Spirituality: An Interdisciplinary View Jennifer Mata-McMahon, Tihana Kovač, Grace Grace, 2019-01-04 This volume was first published by Inter Disciplinary Press in 2016 Even though spirituality can be considered as an innate human potential one which all are capable of experiencing and developing it has proven quite difficult to define among scholars This volume presents various takes and uses of spirituality looking into describing what it means together with considering applications of spirituality as a healing measure and practice Also spirituality's presence in the world around us in the form of nature mandalas and world soul is presented in this volume As well as spiritual aspects of literary pieces with rich analysis of story lines and characters tied back to spiritual parallelism and connotations This volume represents an interdisciplinary view on spirituality and the various uses this ephemeral term has in different fields of scholarship it represents a synopsis of the current interesting views scholars researchers and practitioners have on spirituality and matters of the spiritual realm

Enhancing Nurses' and Midwives' Competence in Providing Spiritual Care Wilfred McSherry, Adam Boughey, Josephine Attard, 2021-05-18 This book is the first of its kind addressing key issues in the teaching and learning of spirituality and spiritual care in the context of nursing and midwifery practice The content is based on the outcomes of a European wide project EPICC that brought together leading nursing and midwifery educators and practitioners from 21 countries It highlights the importance of ensuring student nurses and midwives receive sufficient educational preparation to provide spiritual person centred care In turn the book puts forward an innovative and creative

approach to the teaching of spiritual person centred care based on an evaluation of best practice across Europe The content and activities presented will enable nursing and midwifery educators to acquire new knowledge skills for learning about and teaching on the personal religious and spiritual aspects of person centred care Both interactive and engaging it will equip nursing and midwifery students to holistically address the needs of the people they care for The book has the potential to transform the nursing and midwifery workforce of the future by ensuring they are prepared to face the global challenges that are impacting international nursing and midwifery practice

Palliative Care Nursing Marianne Matzo, Marianne L. Matzo, Deborah Witt Sherman, 2018-06-28 This 5th edition is an important achievement it is a symbol of commitment to the field of palliative nursing where we have been and where we are going Betty Rolling Ferrell PhD MA FAAN FPCN CHPN

From the Foreword The aging population has only grown since the first edition of this comprehensive and seminal publication nearly 20 years ago Based on the need to humanize rather than medicalize the illness experience for patients this text delves into palliative care beyond the specific diseases affecting the patient Instead content focuses on the whole person and family Palliative patients struggle with chronic debilitating and painful conditions and grapple with the fact that life as they knew it has already passed away Families and friends reciprocally suffer not knowing how to help and therefore become the secondary victims of the disease This is not the challenge of a lone nurse or a single physician therapist or social worker Rather palliative and hospice care requires the expertise and unique roles of an interprofessional team to help the patient and family strengthen their resilience continue to find meaning and purpose in life and cure what can be cured Palliative Care Nursing Fifth Edition delivers advanced empirical aesthetic ethical and personal knowledge This new edition brings an increased focus on outcomes benchmarking progress and goals of care It expounds upon the importance of the cross disciplinary collaboration introduced in the previous edition Every chapter in Sections I II and III includes content written by a non nursing member of the interprofessional team Based on best evidence and clinical practice guidelines this text presents comprehensive targeted interventions responsive to the needs of palliative and hospice patients and family Each chapter contains compassionate timely appropriate and cost effective care for diverse populations across the illness trajectory Key Features The expanded new edition offers current comprehensive one stop source of highly relevant clinical information on palliative care Life span approach age appropriate nursing considerations e g geriatric pediatric and family Includes disease specific and symptom specific nursing management chapters Promotes a holistic and interdisciplinary approach to palliative care Offers important legal ethical and cultural considerations related to death and dying Case Studies with Case Study Conclusion in each clinical chapter New to The Fifth Edition An expanded chapter on Palliative Care incorporates most up to date scope and standards information on Basic and Advanced HPNA certification self reflection and self care for nurses A chapter on Interprofessional Collaboration Instructor Resources Power points and Test bank
