Sprinkles Creating Awesome Experiences Through Innovative Service:

Sprinkles Chip R. Bell, 2015 The Internet has commoditized products and made excellent service the norm Consumers now routinely expect perks such as next day delivery around the clock access and free returns Differentiating your company just by offering exceptional service is difficult and slices into already thin profit margins Leadership consultant Chip R Bell says you can differentiate yourself a different way without a lot of expense by offering value unique service that surprises and delights your customers Just as colorful sprinkles make ordinary cupcakes special innovative heartfelt service tells customers you value them Bell s abundant use of nostalgic examples drawn from neighborhood businesses makes the text seem quaint and cozy or maybe provincial depending on your perspective Therefore getAbstract suggests his warm advice particularly to small business owners and self employed service providers Bell s tenets of special service might be slightly more applicable in a small shop than a large company though any business could benefit by sprinkling on a little extra sugar for its customers

Inside Your Customer's Imagination Chip R. Bell, 2020-09-08 A journey into a powerful idea the more people you involve as creators and contributors the greater your innovation capacity Polly LaBarre New York Times bestselling coauthor of Mavericks at Work Organizations need to offer customers breakthrough products services and solutions to effectively compete in today s innovation hungry economy The challenge is customers often don t know precisely what they want As Henry Ford is reputed to have said If I had asked people what they wanted they would have said faster horses To surprise and awe your customers Chip Bell advises developing co creation partnerships with them Co creation partnerships are about fulfilling customers hopes and aspirations not just their needs and expectations Co creation partnerships require 1 curiosity that uncovers insight 2 grounding that promotes clear focus 3 discovery that fosters risk taking 4 trust that safeguards partnership purity and 5 passion that inspires energized generosity Using examples from organizations like McDonald s DHL Marriott Lockheed Martin Discover Financial Ultimate Software and many more Bell shows how co creation partnerships enable you to tap into the treasure trove of ideas ingenuity and genius in the raw within every customer Innovation through partnership is the blueprint for business growth in the future Inside Your Customer s Imagination provides the instruction and inspiration to make it a success Marshall Goldsmith 1 New York Times bestselling author Chip Bell s unique perspective lively illustrations and practical advice result in one terrific resource for anyone eager to tap a customer s ingenuity for creating breakthrough results Jeanne Bliss founder and CEO CustomerBliss and cofounder Customer Experience Professionals Association CXPA Employee Ambassadorship Michael W. Lowenstein, 2017-04-04 There have been a number of professional and academic studies in multiple industries linking employee attitudes and behaviors with the value customers perceive in their experiences Through targeted research and resultant training communication process and reward and recognition programs what we define as ambassadorship formalizes the direction in which employee engagement has been trending toward for years Simply the trend is optimizing employee commitment to the organization and its goals to

the company's unique value proposition and to the customer. This is employee ambassadorship, a state beyond satisfaction and engagement where all employees are focused on and tasked with delivering customer value as part of their job description irrespective of location, function or level. There is growing general agreement that both developing employee ambassadors and customer advocates should receive high priority and emphasis if an enterprise is going to be successful. What building ambassadorship does mandate, however, is that having employees focus on the customer will definitely drive more positive experiences and stronger loyalty behavior for both stakeholder groups. Because antecedent approaches to employee engagement through research and application are principally about productivity and alignment and offer an organization only modest insight about level or degree of customer centricity, more connection between employee behavior and customer behavior builds focus, effectiveness and profitability. That is what the content scope of Employee Ambassadorship will help provide.

Leading with Noble Purpose Lisa Earle McLeod, 2016-02-23 Profit doesn't drive purpose. Purpose drives profit. We made some incorrect assumptions about work and those assumptions are killing us. We allowed a narrative that is solely about earnings to replace what we know to be true about human motivation. Human beings are hardwired to seek purpose but according to data, most people don't feel a sense of purpose in their work. Work has become a grind, an endless series of tasks that lack meaning. Building upon her bestseller *Selling with Noble Purpose*, leadership expert Lisa Earle McLeod tackles the employee engagement crisis by showing leaders how to put workplace meaning front and center. McLeod, whose clients include organizations like Google, Hootsuite and Roche, asserts that many organizations are unconsciously squandering their greatest asset: their people's passion. By putting profit before purpose, organizations eroded the very thing that makes a business great. The narrative of profit, earnings and bonuses was supposed to improve employee performance but it had the opposite effect. It stripped the joy and meaning from work in ways that have a chilling effect on morale, performance and ultimately profit. In this new book, McLeod shows leaders how to win the hearts and minds of employees, clients and stakeholders through a Noble Sales Purpose. Reframe your approach to metrics so that they accelerate performance. Create a tribe of True Believers who drive revenue and do honorable work. People want to make money and make a difference. *Leading with Noble Purpose* shows leaders how to do both.

5 Habits to Lead from Your Heart Johnny Covey, 2016-01-01 In 5 Habits to Lead from Your Heart author and coach Johnny Covey presents a powerful new way to change how we perceive experiences how we make decisions and how we interpret events Often we filter experiences through a lens that does not include our hearts Harmful habits can form when we act out of fear or self preservation our head instead of using our heart But habits can be changed Johnny illustrates how to understand better our human nature and unleash its potential to lead from your heart live courageously and create the life you want So many times we are in a reactive mode not thinking about what we are doing Have we ever stopped and asked What is holding me back Why don t I have relationships that I want Why am I stuck in my head worried about what others think of me How can I free myself from ruts and routines How might I choose to live courageously in my heart How can I consciously create the life I am meant to live Johnny helps us understand the genesis of our results our mind and our own system of checks and balances our conscience By combining what we currently know with Covey s 5 Habits we will have everything we need to elevate our thinking take the next step and succeed 5 Habits to Lead from Your Heart is a rare wake up call in our search for meaning Greg Link Co author of Smart Trust Co founder CoveyLink Another winner in the Covey tradition Doug Conant former CEO Campbell Soup and Chairman Avon Products If you want a book that is bone honest practical personal and profound this is it Scott C Hammond author of Lessons of the Lost Finding Hope and Resilience in Work Life This is an extraordinary book Journey from doing to being from planning to achieving and from success to significance Dr Nido Qubein President High Point University Chairman Great Harvest Company *Guerrilla Marketing to Heal the World* Jay Conrad Levinson, Shel Horowitz, 2016-03-15 Levinson and Horowitz show the dramatic potential for profit in not just being a green company but in addressing the huge social problems that have stumped humankind for millennia Instead of waiting centuries for government to get it done business can grab the reins and accomplish more through the profit motive than through any amount of guilt tripping Green practices can save and make money and deep social change can skyrocket those revenues when marketed correctly Never Lose a Customer Again Joey

Coleman, 2018-04-03 Award winning speaker and business consultant Joey Coleman teaches audiences and companies all over the world how to turn a one time purchaser into a lifelong customer. Coleman's theory of building customer loyalty isn't about focusing on marketing or closing the sale. It's about the First 100 Days after the sale and the interactions the customer experiences. While new customers experience joy, euphoria, and excitement, these feelings quickly shift to fear, doubt, and uncertainty as buyer's remorse sets in. Across all industries, somewhere between 20% - 70% of newly acquired customers will stop doing business with a company within the first 100 days of being a new customer because they feel neglected in the early stages of customer onboarding. In *Never Lose a Customer Again*, Coleman offers a philosophy and methodology for dramatically increasing customer retention and, as a result, the bottom line. He identifies eight distinct emotional phases customers go through in the 100 days following a purchase. From an impulse buy at Starbucks to the thoughtful purchase of a first house, all customers have the potential to experience the eight phases of the customer journey. If you can understand and anticipate the customer's emotions, you can apply a myriad of tools and techniques in person, email, phone, mail, video, and presents to cement a long and valuable relationship. Coleman's system is presented through research and case studies showing how best-in-class companies create remarkable customer experiences at each step in the customer lifecycle. In the *Acclimate* stage, customers need you to hold their hand and over-explain how to use your product or service. They're often too embarrassed to admit they're confused. Take a cue from Canadian software company PolicyMedical and their challenge of getting non-technical users to undergo a complex installation and implementation process. They turned a series of project spreadsheets and installation manuals into a beautiful puzzle customers could assemble after completing each milestone. In the *Adopt* stage, customers should be welcomed to the highest tier of tribal membership with both public and private recognitions. For instance, Sephora's VIB Rogue member welcome gift provides a metallic membership card, private recognition, and a members-only shade of lipstick for public display. In the final stage, *Advocate*, loyal customers and raving fans are primed to provide powerful referrals. That's how elite entrepreneurial event MastermindTalks continues to sell out their conference year after year with zero dollars spent on marketing. By surprising their loyal fans with amazing referral bonuses, an all-expenses-paid safari, they guarantee their community will keep providing perfect referrals. Drawing on nearly two decades of consulting and keynoting, Coleman provides strategies and systems to increase customer loyalty. Applicable to companies in any industry and of any size, whether measured in employee count, revenue, or total number of customers, implementing his methods regularly leads to an increase in profits of 25 - 100%. Working with well-known clients like Hyatt Hotels, Zappos, and NASA, as well as mom and pop shops and solo entrepreneurs around the world, Coleman's customer retention system has produced incredible results in dozens of industries. His approach to creating remarkable customer experiences requires minimal financial investment and will be fun for owners, employees, and teams to implement. This book is required reading for business owners, CEOs, and managers, as well as sales and marketing teams, account managers, and
