Physics Magurele Bucharest July 2009 This essay is not a term paper on prisons in America Rather it is a document of personal disclosure Mr Patterson has engaged passionately with his American tradition This is to the degree of an exceptionality that is remarkably exposed in this work He has wrestled so intensely with America that he has taken to exile in Europe This is the second exceptionality remarked here I write criticism of academic physics and do it with some flair But Alex addresses a bigger culture and hierarchy writing with such passion poetry and structure as to make the third exceptionality of this work I think that this all amounts to a ponderance worthy of your time Michael J Burns October 30 2009
