

# The Spring Storm

The sky has given over  
its bitterness.

Out of the dark change  
all day long  
rain falls and falls  
as if it would never end.

Still the snow keeps  
its hold on the ground.  
But water, water

from a thousand runnels!  
It collects swiftly,  
dappled with black  
cuts a way for itself  
through green ice in the gutters.  
Drop after drop it falls  
from the withered grass-stems  
of the overhanging embankment.

*William Carlos Williams*

*Appalachia on the Table* Erica Abrams Locklear, 2023-04-15 When her mother passed along a cookbook made and assembled by her grandmother Erica Abrams Locklear thought she knew what to expect But rather than finding a homemade cookbook full of apple stack cake leather britches pickled watermelon or other traditional mountain recipes Locklear discovered recipes for devil's food cake with coconut icing grape catsup and fig pickles Some recipes even relied on food products like Bisquick Swans Down flour and Calumet baking powder Where Locklear wondered did her Appalachian food script come from And what implicit judgments

had she made about her grandmother based on the foods she imagined she would have been interested in cooking Appalachia on the Table argues in part that since the conception of Appalachia as a distinctly different region from the rest of the South and the United States the foods associated with the region and its people have often been used to socially categorize and stigmatize mountain people Rather than investigate the actual foods consumed in Appalachia Locklear instead focuses on the representations of foods consumed implied moral judgments about those foods and how those judgments shape reader perceptions of those depicted The question at the core of Locklear s analysis asks How did the dominant culinary narrative of the region come into existence and what consequences has that narrative had for people in the mountains
