Spy Vs Spy Game Guide:

The Video Games Guide Matt Fox, 2013-01-17 The Video Games Guide is the world's most comprehensive reference book on computer and video games. Presented in an A to Z format, this greatly expanded new edition spans fifty years of game design from the very earliest 1962's Spacewar through the present day releases on the PlayStation 3, Xbox 360, Wii, and PC. Each game entry includes the year of release, the hardware it was released on, the name of the developer/publisher, a one to five star quality rating, and a descriptive review which offers fascinating nuggets of trivia, historical notes, cross-referencing with other titles, information on each game's sequels, and of course the author's views and insights into the game. In addition to the main entries and reviews, a full color gallery provides a visual timeline of gaming through the decades, and several appendices help to place nearly 3,000 games in context. Appendices include a chronology of gaming software and hardware, a list of game designers showing their main titles, results of annual video game awards, notes on sourcing video games, and a glossary of gaming terms.

A Guide to Movie Based Video Games, 1982-2000 Christopher Carton, 2023-08-31 Explore two decades of licensed video games based on blockbuster movies. You've seen the movie, now PLAY the movie. Long before gaming came to the big screen, cinema arrived in the homes of millions in the form of licensed video games, playable merchandise that tied in to some of the major tentpoles of cinematic history. Many of these games followed the storylines of the movies on which they were based, as well as providing supplementary adventures to major franchises. Collected in this book are some of the biggest games to come from Hollywood adventures during the 80s and 90s. In this comprehensive book, you'll find over 300 games across 18 chapters, with sections dedicated to major movie franchises such as Star Wars, Jurassic Park, Top Gun, Pixar, Aliens, and Indiana Jones, along with nearly 200 full color screenshots of major releases. Showcasing the highs and lows of early computer gaming through the 16-bit era and onto the advent of 3D console gaming.

A Guide to Movie Based Video Games, 1982-2000 covers two decades of video games with trivia, analysis, and recommendations. Grab your controller, step into the silver screen, and get ready to play.
