Teen Library Events Kirsten Edwards, 2001-10-30 If you are a new young adult librarian or an experienced librarian with little time to plan and execute programs for teens this book is for you For each month in the calendar year two or three programs popular with teens are presented with instructions sample flyers letters and checklists From simple programs such as a candy raffle to more complex programs such as a mystery night librarians can keep their teen calendar full of activities with a minimum of effort Programs that tie into both school events and national events for teens are included as well as those that can be presented at an individual library Suggestions for programs range from a poetry contest to a summer job program Instructions for ongoing procedures for soliciting teens opinions are provided a monthly question board candy raffle starting and running a Teen Advisory Board and so on Basic skills for all YA librarians are emphasized in each of the programs these skills include booktalking working with the schools and marketing your programs within the library and to the community By creating variations in each of the programs young adult librarians will have a wealth of ideas in this book to keep their YA program calendar filled for years to come

Speaking Truths Valerie Chepp, 2022-02-11 The twenty first century is already riddled with protests demanding social justice and in every instance young people are leading the charge But in addition to protesters who take to the streets with handmade placards are young adults who engage in less obvious change making tactics In Speaking Truths sociologist Valerie Chepp goes behind the scenes to uncover how spoken word poetry and young people's participation in it contributes to a broader understanding of contemporary social justice activism including this generation's attention to the political importance of identity well being and love Drawing upon detailed observations and in depth interviews Chepp tells the story of a diverse group of young adults from Washington D C who use spoken word to create a more just and equitable world Outlining the contours of this approach she interrogates spoken word activism's emphasis on personal storytelling and truth the strategic uses of aesthetics and emotions to politically engage across difference and the significance of healing in sustainable movements for change Weaving together their poetry and personally told stories Chepp shows how poets tap into the beautiful emotional personal and therapeutic features of spoken word to empathically connect with others advance intersectional and systemic analyses of inequality and make social justice messages relatable across a diverse public By creating allies and forging connections based on friendship professional commitments lived experiences emotions artistic kinship and political views this activist approach is highly integrated into the everyday lives of its practitioners online and face to face Chepp argues that spoken word activism is a product of and a call to action against the neoliberal era in which poets have come of age characterized by widening structural inequalities and increasing economic and social vulnerability She illustrates how this deeply personal and intimate activist approach borrows from builds upon and diverges from previous social movement paradigms Spotlighting the complexity and mutual influence of modern day activism and the world in which it unfolds Speaking Truths contributes to our understanding of

contemporary social change making and how neoliberalism has shaped this political generation's experiences with social injustice

The Elocutionists Marian Wilson Kimber, 2017-01-19 Emerging in the 1850s elocutionists recited poetry or drama with music to create a new type of performance. The genre dominated by women achieved remarkable popularity. Yet the elocutionists and their art fell into total obscurity during the twentieth century. Marian Wilson Kimber restores elocution with music to its rightful place in performance history. Gazing through the lenses of gender and genre, Wilson Kimber argues that these female artists transgressed the previous boundaries between private and public domains. Their performances advocated for female agency while also contributing to a new social construction of gender. Elocutionists, proud purveyors of wholesome entertainment, pointedly contrasted their acceptable feminine attributes against those of morally suspect actresses. As Wilson Kimber shows, their influence far outlived their heyday. Women, the primary composers of melodramatic compositions, did nothing less than create a tradition that helped shape the history of American music.

Singer-Songwriters and Musical Open Mics Marcus Aldredge, 2016-04-01 *Singer-Songwriters and Musical Open Mics* is an ethnographic exploration of New York City's live music events where musicians sign up and perform short sets. This sociological study dispels the common assumption that open mics are culturally monolithic and reserved for novice musicians. Open mics allow musicians at different locations within their musical development and career to interactively perform, practice, and network with other musicians. Important themes in the book include the tension between self and society in the creative process, issues of creative authenticity and authorship, and on-going cultural changes central to the Do It Yourself cultural zeitgeist of the early 21st century. The open mic's cultural antecedents include a radio format, folk hootenannies, and the jazz jam session. Drawing from multiple qualitative methods, Aldredge describes how open mics have etched a vital organizational place in the western and urban musical landscape. Open mics represent a creative place where the boundaries of practicing and performing seemingly blur. This allows for a range of social settings from more competitive, stratified, and homogenous music scenes to culturally diverse weekly events often stretching late into the night.

Habits of Devotion James M. O'Toole, 2018-07-05 For generations, American Catholics lived out their faith through countless unremarkable routines. Deep questions of theology usually meant little to them, but parishioners clung to deeply ingrained habits of devotion, both public and private. Particular devotions changed over time, waxing or waning in popularity, but the habits endured, going to mass on Sunday, saying prayers privately, and teaching their children to do the same, filling their homes with crucifixes and other religious images, participating in special services, blending the church's calendar of feast and fast days with the secular cycles of work and citizenship, negotiating their conformity or not to the church's demands regarding sexual behavior and even diet. It was religious practice carried out in daily and weekly observance that embodied their faith more than any abstract set of dogmas. From the Introduction In *Habits of Devotion*, four senior scholars take the measure of the central religious practices and devotions that by the middle of the twentieth century defined the ordinary week-to-week religion of the majority of

American Catholics Their essays investigate prayer devotion to Mary confession and the Eucharist as practiced by Catholics in the United States before and shortly after the Second Vatican Council *Dear PM vol.1* Chris Lloyd, **Clinical Laboratory Management** Timothy C. Allen,Vickie S. Baselski,Deirdre L. Church,Donald S. Karcher,Michael R. Lewis,Andrea J. Linscott,Melinda D. Poulter,Gary W. Procop,Alice S. Weissfeld,Donna M. Embracing the Tune of Term: An Mental Symphony within **Spoken Word Flyer Template**

In a global consumed by monitors and the ceaseless chatter of fast transmission, the melodic beauty and emotional symphony developed by the written term frequently fade in to the backdrop, eclipsed by the constant sound and disruptions that permeate our lives. However, situated within the pages of **Spoken Word Flyer Template** a charming literary prize full of natural feelings, lies an immersive symphony waiting to be embraced. Crafted by an elegant composer of language, that fascinating masterpiece conducts visitors on a mental journey, skillfully unraveling the concealed melodies and profound affect resonating within each carefully constructed phrase. Within the depths of this emotional evaluation, we shall investigate the book is main harmonies, analyze their enthralling publishing style, and submit ourselves to the profound resonance that echoes in the depths of readers souls.
