Conspiracy Ryan Holiday,2018-02-27 An NPR Book Concierge Best Book of 2018 A stunning story about how power works in the modern age the book the New York Times called one helluva page turner and The Sunday Times of London celebrated as riveting an astonishing modern media conspiracy that is a fantastic read Pick up the book everyone is talking

about In 2007 a short blogpost on Valleywag the Silicon Valley vertical of Gawker Media outed PayPal founder and billionaire investor Peter Thiel as gay Thiel s sexuality had been known to close friends and family but he didn t consider himself a public figure and believed the information was private This post would be the casus belli for a meticulously plotted conspiracy that would end nearly a decade later with a 140 million dollar judgment against Gawker its bankruptcy and with Nick Denton Gawker s CEO and founder out of a job Only later would the world learn that Gawker s demise was not incidental it had been masterminded by Thiel For years Thiel had searched endlessly for a solution to what he d come to call the Gawker Problem When an unmarked envelope delivered an illegally recorded sex tape of Hogan with his best friend s wife Gawker had seen the chance for millions of pageviews and to say the things that others were afraid to say Thiel saw their publication of the tape as the opportunity he was looking for He would come to pit Hogan against Gawker in a multi year proxy war through the Florida legal system while Gawker remained confidently convinced they would prevail as they had over so many other lawsuit until it was too late The verdict would stun the world and so would Peter s ultimate unmasking as the man who had set it all in motion Why had he done this How had no one discovered it What would this mean for the First Amendment For privacy For culture In Holiday s masterful telling of this nearly unbelievable conspiracy informed by interviews with all the key players this case transcends the narrative of how one billionaire took down a media empire or the current state of the free press It s a study in power strategy and one of the most wildly ambitious and successful secret plots in recent memory Some will cheer Gawker s destruction and others will lament it but after reading these pages and seeing the access the author was given no one will deny that there is something ruthless and brilliant about Peter Thiel s shocking attempt to shake up the world

Excerpt: He took a step closer to me and the whole time his eyes never left my face. What are you doing here, Lauren? Oh, no. How did he know it was me? I tried to shrug, which wasn't easy as I still had one arm handcuffed to the chain dangling from the ceiling. I decided avoidance was my best tactic. Maybe you could untie me before we chat. He gave me a devilish grin that made my stomach clench. Maybe he said, Or then again, maybe not. I felt a flush of heat rush through my veins. Holy crap, he was teasing me. For some reason, despite the craziness of this situation, I found that incredibly hot. He reached forward and grasped the edge of the gold mask covering my face. Gently, he lifted it up. The air in the room felt cool on my exposed, burning cheeks. I bit down on my lower lip nervously as Alexander threw the mask on the floor. How did you know it was me? My voice sounded breathless. He gave me a long, intense look that made me hold my breath. I would have known your body anywhere, Lauren. I couldn't reply. My head was spinning. I imagine from the look on your face that you know exactly what this room is for. I tried to shrug again when would I learn my lesson. Note to self: shrugging doesn't work when you are wearing handcuffs. The chain above me rattled, only drawing attention to my predicament. I looked around the room, trying to buy myself some time to think up an excuse for my presence in the club. This was not a situation I had ever had to deal with before. We were surrounded by sex toys, and I was attached to the ceiling by a pair of fluffy handcuffs on a chain. Yeah, this was definitely a first for me.
