Sqm The Quantified Home:

SQM, the Quantified Home Space Caviar, 2014 The way in which we live is changing under the influence of different factors be they financial environment of respective technological or geopolitical nature quickly What was equated with home has change the home has turned into a Handeslware whose value is measured in Quatdratmetern SQM The Quantified Home is less concerned with the house as a physical protective shell it presents it as a complex universe of overlapping cultural references daily rituals practical needs unexpressed wishes and aspirations which develop steadily and flow together in an architectural space The book presents the fundamental changes in the perception of the home evaluates relevant data makes assumptions and shows a selection of houses and interiors from Osama bin Laden s fortress to examples of living in the era of Airbnb In essays by architects designers artists and theorists will examine how the space in which we live has become recognisable and yet so foreign 140 illustrations *Cloud of Cards* Patrick Keller, 2018-09-25 *Cloud of Cards* a home cloud kit to re appropriate your data self is the final outcome of Inhabiting and Interfacing the Cloud s a joint design and ethnographic research project investigating personal clouds and data centers The main results of this design research project have been informed by the preliminary findings of an ethnographic research into the cloud *Cloud of Practices* and a design sketches phase conducted in parallel They comprise four digital and physical artefacts forming a set of modular tools cards which are delivered in the form of an open source DIY kit freely accessible at www.cloudofcards.org and on Github The purpose of these tools is to enable everyone in particular the community of designers and makers to set up their own small scale data center and cloud manage their data in a decentralized way and develop their own alternative projects using this small scale personal infrastructure [idea journal: interior technicity: unplugged and/or switched on](#) Julieanna Preston, 2020-10-07 *Interior Technicity Unplugged and or Switched On* invites reflection on how interiors have always been augmenting entities and how they continue to be so in other words extending facilitating and consolidating bodies within socio cultural environments Rather than seeing an interior as an inside in opposition to a world beyond it asks what modes of folding inward have equipped and enabled the spatial environment Technicity the world of tools and technical objects that extend and mediate memory as Bernard Steigler 1998 describes it has never been what inside ness in its sheltering of life keeps at bay mediation is from the start technical indexed to inscribing practices rich in temporal and embodied implications By this reading interiors have always been augmented and augmenting in the sense of the Latinaugmentare to increase enlarge or enrich This IDEA Journal issue considers this mode of folding inward as a condition of an interior sspecificity Whether it be a small structure such as a tramping hut or a tiny house a large complex interior environment such as an airport or shopping mall handmade with local materials such as Samoan fale or the result of manufacturing processes assembling artificial and prefabricated elements as in the case of a spacecraft boat or train interiors are augmented mediated generated or embellished by technologies The effect of these technologies is not neutral one s experience of an interior is

significantly influenced by the affective resonance of its technologies **Envisioning Networked Urban Mobilities** Aslak Aamot Kjaerulff, Sven Kesselring, Peter Peters, Kevin Hannam, 2017-10-20 *Envisioning Networked Urban Mobilities* brings together scientific reflections on the relations of art and urban mobilities and artistic research on the topic The editors open the book by setting out the concept grounded in the exhibition curated by Aslak Aamot Kjaerulff and refers to earlier work on mobilities and art generated by the Cosmobilities Network This third volume has two sections both consisting of short papers and illustrations The first section is based on artists who were part of the conferences art exhibition and the second part is based on theoretical reflections on art and artists *After Work* Helen Hester, Nick Srnicek, 2023-07-18 A timely manifesto for a feminist post work politics Does it ever feel like you have no free time You come home after work and instead of finding a space of rest and relaxation you are confronted by a pile of new tasks to complete cooking cleaning looking after the kids and so on In this ground breaking book Helen Hester and Nick Srnicek lay out how unpaid work in our homes has come to take up an ever increasing portion of our lives how the vacuum of free time has been taken up by vacuuming Examining the history of the home over the past century from running water to white goods to smart homes they show how repeated efforts to reduce the burden of this work have faced a variety of barriers challenges and reversals Charting the trajectory of our domestic spaces over the past century Hester and Srnicek consider new possibilities for the future uncovering the abandoned ideas of anti housework visionaries and sketching out a path towards real free time for all where everyone is at liberty to pursue their passions or do nothing at all It will require rethinking our living arrangements our expectations and our cities

My Three Dads Jessa Crispin, 2022-08-16 Sharp and thought provoking this memoir meets cultural criticism upends the romanticism of the Great Plains and the patriarchy at the core of its ideals For many Americans Kansas represents a vision of Midwestern life that is good and wholesome and evokes the American ideals of god home and country But for those like Jessa Crispin who have grown up in Kansas the realities are much harsher She argues that the Midwestern values we cling to cover up a long history of oppression and control over Native Americans women and the economically disadvantaged Blending personal narrative with social commentary Crispin meditates on why the American Midwest still enjoys an esteemed position in our country's mythic self image Ranging from The Wizard of Oz to race from chastity to rape from radical militias and recent terrorist plots to Utopian communities *My Three Dads* opens on a comic scene in a Kansas rent house the author shares with a masculine ghost This prompts Crispin to think about her intellectual fathers her spiritual fathers and her literal fathers She is curious to understand what she has learned from them and what she needs to unlearn about how a person should be in a family as a citizen and as a child of god ideals Crispin argues that have been established and reproduced in service to hierarchy oppression and wealth Written in Crispin's well honed voice smart assured comfortable with darkness *My Three Dads* offers a kind of bleak redemption the insight that no matter where you go no matter how far from home you roam the place you came from is always with you like it or not Retreat Ethel Baraona
