Spiritual-Mindedness John Owen, 2014-12-12 In *Spiritual Mindedness* Puritan theologian John Owen presents a powerful treatise on the importance of setting one's mind on heavenly realities Drawing from Romans 8 To be spiritually minded is life and peace Owen explores the nature of spiritual mindedness its effects on the soul and how to cultivate it in one's life He argues that a mind fixed on Christ and eternal truths is the key to experiencing true life and peace even amidst earthly trials With profound insights and practical wisdom Owen guides readers in understanding the transformative power of spiritual affections He offers valuable instructions on meditating upon God's character the glories of heaven and the work of the Holy Spirit in renewing our minds Through these practices believers can experience a deeper intimacy with God and find abiding joy in Him This timeless classic is a must read for anyone seeking to grow in their faith and discover the peace that comes from a spiritually oriented life Owen's rich biblical teaching and heartfelt exhortations continue to resonate with readers today offering a roadmap to a life centered on Christ and His eternal kingdom

Spiritual-Mindedness John Owen, 2021-09-28 Thomas Chalmers wrote that Owen's book on *Spiritual Mindedness* holds a distinguished rank among the voluminous writings of this celebrated author For him three features made it very special The force with which it applies truth to the conscience The way Owen plumbs the depths of Christian experience as a skillful physician of the soul The uncovering of the secrets of the mind and heart so that the true spiritual state of the reader is discovered This book began life as a collection of meditations on Romans 8:6 which were written for the author's own benefit during a time of illness Alarmed by the subtle power the world exercises over the mind Owen shows us how to really live by raising our thoughts above all earthly objects and setting them on things above where Christ is Col 3:1 A favorite book of William Wilberforce it contains some passages which are not surpassed in all of Owen's writings It comes from the pen of a tender hearted pastor whose only purpose is to encourage the believer in the ongoing battle against sin So if you feel overwhelmed by the power of worldliness then this is definitely the book for you [How Do I Develop Heavenly-Mindedness and Spiritual Conversation?](#)

Sisemore, Joshua J. Knabb, 2021-09-20 This compendium of introductory essays invites scholars and clinicians to better understand people of various faiths from around

the world It is intended to correct the tendency among scientists to study religious behavior without accounting for its human dimension For example a psychologist describes a religious ceremony in a certain community as a sociological phenomenon Such a technical description is likely to strike members of that community as an attempt by science to explain away their beliefs This is counterproductive In order to work effectively and empathetically with people of faith psychologists should seek an intimate knowledge of how religion operates in the hearts and minds of living breathing human beings With this goal in mind editors Timothy Sisemore and Joshua Knabb have made one of the world s major religions the subject of a separate chapter In addition they have arranged for each chapter to be written by a psychologist who practices or is culturally connected with that religion This marks the book s unique contribution to the field it is the product of people who have lived the world s religions not merely studied them By taking such a respectful approach the book promotes an appreciation for the ways that religious belief animates inspires and instructs its adherents Moreover the indigenous point of view of these essays will help scholars identify their own biases when researching religious groups allowing them to produce more accurate and holistic analyses Psychologists understand that religion and spirituality provide meaning and purpose to billions of people around the globe But the actual experience of these beliefs eludes the grasp of the reductionistic methods of science With this resource at their side psychologists in academic and clinical settings will be equipped to understand religious experience from the bottom up and honor the beliefs and practices of the people they are trying to help

Stephen Yuille, 2008-04-15 Without minimizing the validity of the social political and ecclesiastical approaches to this field of study Yuille affirms that the essence of Puritanism is found in its spirituality He demonstrates this by turning to a relatively unknown Puritan George Swinnock 1627-1673 At the root of Swinnock's spirituality was his concept of fear of God as the proper ordering of the soul's faculties after the image of God This concept is pivotal to Swinnock's spirituality because he viewed it as the Christian's true principles of practice Yuille shows the prevalence of this paradigm among Swinnock's fellow Puritans and sets it in a historical tradition extending back to Augustine through Calvin **Phronema Tou Pneumatos** John Owen, Ebenezer Porter, 2009-04 This scarce antiquarian book is a facsimile reprint of the original Due to its age it may contain imperfections such as marks notations marginalia and flawed pages Because we believe this work is culturally important we have made it available as part of our commitment for protecting preserving and promoting the world's literature in affordable high quality modern editions that are true to the original work **A Good Educational Reference Course of God, Communion of ...**, *History of Religion in England from the Opening of the Long Parliament to the End of the Eighteenth Century* John Stoughton, 2025-07-10 Reprint of the original first published in 1881 The Antigonos publishing house specialises in the
