

DBQ on the Roaring Twenties

Historical Context

The Great War was over and America's sons returned home having witnessed the horrors of war. The survivors brought tales of great battles, death, cabarets, new foods, dance and the wonderment of Paris with its grand boulevards. Upon their arrival, the soldiers were astonished to see that America too had been changed by the war. Women's fashion, appearance and attitudes had changed as they rallied and protested for the right to vote. African Americans had moved to northern cities in great numbers, automobile filled the streets, nativists and the KKK looked with hatred towards immigrants, the government cracked down on radicals during a "Red Scare", new inventions and mass culture captured people's imaginations. The 1920's have been called by many names "The Roaring Twenties", "The Jazz Age", and the "Age of Paranoia". Whatever name you choose for the 1920's it remains the decade when America came of age as an urban modern society.

Task

The 1920's have been called by many names "The Roaring Twenties", "The Jazz Age", and the "Age of Paranoia".

- Choose either the "Roaring Twenties" or the "Jazz Age" and explain the historical context and events that led to the rise of that name.
- Compare and contrast your choice of either the "Roaring Twenties" or the "Jazz Age" to the events of the 1920s that gave rise to what has become known as the "Age of Paranoia".

You may use any examples from your study or U.S. history concerning the 1920's. Some suggestions you may wish to consider include:

- The Roaring Twenties can include references to the roaring economy, the stock market boom, the boom in economic production, increase in consumer spending, the impact of the automobile on the economy and society, or any other examples you find relevant.
- The Jazz Age can include references to new fads and fashions (flappers), Jazz music, The Harlem Renaissance, new writers, poets and playwrights, individuals who were treated as heroes, and the effects and influence of mass culture (movies and radio) or any other examples you find relevant.
- The Age of Paranoia can include references to the Red Scare, Nativism, the KKK, setbacks for labor and unions and the propaganda labeling unions as communists, anarchists and radicals. Limitations on Immigration and the Quota system, racial tensions in the north and the Back to Africa movement or any other examples you find relevant.

You are *not* limited to these suggestions.

Guidelines:

In your essay, be sure to:

- Address all aspects of the Task
- Support the essay with relevant facts, examples and details
- Use a logical and clear plan of organization
- You must include relevant outside information and documentation from the documents included in this package.
- Introduce the essay by establishing a framework that is beyond a simple restatement of the Task and conclude with a summation of the theme.

G. Grant, Jill M. Gradwell, 2010-07-16 In the case studies that make up the bulk of this book middle and high school history teachers describe the decisions and plans and the problems and possibilities they encountered as they ratcheted up their instruction through the use of big ideas Framing a teaching unit around a question such as Why don't we know anything about Africa offers both teacher and students opportunities to explore historical actors ideas and events in ways both rich and engaging Such an approach exemplifies the construct of ambitious teaching whereby teachers demonstrate their ability to marry their deep knowledge of subject matter students and the school context in ways that fundamentally challenge the claim that history is boring **Journal of Social Studies Research**, 2012 *Measuring*

History S. G. Grant, 2009-03-01 *Measuring History* complements the cases presented in *Wise Social Studies Practices* Yeager Davis 2005 Yeager and Davis highlight the rich and ambitious teaching that can occur in the broad context of state level testing In this book the chapter authors and I bring the particular state history tests more to the fore and examine how teachers are responding to them At the heart of *Measuring History* are cases of classroom teachers in seven states Florida Kentucky Michigan New York Texas Mississippi and Virginia where new social studies standards and new and generally high stakes state level history tests are prominent In these chapters the authors describe and analyze the state s testing efforts and how those efforts are being interpreted in the context of classroom practice The results both support and challenge prevailing views on the efficacy of testing as a vehicle for educational reform Catherine Horn University of Houston and I lay the groundwork for the case studies through a set of introductory chapters that examine the current environment the research literature and the technical qualities of history tests
