in students learning and the articulation of underlying educational ideologies in the assessment of student achievement. Designed for both students and teachers who should have parity of involvement in developing and using rubrics, this book covers the problematic issues of assessment in schools while offering readers practical solutions to navigating the ensuing tensions and dilemmas. The notion that rubrics may hinder assessment transparency is also discussed with examples to warn against uncritical use of rubrics that may discipline rather than help learners. The perspective of a school leader in providing assessment leadership to rubrics usage across a school is included for extending awareness of rubrics beyond classroom contexts. This provides an informed approach for teachers to understand the stakes and complexities involved in judging learning and learners whilst offering concrete options and suggestions to consider. Writing Workshop in the Elementary Classroom Kathleen Puente, Jenny C. Wilson, 2019-01-12. Writing Workshop in the Elementary Classroom is a culmination of the authors' work with students and writing for collectively over 35 years. Teaching writing using a workshop methodology can be exciting as it is an interactive approach to writing, but it can also be challenging as it is not the traditional teacher-directed whole class lessons that many test preparation curriculums tout. The book takes the reader through the stages of the writing process in the first part, explaining what students are doing and thinking in each stage. In the second part, the authors explain how to manage students' materials, mini lessons, grading, and other aspects that help writing workshop classrooms run smoothly. To help with the transition to a workshop method, readers are asked to keep a journal wherein they plan what they will do in their classrooms.
