schools need to adapt for the future It will be of great interest

to academics and students of comparative legal studies and legal education as well as policy makers and practitioners

The First Chapters Charles E. Hill, 2022-01-11 The First Chapters uncovers the origins of the first paragraph or chapter divisions in copies of the Christian Scriptures Its focal point is the magnificent fourth century Codex Vaticanus Vat gr 1209 B 03 perhaps the single most significant ancient manuscript of the Bible and the oldest material witness to what may be the earliest set of numbered chapter divisions of the Bible The First Chapters tells the history of textual division starting from when copies of Greek literary works used virtually no spaces marks or other graphic techniques to assist the reader It explores the origins of other numbering systems like the better known Eusebian Canons but its theme is the first set of numbered chapters in Codex Vaticanus what nineteenth century textual critic Samuel P Tregelles labelled the Capitulatio Vaticana It demonstrates that these numbers were not as most have claimed late additions to the codex but belonged integrally to its original production The First Chapters then breaks new ground by showing that the Capitulatio Vaticana has real precursors in some much earlier manuscripts It thus casts light on a long continuous tradition of scribally placed visual guides to the reading and interpreting of Scriptural books Finally The First Chapters exposes abundant new evidence that this early system for marking the sense divisions of Scripture has played a much greater role in the history of exegesis than has previously been imaginable

Real World Psychology Catherine A. Sanderson, Karen R. Huffman, 2019-12-24 Real World Psychology balances comprehensive coverage of the key concepts in introductory psychology with a concise presentation style and engages students with current and interesting research that explores these concepts in real life contexts Real World Psychology features the incomparable author team of Karen Huffman Palomar College and Catherine Sanderson Amherst College who create an outstanding text that is appealing to students and instructors at a wide range of academic institutions The new edition has been thoroughly updated and features a new focus on Scientific Thinking and Practical Applications underscoring the fact that connecting the principles of psychological science to everyday life is critical to student engagement and ultimately key to their success not only in the introductory psychology course but in whatever their chosen field of study and in everyday life Students will leave the course with an appreciation of how a basic yet scientific understanding of human behavior can benefit them in their studies in their personal lives and in their professional endeavors

Aspectuality and Temporality Zlatka Guentchéva, 2016-03-09 This volume brings together a collection of articles exploring tense and aspect phenomena in a variety of non related languages Indo European Albanian Bulgarian Armenian English Norwegian Hindi Hamito Semitic Berber Zenaga Berber Arabic varieties Neo Aramaic African Wolof Langi Asian Badaga Korean Mongolian languages Khalkha Buriat Kalmuck Tha Tibetic languages Amerindian Yucatec Maya Sikuan Greenlandic Eskimo and Oceanian N l mwa Each article is grounded in solid empirical knowledge It offers an in depth study of aspectual and temporal devices as manifested in many diverse and complex ways from a cross linguistic perspective and seeks to contribute to our understanding of the domain under consideration and more broadly to linguistic typology and

theoretical linguistics especially the enunciative approach The book gives readers access to a collection of data and is of particular interest to scholars working on aspectuality and temporality on pragmatics on areal linguistics and on typology

Jesus Skeptic John S. Dickerson, 2019-10-15 Can we know if Jesus actually lived Have Jesus's followers been a force for good or evil in history A respected journalist set out to find the answers not from opinion but from artifacts The evidence led him to an unexpected conclusion Jesus really existed and launched the greatest movement for social good in human history A first of its kind book for a new generation Jesus Skeptic takes nothing for granted as it explores whether Jesus actually lived and how his story has changed our world You'll learn what heroes like Martin Luther King Jr and Harriet Tubman believed about Jesus discover how Jesus inspired women's rights education rights and modern hospitals see visual proofs of Jesus's impact never before compiled in one place be inspired to continue Jesus's fight for human rights justice and progress Jesus Skeptic unveils convincing physical evidence that will enlighten seekers skeptics and longtime Christians alike In a generation that wants to make the world a better place we can discover what humanity's greatest champions had in common a Christian faith

Modernity in Women's Poetry, 1895-1922 Sarah Parker,2024-02-29 While W B Yeats's influential account of the Tragic Generation claims that most fin de siècle poets died or at least stopped writing shortly after 1900 this book explodes this narrative by attending to the twentieth century poetry produced by women poets Alice Meynell Michael Field Katharine Bradley and Edith Cooper Dollie Radford and Katharine Tynan While primarily associated with the late nineteenth century these poets were active in the twentieth century but their later writing is overlooked in modernist dominated studies partly due to this poetry's adherence to traditional form This book reveals that these poets far from being irrelevant to modernity used these established forms to address contemporary concerns including suffrage sexuality motherhood and the First World War The chapters focus on Meynell's manipulations of metre to contemplate temporality and literary tradition Michael Field's use of blank verse to portray the conflicted modern woman Radford's adaptation of the aesthetic song like lyric to tackle the experience of the city urban crime and suffrage and Tynan's employment of the ballad to soothe bereaved mothers during the First World War This book ultimately shows that traditional forms played a vital role in shaping mature women poets responses to modernity illuminating debates about form tradition and gender in twentieth century poetry *New Frontiers*

in Corpus Based Studies of Persian Mehrdad Vasheghani Farahani,Zahra Ghane,2025-10-20 In the rapidly evolving field of language studies this book offers a groundbreaking application of Corpus Linguistics to Persian a language that has long been underrepresented in corpus based research Through a systematic analysis of linguistic data the work explores the structural and functional dimensions of Persian uncovering key trends in grammar lexical usage and sociolinguistic variation By employing corpus driven methodologies it sheds light on the dynamic evolution of the language providing deep insights into both contemporary usage and historical change This book serves as a valuable resource for researchers and linguists with a designated interest in the application of Corpus Linguistics to Persian It runs the gamut from syntax and semantics to digital humanities and translation studies offering both depth and breadth in linguistic inquiry By addressing a significant gap in the Persian language research the edited volume comes to offer a fresh perspective on how corpus based approaches can illuminate the dynamic nature of language and broaden our understanding of its use across contexts **Friendship in**

the Book of Job Mark S. Aidoo,2024-11-07 Friendship is an important aspect of human society and a virtue that lies at the

heart of sub Saharan African societies This study explores the art of friendship in the book of Job and how it resonates in the sub Saharan African setting As a wisdom tradition the story offers a critique of friendship and of appropriate action with reference to particular circumstances institutions and persons showing how the speeches actions and inactions of the characters inform friendship identities Readers are exposed to proverbs parables and sayings from African communities which show the richness of African culture and ethos The similarities and differences between Western and African traditional worldviews and views of friendship come out clearly in the communal values of relatedness loyalty collaboration empowerment and goodwill
