

SPORT, EXERCISE AND SOCIAL THEORY

AN INTRODUCTION

GYÖRGY MOLNAR AND JOHN KELLY

R

Sport Exercise And Social Theory

Barrie Houlihan, Dominic Malcolm

Sport Exercise And Social Theory:

Sport, Exercise and Social Theory Gyoza Molnar, John Kelly, 2013 Sport Exercise and Social Theory is a concise and engaging introduction to the key theories that underpin the study of sport exercise and society Using vivid examples and descriptions of sport related events and exercise practices the book explains why social theories are important as well as how to use them giving students the tools to navigate with confidence through any course in the sociology of sport and exercise Designed to be used by students who have never studied sociology before and including a whole chapter on the practical application of social theory to their own study it provides training in critical thinking and helps students to develop intellectual skills which will serve them throughout their professional and personal lives *Sport, Exercise and Social Theory* Gyoza Molnar, John Kelly, 2013-05-07 Why are sport and exercise important What can the study of sport and exercise tell us about wider society Who holds the power in creating contemporary sport and exercise discourses It is impossible to properly understand the role that sport and exercise play in contemporary society without knowing a little social theory It is social theory that provides the vocabulary for our study of society that helps us ask the right critical questions and that encourages us to look for the real story behind sport and exercise Sport Exercise and Social Theory is a concise and engaging introduction to the key theories that underpin the study of sport exercise and society including feminism post modernism Neo Marxism and the sociological imagination Using vivid examples and descriptions of sport related events and exercise practices the book explains why social theories are important as well as how to use them giving students the tools to navigate with confidence through any course in the sociology of sport and exercise This book shows how theory can be used to debunk many of our traditional assumptions about sport and exercise and how they can be a useful window through which to observe wider society Designed to be used by students who have never studied sociology before and including a whole chapter on the practical application of social theory to their own study it provides training in critical thinking and helps students to develop intellectual skills which will serve them throughout their professional and personal lives **Understanding Sports**

Coaching Tania G. Cassidy, Robyn L. Jones, Paul A. Potrac, 2015-10-14 Every successful sports coach knows that good teaching and social practices are just as important as expertise in sport skills and tactics Now in a fully revised and updated third edition Understanding Sports Coaching is still the only introduction to theory and practice in sports coaching to fully explore the social cultural and pedagogical concepts underpinning good coaching practice The book examines the complex interplay between coach athlete coaching programme and social context and encourages coaches to develop an open and reflective approach to their own coaching practice It covers every key aspect of coaching theory and practice including important and emerging topics such as athletes identities athlete learning emotion in coaching coaching ethics professionalization talent identification and development coaching as a micro political activity Understanding Sports Coaching also includes a full range of practical exercises and extended case studies designed to encourage coaches to reflect

critically upon their own coaching strategies their interpersonal skills and upon important issues in contemporary sports coaching This is an essential textbook for any degree level course in sports coaching and for any professional coach looking to develop their coaching expertise

Sociology of Sport and Social Theory Earl Smith, 2010 Sociology of Sport and Social Theory presents current research perspectives from major sport scholars and leading sociologists regarding issues germane to the sociology of sport while addressing traditional and contemporary sociological theories *Sport and Society* Barrie Houlihan, Dominic Malcolm, 2015-11-16 This third edition of Sport and Society with contributions from some of the field's most highly respected scholars covers the myriad of complex pervasive and global issues confronting sport in the 21st century It continues to be a foundation text for students across most sport disciplines Russel Hoyer La Trobe University Australia The third edition of Sport and Society reinforces its place as one of the most valuable texts for students and others engaging in social scientific study of sport Overall the book continues to achieve an unrivalled balance between different social science disciplines that have been applied to sport between local national and international issues and between broad overviews and specific detail on every topic The end result is a book that is a must on many academic reading lists Iain Lindsey Durham University UK Fully updated and revised the Third Edition of Barrie Houlihan and Dominic Malcolm's ground breaking Sport and Society provides students and instructors with a one stop text that is comprehensive accessible international and engaging This popular book Approaches the study of sport from a multi disciplinary perspective Presents the importance of social structure power and inequality in analysing the nature and significance of sport in society Addresses the rapid commercialization and regulation of sport Engages in comparative analysis to understand problems clearly and produce sound solutions Expands students knowledge through chapter summaries guides to further reading and extensive bibliographies Offers five new chapters addressing the key contemporary issues of lifestyle sport sport for development and peace the governance of international sport organisations sports fandom and sport in East Asia A superb teaching text this new edition will be relished by instructors seeking an authoritative introduction to sport and society and students who want a relevant enriching text for their learning and research needs

Exercise and Well-Being after High-Performance Sport Luke Jones, Zoë Avner, Jim Denison, 2023-08-01 Exercise and Well Being after High Performance Sport explores whether high performance athletes have healthy and prosperous relationships with exercise and well being after retirement from elite sports This edited collection is the first of its kind to bring together sociologically informed accounts from former high performance athletes about their retirement experiences and post sporting careers The chapters combine creative narrative writing and social theory to frame the experiences of exercise and well being after retirement from high performance sport Written by former high performance athletes who are now socio cultural sports scholars the authors explore how retiring from elite sport impacted their relationship to exercise and physical activity identity and long term mental health This book is key reading for graduate and postgraduate students as well as academics and researchers

interested in sports retirement experiences sport sociology mental health and well being *Sociology of Sport* Kevin Young, 2016-11-21 The Sociology of Sport has grown since its inception in the late 1950s and has become robust and diverse Many countries now boast strong scholars in the field and this volume reflects the fascinating research being done This innovative volume is dedicated to a review of the state of the area by region [The Oxford Handbook of Sport and Society](#) Lawrence A. Wenner, 2022 The Oxford Handbook of Sport and Society is the premier comprehensive and interdisciplinary work for readers looking to understand key areas of inquiry about the role and impacts of sport in contemporary culture Through fifty seven chapter treatments from leading international scholars on sport s impact on key aspects of our lives the Handbook is essential reading for any reader trying to understand the outsized ways in which sport has become more than a game *Research Methods and Design in Sport Management* Damon P.S. Andrew, Paul M. Pedersen, Chad D. McEvoy, 2019-10-16 As the sport management industry continues to grow and evolve so do the methods for gathering and applying research findings to drive successful sport organizations *Research Methods and Design in Sport Management* Second Edition With Web Resource imparts modern explanations of research design implementation analysis and assessment that are specific to the discipline of sport management An invaluable resource for both students and practitioners the text first helps readers understand the research process and then delves into specific research methods Special attention is devoted to the process of reading and understanding research in the field preparing readers to apply the concepts long after reading the text and learning the foundational skills How to conduct a thorough literature review Theoretical and conceptual frameworks to guide the research process How to develop appropriate research questions and hypotheses Techniques for conducting qualitative quantitative and mixed methods research Methods for analyzing data and reporting results The second edition introduces a new section on emerging methods and trends in the field including social network analysis SNA and sport analytics Readers will be exposed to methods of SNA data collection and interpretation as well as how to collect and analyze data and communicate the results of sport analytics research A chapter dedicated to legal research in sport management provides a nonintimidating discussion of the unique elements evident in sport law research such as legal precedence case briefing and special writing elements To ensure readers can effectively apply the research concepts presented practical examples of past research by leading sport management scholars are incorporated throughout the text At the conclusion of each chapter a *Research Methods and Design in Action* feature presents excerpts from the *Journal of Sport Management* to serve as case study examples with noteworthy descriptions of the employed research methods Each journal article is then featured in its entirety in the new companion web resource along with discussion questions that may serve as additional learning activities to guide students through challenging concepts *Research Methods and Design in Sport Management* Second Edition presents the tools to engage in the broad spectrum of research opportunities in sport management With the help of this book readers will ensure that they properly collect analyze and share research to inform

strategic business decisions **Surfing and Social Theory** Nick Ford, David Brown, 2006 Drawing on popular surf culture academic literature and the analytical tools of social theory this is the first sustained commentary on the contemporary social and cultural meaning of surfing exploring mind and body emotions and aesthetics Surfing and Social Theory Nicholas J Ford, David Brown, 2005-11-16 Drawing on popular surf culture academic literature and the analytical tools of social theory this is the first sustained commentary on the contemporary social and cultural meaning of surfing exploring mind and body emotions and aesthetics Sport and the Social Significance of Pleasure Richard Pringle, Robert E. Rinehart, Jayne Caudwell, 2015-06-05 This innovative text's critical examination foregrounds the prime reason why so many people participate in or watch sport pleasure Although there has been a turn to emotions and affect within academia over the last two decades it has been somewhat remiss that pleasure as an integral aspect of human life has not received greater attention from sociologists of sport exercise and physical education This book addresses this issue via an unabashed examination of sport and the moving body via a pleasure lens It provides new insights about the production of various identities power relations and social issues and the dialectical links between the socio cultural and the body Taking a wide sweeping view of pleasure dignified and debauched distinguished and mundane it examines topics as diverse as aging health fandom running extreme sports biopolitics consumerism feminism sex and sexuality In drawing from diverse theoretical approaches and original empirical research the text reveals the social and political significance of pleasure and provides a more rounded dynamic and sensual account of sport *Sport and Sociology* Dominic Malcolm, 2012-03-15 How has our understanding of sport been shaped by sociological ideas How can the study of sport help sociologists to understand wider society The sociology of sport is a sub discipline approaching maturity This is the first book to stand back and reflect upon the subject's growth to trace its developmental phases and to take stock of the current fund of knowledge It offers a state of the art review of the sociology of sport and investigates those areas where sport has come to influence the sociological mainstream The book also examines how the sociology of sport has attempted to engage with a popular readership and what the consequences of such engagement have been Focusing on touchstone issues and concepts within sociological discourse such as race gender celebrity the body and social theory the book assesses the successes and failures of the sociology of sport in influencing the parent discipline related sub disciplines and the wider public It also asks to what extent the sociology of sport can be said to be autonomous distinctive and distinguished and challenges students of sport to extend their work out of the narrow confines of the subdiscipline and across disciplinary divides As the first book to provide a history of the sociology of sport and to clearly locate the contemporary discipline in the wider currents of sociological discourse this is important reading for all students and scholars interested in the relationship between sport and society whether they are working in sport studies or in the sociological mainstream **Sport Injury Psychology** Ross Wadey, 2020-11-22 Written by a team of international experts and emerging talents from around the world Sport Injury Psychology Cultural Relational

Methodological and Applied Considerations challenges the status quo of the field of sport injury psychology and opens new and exciting future research trajectories by critically considering How to evolve from an individual focused and single scientific discipline into a cultural and relational focused and interdisciplinary discourse How to shift from the dominant positivist foundation towards a more inclusive scholarship with divergent epistemologies theories and methodologies How to replace the attempt to establish best practice and desire for clean findings with the need for continuous innovation and multifaceted applied experiences Each chapter stimulates debate and encourages theoretical methodological and or applied diversification and closes with future research directions that provide novel and rigorous programs of research that have the potential to advance the field of sport injury psychology into an interdisciplinary discourse that strives for and embraces collaboration between academic disciplines and with practitioners working in the field Cutting edge timely and comprehensive Sport Injury Psychology Cultural Relational Methodological and Applied Considerations is essential reading for undergraduate students postgraduate students and more established scholars in the fields of sport communication sports medicine sport psychology sports sociology and other related sport science disciplines *Routledge Handbook of the Sociology of Sport* Richard Giulianotti, 2015-07-24 The sociology of sport is a core discipline within the academic study of sport It helps us to understand what sport is and why it matters Sociological knowledge implicit or explicit therefore underpins scholarly enquiry into sport in every aspect The Routledge Handbook of the Sociology of Sport is a landmark publication that brings together the most important themes theories and issues within the sociology of sport tracing the contours of the discipline and surveying the state of the art Part One explores the main theories and analytical approaches that define contemporary sport sociology and introduces the most important methodological issues confronting researchers working in the social scientific study of sport Part Two examines the connections and divisions between sociology and cognate disciplines within sport studies including history anthropology economics leisure and tourism studies philosophy politics and psychology Part Three investigates how the most important social divisions within sport and in wider society are addressed in sport sociology including race gender class sexuality and disability Part Four explores a wide range of pressing contemporary issues associated with sport including sport and the body social problems associated with sport sport places and settings and the global aspects of sport Written by a team of leading international sport scholars including many of the most well known respected and innovative thinkers working in the discipline the Routledge Handbook of the Sociology of Sport is an essential reference for any student researcher or professional with an interest in sport **Social Capital and Sport Governance in Europe** Margaret Groeneveld, Barrie Houlihan, Fabien Ohl, 2010-09-13 This book critically presents the mechanisms and structures in a selection of sport federations within a variety of European countries that illuminate the varied relationships between not for profit sport federations their members governments and the citizens they represent

Physical Activity and Sport in Later Life Emmanuelle Tulle, Cassandra Phoenix, 2016-04-29 This volume addresses key

issues such as the cultural and discursive context in which physical activity is discussed the process of becoming physically active the role of care settings in enabling physical activity pleasure gender and place and space **Routledge Handbook of Qualitative Research in Sport and Exercise** Brett Smith, Andrew C. Sparkes, 2016-09-13 The last two decades have witnessed a proliferation of qualitative research in sport and exercise The Routledge Handbook of Qualitative Research in Sport and Exercise is the first book to offer an in depth survey of established and emerging qualitative methods from conceptual first principles to practice and process Written and edited by a team of world leading researchers and some of the best emerging talents the book introduces a range of research traditions within which qualitative researchers work It explores the different methods used to collect and analyse data offering rationales for why each method might be chosen and guidance on how to employ each technique successfully It also introduces important contemporary debates and goes further than any other book in exploring new methods concepts and future directions such as sensory research digital research visual methods and how qualitative research can generate impact Cutting edge timely and comprehensive the Routledge Handbook of Qualitative Research in Sport and Exercise is an essential reference for any student or scholar using qualitative methods in sport and exercise related research **Sport Coaching Concepts** John Lyle, Chris Cushion, 2016-11-10 Coaching is a vital factor for success in sport at all levels Sport Coaching Concepts offers a comprehensive introduction to the theoretical issues that underpin sport coaching practice Now in a fully revised and updated new edition it explains why a conceptual approach to sport coaching is more important than ever before using practice orientated analysis to help students develop a full understanding of coaching theory and technique Drawing on more than a decade s worth of research the book reflects upon the profound changes that have transformed coach education and development It covers all the key topics of the sport coaching curriculum and includes six new chapters on the evolution of coaching theory coaching expertise decision making social perspectives on the coach athlete relationship social inclusion and principles of coach development Each chapter contains a full range of pedagogical features to aid learning including discussion questions practical projects guides to further reading case studies and insights from practising coaches Sport Coaching Concepts is essential reading for all students of sport coaching and any serious coaches looking to develop their own coaching practice *New Directions in Social Theory, Education and Embodiment* John Evans, Brian Davies, 2014-10-29 This book exemplifies the nurturing spirit of inter discursive debate with a view to opening up new theoretical and empirical insights understanding and engagement with debates on issues relating to pedagogy policy equity and embodiment From a variety of social science perspectives an international force of contributors apply a multitude of concepts to research agendas which illustrate the multiple ways in which the body both impacts culture and is simultaneously and seamlessly positioned and shaped by it maintaining social reproduction of class and cultural hierarchies and social regulation and control They attest that once we begin to trace the flow of knowledge and discourses across continents countries regions and communities by registering their re

contextualisation both within various popular pedagogies e g newspapers film TV web pages IT and the formal and informal practices of schools families and peers we are compelled to appreciate the bewildering complexity of subjectivity and the ways in which it is embodied Indeed the chapters suggest that no matter how hegemonic or ubiquitous discursive practices may be they inevitably tend to generate both intended and unexpected affects and effects people and populations cannot easily be determined suppressed or controlled This book was originally published as a special issue of Sport Education and Society

The book delves into Sport Exercise And Social Theory. Sport Exercise And Social Theory is a vital topic that must be grasped by everyone, ranging from students and scholars to the general public.
