Silas Marner (Annotated);(Editor's Choice) George Eliot,2017-10-08 Silas Marner The Weaver of Raveloe is the third novel by George Eliot published in 1861 An outwardly simple tale of a linen weaver it is notable for its strong realism and its sophisticated treatment of a variety of issues ranging from religion to industrialization to community *Silas Marner* George Eliot,2013-12-21 Christmas Summary Classics This series contains summary of Classic books such as Emma Arne Arabian Nights Pride and prejudice Tower of London Wealth of Nations etc Each book is specially crafted after reading complete book in less than 30 pages One who wants to get joy of book reading especially in very less time can go for it About The Book Silas Marner Silas Marner the Weaver of Raveloe begun about November 1860 and published early in 1861 is in many respects the most admirable of all George Eliot s works It is not a long story but it is a most carefully finished novel a perfect gem a pure work of art Mr Oscar Browning describes it Mr Blackwood the publisher found it rather sombre and George Eliot replied to him I hope you will not find it at all a sad story as a whole since it sets or is intended to set in a strong light the remedial influences of pure natural human relations I have felt all through as if the story would have lent itself best to metrical rather than to prose fiction especially in all that relates to the psychology of Silas except that under that treatment there could not be an equal play of humour No novel of George Eliot s has received more praise from men of letters than Silas Marner For more eBooks visit www.kartindo.com **Silas Marner (Annotated)** George Eliot,2018-02-11 This is an annotated version of the book1 contains an updated biography of the author at the end of the book for a better understanding of the text 2 This book has been checked and corrected for spelling errorsIn the days when the spinning wheels hummed busily in the farmhouses and even great ladies clothed in silk and thread lace had their toy spinning wheels of polished oak there might be seen in districts far away among the lanes or deep in the bosom of the hills certain pallid undersized men who by the side of the brawny country folk looked like the remnants of a disinherited race The shepherd s dog barked fiercely when one of these alien looking men appeared on the upland dark against the early winter sunset for what dog likes a figure bent under a heavy bag and these pale men rarely stirred abroad without that mysterious burden The shepherd himself though he had good reason to believe that the bag held nothing but flaxen thread or else the long rolls of strong linen spun from that thread was not quite sure that this trade of weaving indispensable though it was could be carried on entirely without the help of the Evil One In that far off time superstition clung easily round every person or thing that was at all unwonted or even intermittent and occasional merely like the visits of the pedlar or the knife grinder No one knew where wandering men had their homes or their origin and how was a man to be explained unless you at least knew somebody who knew his father and mother To the peasants of old times the world outside their own direct experience was a region of vagueness and mystery to their untravelled thought a state of wandering was a conception as dim as the winter life of the swallows that came back with the spring and even a settler if he came from distant parts hardly ever ceased to be viewed with

a remnant of distrust which would have prevented any surprise if a long course of inoffensive conduct on his part had ended in the commission of a crime especially if he had any reputation for knowledge or showed any skill in handicraft All cleverness whether in the rapid use of that difficult instrument the tongue or in some other art unfamiliar to villagers was in itself suspicious honest folk born and bred in a visible manner were mostly not overwise or clever at least not beyond such a matter as knowing the signs of the weather and the process by which rapidity and dexterity of any kind were acquired was so wholly hidden that they partook of the nature of conjuring In this way it came to pass that those scattered linen weavers emigrants from the town into the country were to the last regarded as aliens by their rustic neighbours and usually contracted the eccentric habits which belong to a state of loneliness In the early years of this century such a linen weaver named Silas Marner worked at his vocation in a stone cottage that stood among the nutty hedgerows near the village of Raveloe and not far from the edge of a deserted stone pit The questionable sound of Silas's loom sounded like the natural cheerful trotting of the winnowing machine or the simpler rhythm of the flail had a half fearful fascination for the Raveloe boys who would often leave off their nutting or birds nesting to peep in at the window of the stone cottage counterbalancing a certain awe at the mysterious action of the loom by a pleasant sense of scornful superiority drawn from the mockery of its alternating noises along with the bent tread mill attitude of the weaver But sometimes it happened that Marner pausing to adjust an irregularity in his thread became aware of the small scoundrels and though chary of his time he liked their intrusion so ill that he would descend from his loom and opening the door would fix on them a gaze that was always enough to make them take to their legs in terror

Silas Marner By George Eliot George Eliot, 2021-01-12 Silas Marner is a selfless

member of a tight Calvinist sect who's been framed for stealing the congregation's funds. Expelled from his community, he retreats to the rustic hamlet of Raveloe to spend the remainder of his life as a misanthropic hermit devoted only to the fortune he amasses as a linen weaver. But when his gold is taken, Silas also feels robbed of what's left of his humanity. Then one snowy New Year's Eve, an orphan girl comes in out of the storm and changes him forever. Drawn from Eliot's empathy for the outsider, Silas Marner is the embodiment of her humanist perspective on redemption, kinship, and self-discovery. *The Dial*, 1895

The book discusses the linguistic, cultural, and artistic characteristics of Tang poetry, and readers can see how these challenges and the gaps between ancient Chinese poetry and modern English audiences are bridged by the ongoing efforts of translators.
