Long Welcome Speech for Sports Day By Principal

Good morning everyone, I am very happy to see everyone blooming in the spirit of the sports day. It is an absolute honor to introduce to you all the Chief guests/guests (mention their names) today, we feel privileged to host you today. I would like to thank you for accepting our invitation and gracing us with your presence. Your achievements in the field of sports are excellent and your contribution to raising the bar for future generations by bringing laurels to our country is truly noteworthy.

A very warm welcome to the parents and families who are here to support their children. It is difficult to navigate these past few weeks for children who are working hard and preparing for the main day. It is because of your affection and encouragement that we see our children in high spirits, even after such tiring days.

The annual sports day is a tradition that started ever since the school was established. My heart is overjoyed to see such enthusiastic participation by all our students who are carrying forward the torch of march pasts, and sports drills. Every year the level of anticipation only increases. It makes us more excited to see what's coming ahead.

The primary focus in many cases is academics, which certainly is an important aspect in building a student's career and life but many fail to recognize the importance of sports.

Extracurricular activities and sports teach students many important life lessons. It teaches discipline, focus, dedication, hard work, commitment, teamwork. And it is our responsibility as adults to value sportsmanship and award the courage of students to take action rather than focusing on winning or losing.

Sports instill plenty of values that help students to cruise through life with honesty and responsibility for themselves and others. It also allows students to be agile and fit that only increases the concentration in academics and the willingness to perform better in any field.

Sport is an amazing concept that improves the lives of people. Students especially need to take part in sports that they find fun because participating in sports will not only help them to improve their physical health but will also give

Functions of Sports Clubs in European Societies Siegfried Nagel, Karsten Elmoose-Østerlund, Bjarne Ibsen, Jeroen Scheerder, 2020-07-30. This book takes a closer look at the societal functions of sports clubs by using the broad range of empirical data of a comparative study. There is a limited amount of up to date knowledge on the functions of sports clubs and their potential to promote public health, social cohesion and democratic participation through volunteering and thus contribute to public welfare in European societies. Most of the existing studies are country specific and therefore do not allow for making comparisons from a cross national perspective. In light of this, the project Social Inclusion and Volunteering in Sports Clubs in Europe (SIVSCE) collected, analysed and discussed comparable data and knowledge across ten European countries and disseminated this knowledge to politicians, sports professionals and sports volunteers in Europe. The SIVSCE project contains comparative data of clubs as well as of members in selected sports clubs. In each country chapter, the comparative data from the SIVSCE project is put together in a coherent way. Particularly, the data of the member survey give in depth information about the fulfillment of the different functions of sports clubs, e.g. extension of democratic participation, social integration. Providing in depth data related to policy issues, structure and management of
