## Spring 2015 Istep Scoring Guide:

**A Guide to Leading and Managing Indiana School Facilities** Tom Dykiel, Charles Hobbs, William E.

Roberson, 2009-08 When school buildings are aging a decision must be made as to whether to continue to maintain the existing building renovate building or build new Very seldom is extending the existing buildings life over building a new building If renovation costs exceed 50% of the cost of new construction it is better to build instead of renovating The taxpayers in your community will have much to say on whether to renovate or build new Much emphasis should be given to taxpayer input before the school board makes a final decision School administrators are responsible to the community for maintaining school buildings and they owe an explanation to the community of what has been done to protect existing school buildings This book is developed to help aspiring teachers who want to become principals business managers or superintendents that existing buildings need to be properly maintained and functional and can continue to serve the public for many years to come

**Fertilizers, Pills & Magnetic Strips** Gene V Glass, 2008-03-01 Now available for Kindle Click here We shape our tools and then they shape us With these words Kenneth Boulding captured one of the great truths of the modern world In Fertilizers Pills and Magnetic Strips Gene V Glass analyzes how a few key technological inventions changed culture in America and how public education has changed as a result Driving these changes are material self interest and the desire for comfort and security both of which have transformed American culture into a hyper consuming xenophobic society that is systematically degrading public education Glass shows how the central education policy debates at the start of the 21st century vouchers charter schools tax credits high stakes testing bilingual education are actually about two underlying issues how can the costs of public education be cut and how can the education of the White middle class be quasi privatized at public expense Working from the demographic realities of the past thirty years he projects a challenging and disturbing future for public education in America

**Indianapolis Monthly**, 2002-02 Indianapolis Monthly is the Circle City's essential chronicle and guide an indispensable authority on what's new and what's news Through coverage of politics crime dining style business sports and arts and entertainment each issue offers compelling narrative stories and lively urbane coverage of Indy's cultural landscape

My Students Write Like They Text** Jennifer French,2018-08-16 IMHO LOL OIC OMG If you ve recently graded middle school or high school writing chances are you ve read terms like these or my favorite wtf idk which also happened to be an answer on a student s quiz As a middle school English teacher I became more and more perplexed to see students using texting talk on their homework and classroom writing assignments not to mention answers on the writing portion of the state standardized test My students were not differentiating appropriate writing contexts The answers written on the unit test were written the same way that they invited their friends to hang Starbucks How do we as educators and parents allow students to creatively express themselves support them academically and prepare them for a professional world built on written and verbal communication Herein lies this text Hopefully it will alleviate the concerns of those who are worried about the disintegration of the English language and help those ISO in search of strategies to support textspeaking learners Transforming Teacher Preparation Across Nations Gerald LeTendre,Ira Lit,Rachel A.
