These match exactly the requirements of A2, but the passages work equally well as unseen for those working towards Pre U. Six further passages are offered for unseen translation only and are designed to stretch the most able. There are then 12 passages of continuous prose for translation into Latin, each supported by notes to help the student and an appendix that contains a comprehensive English-Latin vocabulary. To support the study of A2 and Pre U literature, there are short commentaries on sample passages from each of the prescribed authors, demonstrating a variety of interpretative approaches.
