occur in and around you the process of balance and the process of integration Balance and integration are the reflections within Creation of the love and oneness of your Soul It is only you through your perceived needs to judge control and manipulate Qi and what you experience within Her that disrupts these processes Meditation is an essential piece of Qi Gong Practice The Qi Gong Meditation of Three Levels is shared in chapter 5 And though this meditation is experienced on all three levels of your being what it most clearly reveals is the causal or mental practice of Qi Gong At this level of the practice you see that your consciousness Who You Are does not come from the continuous interplay of comparative or complementary expressions of causal Qi your thoughts The manual ends with the astral or feeling emotional practice of Qi Gong This last chapter shows you that your emotions too are a duality of yin and yang and that how you choose to relate to these forces also binds your consciousness to the experience of separation and a limited ability to express love and power As you live your life through the Guiding Principles you are literally remembering how to experience vibrational existence Creation on all levels while at the same time knowing you are the Consciousness of God You remember that you are not defined or limited by any of the experiences you are now having **Merging East and West** Frances Veronica Gaik,2005
