Boats in a Storm Kalyani Ramnath, 2023-08-22 For more than century before World War II traders merchants financiers and laborers steadily moved between places on the Indian Ocean trading goods supplying credit and seeking work This all changed with the war and as India Burma Ceylon and Malaya wrested independence from the British empire Set against the tumult of the postwar period Boats in a Storm centers on the legal struggles of migrants to retain their traditional rhythms and patterns of life illustrating how they experienced citizenship and decolonization Even as nascent citizenship regimes and divergent political trajectories of decolonization papered over migrations between South and Southeast Asia migrants continued to recount cross border histories in encounters with the law These accounts often obscured by national and international political developments unsettle the notion that static national identities and loyalties had emerged fully formed and unblemished by migrant pasts in the aftermath of empires Drawing on archival materials from India Sri Lanka Myanmar London and Singapore Kalyani Ramnath narrates how former migrants battled legal requirements to revive prewar circulations of credit capital and labor in a postwar context of rising ethno nationalisms that accused migrants of stealing jobs and hoarding land Ultimately Ramnath shows how decolonization was marked not only by shipwrecked empires and nation states assembled and ordered from the debris of imperial collapse but also by these forgotten stories of wartime displacements their unintended consequences and long afterlives

Hewage,2022-08-04 Our understanding that the Buddha emerged from the Middle Gangetic region of the Indian subcontinent has been largely unchallenged for the past 200 years However can we truly trust our existing knowledge regarding the geographical locations associated with early Buddhism Could the Buddha s origins in fact lie elsewhere Tracking the general theory explaining the Buddha s emergence from the Middle Ganges this book explores the lesser known story of colonial Sri Lanka s connections to the wider nineteenth century orientalist quest of placing the Buddha across the northern expanses of the subcontinent By doing so this book highlights the many flaws and inconsistencies that continue to inform our current understanding of the Buddha s geographical origins and urges us to rethink the very foundation on which our knowledge of early Buddhism is based

A Cultural History of Democracy in the Modern Age Eugenio Biagini,Gary Gerstle,2022-12-15 This volume explores democracy in the 20th century examining the triumph crises recovery and resilience of democracy and its associated cultures in this period

From 1920 democracy became the hegemonic discourse in political cultures to the extent that even its enemies claimed its legacy. The end of empires ushered in an unprecedented globalization of democratic aspirations. Barriers of gender and race were gradually removed and greater equality gave new meaning to citizenship. Yet already in 1922 democracy was on its back foot with the rise of fascism. Even after the latter's defeat in 1945 liberal democracy died wherever communist democracy triumphed. The situation changed again from 1989 but democratic hubris was then checked by the rise of a new enemy populism. The paradox is that the century of democracy's triumph was also that of its near final defeat while the peace and stability that everybody desired and many expected as the outcome of the extension of democracy were at best intermittent and geographically limited. Each chapter takes a different theme as its focus: sovereignty, liberty and the rule of law, the common good, economic and social democracy, religion and the principles of political obligation, citizenship and gender, ethnicity, race and nationalism, democratic crises, revolutions and civil resistance, international relations and democratic politics beyond the polis. These ten different approaches to democracy since 1920 offer a global synoptic and probing exploration of the subject.
