Norway to Russia and Japan And in true Kurlansky fashion he absorbed every fact detail and anecdote along the way The Unreasonable Virtue of Fly Fishing marries Kurlansky s signature wide ranging reach with a subject that has captivated him for a lifetime combining history craft and personal memoir to show readers devotees of the sport or not the necessity of experiencing nature s balm first hand *Steinbeck's Imaginarium* Robert DeMott,2022-11-15 In Steinbeck s Imaginarium Robert DeMott delves into the imaginative creative and sometimes neglected aspects of John Steinbeck s writing DeMott positions Steinbeck as a prophetic voice for today as much as he was for the Depression era 1930s as the essays explore the often unknown or unacknowledged elements of Steinbeck s artistic career that deserve closer attention He writes about the determining scientific influences such as quantum physics and ecology in Cannery Row and considers Steinbeck s addiction to writing through the lens of the extensive obsessive full length journals that he kept while writing three of his best known novels The Grapes of Wrath The Wayward Bus and East of Eden DeMott insists that these monumental works of fiction all comprise important statements on his creative process and his theory of fiction writing DeMott further blends his personal experience as a lifelong angler with a reading of several neglected fishing episodes in Steinbeck s work Collectively the chapters illuminate John Steinbeck as a fully conscious self aware literate experimental novelist whose talents will continue to warrant study and admiration for years to come *The Fly-Fisher's Companion* Darrel Martin,2014-11-18 This book grew from the author s desire to consolidate the many teachings that he uses in his popular fly fishing classes It is a textbook that includes concise and selective commentary on tackle casting tactics flies and fly tying and other related topics The word companion derives from one with whom we share our bread After more than fifty years of fly fishing the author would like to sit at the streamside and share these observations with readers Here is the knowledge and understanding that he wished he had when he began fly fishing While the handmade steel hooks horsehair lines and carefully crafted wooden loop rods have long given way to nylon and fluorocarbon leaders multipiece graphite rods and synthetic lines the fundamentals of the craft have remained basically the same In The Fly Fisher s Companion the author carefully goes through all the basics all within the context of modern fly fishing situations This companion may serve as a foundation or a supplement for fly fishing instruction It may also be a reminder or reference for the more experienced angler As a retired educator the author recognizes that instructors present material in different ways Instructors may wish to select only those topics that fit their syllabus while omitting others Over the years these instructions and commentary have produced a host of competent fly fishers We all learn by image word and action Since the sepia days of Walton and Cotton fly fishing has been an enthralling sport And as this companion hopefully makes clear there is more to fishing than fish There is an infinite amount of pleasure in learning a skill and doing it well Skyhorse Publishing is proud to publish a broad range of books for fishermen Our books for anglers include titles that focus on fly fishing bait fishing fly casting spin casting deep sea fishing and surf fishing Our books offer both practical advice on tackle techniques knots and more as well as lyrical prose on fishing for bass trout salmon
