

IEP GOALS

ADAPTIVE SKILLS

When given a task during classroom instruction, the child begins working on the task in a minute or two with one additional prompt from the teacher on 90% of opportunities when measured by the teacher on seven observation days before the term concludes.

Before the first term concludes, the student will be able to open a glue bottle independently, press the bottle to spread glue on paper, and close the bottle after use in 7 out of 10 observations made by the teacher during a gluing and sticking activity conducted in the class.

The child will participate in group play and activities wherein he will cooperate, communicate, and share items with his peers without being disruptive in the classroom setting on 4 out of 5 occasions which will be observed and recorded by the teacher during the course of 5 evaluation days.

By the end of this school year, the student will independently use the toilet without assistance from the teacher or class aid each time he goes for a bathroom break which will be recorded in the chart for reference.

By (date), the child will pick up toys and put them back in place when instructed by the teacher during 8/10 clean-up tasks spread across a period of seven days, and the designated staff will evaluate the progress through observation.
