Soar How Boys Learn Succeed And Develop Character:

Soar David Banks, 2014-09-09 The more the Eagle Academy approach and its successes can be shared the more opportunities young people will have to find their way to their own triumphs Wes Moore New York Times bestselling author of *The Other Wes Moore* From New York City public schools chancellor David Banks a respected educator who has advised Hillary Clinton and Cory Booker on scholastic issues comes a rare book that can bring tears to your eyes while showing the way to deep and meaningful social change New York Times bestselling author William Pollack In this country the failure of black and Latino men in schools has become the norm Some go as far to say that young men of color are helpless cases and they are treated as such in school Though this unfair experience hits brown and black boys the hardest the underlying causes are shared by boys of many backgrounds There needs to be a change and David Banks had some ideas to help at risk boys In 2004 he petitioned New York City's mayor to allow an all boys public school to open in one of the most troubled districts in the country the South Bronx He had a point to prove when rituals that boys are innately drawn to are combined with college prep level instruction and community mentorship even the most challenging students can succeed The result *The Eagle Academy for Young Men* the first all boys public high school in New York City in more than thirty years has flourished and has been successfully replicated in five locations in the city and in Newark New Jersey In *Soar* Banks shares the experiences of individual kids from the Eagle Academy as well as his own personal story He reveals the specific approach he and his team use to drive students from tapping into their natural competitiveness and peer sensitivity to providing rituals that mimic their instinctual need for hierarchy and fraternal camaraderie to finding teachers who know firsthand the obstacles these students face Results oriented and clear eyed about the challenges and promises of educating boys at risk *Soar* is a must read for those concerned with the welfare of young men Kirkus Reviews

Soar David Banks, G. F. Lichtenberg, 2014-09-09 In the spirit of *Waiting for Superman* a respected educator whose advice has been solicited from the likes of Hillary Clinton Cory Booker and beyond presents a plan for educating the country's most educationally endangered group young men of color

In a Classroom of Their Own Keisha Lindsay, 2018-07-02 Many advocates of all black male schools ABMSs argue that these institutions counter black boys' racist emasculation in white overly female classrooms This argument challenges racism and perpetuates antifeminism Keisha Lindsay explains the complex politics of ABMSs by situating these schools within broader efforts at neoliberal education reform and within specific conversations about both endangered black males and a boy crisis in education Lindsay also demonstrates that intersectionality long considered feminist is in fact a politically fluid framework As such it represents a potent tool for advancing many political agendas including those of ABMSs supporters who champion antiracist education for black boys while obscuring black girls' own race and gender based oppression in school Finally Lindsay theorizes a particular means by which black men and other groups can form antiracist and feminist coalitions even when they make claims about their experiences that threaten bridge building The way forward Lindsay shows

allows disadvantaged groups to navigate the racial and gendered politics that divide them in pursuit of productive and progressive solutions
