Practical Guide to Spoken English Dr P.N. Gupta,2014-10-14 Teaching of English in India has been traditionally grammar based The teacher teaches a good deal of grammar assigns exercises in class or as homework and makes a lot of corrections Such painstaking efforts on the part of the teacher are of course helpful in learning the language but does not much help the student to use the language in day to day conversation Leaving aside the traditional method of dealing with grammar as an isolated subject the present book offers a specific course in spoken English that focuses on the language of interaction and social exchanges Its main emphasis is on developing communicative ability of the learner **Academic Spoken English**

Kristin Blanpain,An Laffut,2016-02-03 In an internationalised academic environment lecturers and researchers increasingly need to use English to give lectures and presentations to participate in seminars and conferences and to coach international students Academic Spoken English offers help in the following areas adapting a written text for a spoken register expanding spoken academic vocabulary using discourse markers which structure the presentation for the audience improving delivery pace clarity interaction with the audience acquiring seminar skills handling questions and comments improving grammatical and lexical accuracy improving pronunciation downloadable audio file Examples and exercises are based on the MICASE Corpus and the John Swales Conference Corpus extensive collections of transcripts of lectures and presentations ensuring relevance and authenticity The book can be used in the context of a presentation skills course or as a self study resource

How to Learn English Fabien Snauwaert, 2010-11-14 How To Learn English explains the techniques anyone can use to speak English with ease confidence and fluency in every situation You will learn ten new habits how to use them to improve your English every day and how to maintain your level once you become fluent The principles of How To Learn English will help you realize how to learn better and act as a driving force for your success **Spoken English - A Self Learning Guide To Conversation Practice** V. Sasikumar, 2007 **List and Index of War Department Publications** United States. War Department, 1946 *Index of Technical Manuals, Technical Regulations, Technical Bulletins, Supply Bulletins, Lubrications Orders, and Modification Work Orders* United States. Department of the Army, 1954 **The Nutshell Guide to Fluent English** Bill McCann, Li Zi Chuang, 2015-08-19 This book is part of a series which aims to help English Language Learners to become fluent in Spoken English It is the first in a planned series of three and caters for those Learners who are ready to move up to the ESL English as a Second Language Pre Intermediate level in Spoken English We begin here because in terms of the spoken language the leap from the Elementary to the Pre Intermediate level is one of the biggest hurdles

faced by English Language Learners It is one of the greatest hurdles because it is at this stage that the Learner must move from simple spoken forms to a degree of fluency that begins to use more complex forms of the language It is the first major hurdle that very many Learners cannot get over As a result it is at this point that a Learner can become stuck and either give up trying to become fluent in Spoken English or fail to make any real progress in comparison to their writing and reading skills There are two main reasons why this happens The first is that native English speakers do not speak the language in the same way that they write it The spoken word very often bears little or no resemblance to the written word The second is that a Spoken language must be learnt it cannot be taught By this we mean that while all learning is a two way process between the instructor and the learner when it comes to learning to speak a language something more than 80% of the work must be done by the Learner on their own One of the obvious areas where this is true is in the need to learn vocabulary To become fluent in a spoken language a great many new words must be learnt and only the Learner can do that The instructor cannot learn them for him How that vocabulary is learnt is a large issue By far the vast majority of Learners try to do this by memorising list of English words and their equivalent meanings in their native language This does not In this book you will discover a new way to learn the vocabulary that you need and how to make it fun to learn The emphasis in this book is on practical use of the language In each Unit Learners are given the opportunity to extend their vocabulary and to practice speaking the language of the native speakers We have called this Idiomatic Spoken English or everyday English All of the examples and dialogues in this book use this language It is not slang or street language but a language that uses all the shortcuts and tricks that native speakers use to keep a fluent and rhythmic flow of words when they speak Successfully reproducing the rhythm of English Enunciation is one of the main secrets of being able to speak the language fluently In this book we describe how that rhythm is actually built up and use the work of some of the great English poets to help the Learner to get a feel for the very beautiful cadences that English is capable of Each Unit includes a full poem or occasionally an extract from a very long poem with notes about the rhythm metre of the poem together with its meaning and background Of no less importance than Enunciation is Pronunciation All Learners no matter what their native language might be have some difficulty in pronouncing English correctly For this reason great emphasis is placed on the Sounds of English and each Unit includes examples and rigorous exercises for two of the 44 sounds that make up the English language The first three Units of the book set out the essential foundations of The Nutshell Way to learn to speak English fluently Some of the six basic principles introduced in Unit One on which this is based may well surprise many Learners and not a few Instructors But our experiences as Instructor and Learner have shown us that this radical approach is not only workable but absolutely necessary if A Learner is to clear the hurdle and Learn to speak fluent English with confidence **Spoken English** ,2007

SATAPOLCEO **Speaking English Made Easy** Krishnaveer Abhishek Challa, Santoshkumar Karimilli, 2015-01-13

Document from the year 2015 in the subject English Language and Literature Studies

Linguistics language English abstract

In an era where communication has become synonymous to speaking English it has become mandatory not only to learn the language but put it into terms to sustain in the competing world Considering the technicality of the language it is surely difficult to convey the words spoken because it is not just about speaking English but it is to make it understandable and lucid Just as written English is constrained by barricades of Grammar so does spoken English is restrained by both Grammar as well as phonetics of speech

Dealing with such great tides of difficulty inherent in speaking English there is a need to simplify the vocalization of this global language This book is written especially for University Students but all stages of learners may also find it useful The explanations are made as simple as possible Special care had been taken to cover all the items which are very useful for all non English medium academic background students

Explanations are mostly in ordinary everyday English This book describes standard modern British English and gives realistic examples of spoken and written language both formal and informal The book **Speaking English Made Easy** is an attempt to put forth an easy and effortless way for learning the language The work presents a unique understanding to bring the language to one's finger tips

Assembling the various descendants of Grammar the book interleaves into the technicality of speaking English The book is also a useful guide for students taking on competitive exams on English This work can definitely stand on as the sound whose echo vibrates around the world **An Official Guide to Eastern Asia: Southwestern Japan** Japan. Teikoku Tetsudōchō, 1914
