**UGC-NET/SET: Education (Paper II & III) JRF and Assistant Professor Exam Guide** High Definition Books,

*Language Rights in a Changing China* Alexandra Grey, 2021-05-10 China has had constitutional minority language rights for decades but what do they mean today Answering with nuance and empirical detail this book examines the rights through a sociolinguistic study of Zhuang the language of China s largest minority group The analysis traces language policy from the Constitution to local government practices investigating how Zhuang language rights are experienced as opening or restricting socioeconomic opportunity The study finds that language rights do not challenge ascendant marketised and mobility focused language ideologies which ascribe low value to Zhuang However people still value a Zhuang identity validated by government policy and practice Rooted in a Bourdieusian approach to language power and legal discourse this is the first major publication to integrate contemporary debates in linguistics about mobility capitalism and globalization into a

study of China's language policy The book refines Grey's award winning doctoral dissertation which received the Joshua A Fishman Award in 2018 The judges said the study decenter's all types of sociolinguistic assumptions It is a thought provoking work on minority rights and language politics relevant beyond China      On Practice and Institution Michael Lounsbury, Deborah A. Anderson, Paul Spee, 2021-01-12 The concepts of practice and institution are of longstanding importance across the social sciences that have been too disconnected Bringing together novel theoretical statements and empirical studies that bridge these social worlds these two volumes provide a major touchstone for scholars interested in the study of practice and institution      **Locating Value** Samantha Saville, Gareth Hoskins, 2019-11-21 This book considers the concept of value at the root of our actions and decision making Value is an ever present yet little interrogated aspect of everyday life This book explores value as it is theorised practiced and critiqued from a variety of disciplinary perspectives It examines how value is operationalized endorsed and contested in contemporary society With international insights from leading scholars chapters offer a diverse and vibrant geographical engagement with value to showcase its conceptual flexibility The book explores value's eclectic epistemic foundations its roll out and legitimation across a range of policy fields and its challenges and opportunities The book draws on global examples of value in practice from forest conservation in Indonesia protected area management in arctic Norway a state park in the US certification schemes for biodiversity in the UK protection of the international night sky heritage planning in East Taiwan a re developed airport site in Norway a local food networks in Canada and the UK a market in the US and urban development in China The book will be of interest to human geographers political ecologists heritage scholars and practitioners planners and those working in public policy as well as practitioners and policy makers interested in how valuation processes work      *Uneven Citizenship: Minorities and Migrants in the Post-Yugoslav Space* Gëzim Krasniqi, Dejan Stjepanović, 2017-10-02 This book focuses on the relations between citizenship and various manifestations of diversity including but not exclusively ethnicity Contributors address migrants and minorities in a novel and original way by adding the concept of uneven citizenship to the debate surrounding the former Yugoslavian states Referring to this uneven citizenship concept this book not only engages with exclusionary legal political and social practices but also looks at other unanticipated or unaccounted for results of citizenship policies Individual chapters address statuses rights and duties of refugees internally displaced persons IDPs returnees Roma and claimed co ethnics as well as various interactions between dominant and non dominant groups in the post Yugoslav space The particular focus is on migrants and minorities as these are frequently overlapping categories in the post Yugoslav context and indeed more generally Not only is policy framework addressed but also public understanding and the socio historical developments which created legally and culturally stratified transnationally marginalized desired and claimed co ethnics and those less wanted often on the margins of citizenship This book was originally published as a special issue of *Ethnopolitics*      *The Future of Singapore* Kamaludeen Mohamed Nasir, Bryan S. Turner, 2014-05-09 Singapore like many other advanced

economies has a relatively low and declining birth rate One consequence of this and a consequence also of the successful economy is that migrants are being drawn in and are becoming an increasing proportion of the overall population This book examines this crucial development and assesses its likely impact on Singapore society politics and the state It shows that although Singapore is a multi ethnic society migration and the changing ethnic mix are causing increasing strains putting new demands on housing education and social welfare and changing the make up of the workforce where the government is responding with policies designed to attract the right sort of talent The book discusses the growing opposition to migration and explores how the factors which have underpinned Singapore s success over recent decades including a cohesive elite with a clearly focused ideology a tightly controlled political system and strong continuity of government are at risk of being undermined by the population changes and their effects The book also compares the position in Singapore with other East Asian countries including Japan South Korea and the Philippines which are also experiencing population changes with potentially far reaching consequences

**Climate Security** Matti Goldberg, 2023-12-01 This book presents an empirical study of the role of knowledge in the making of the climate security nexus Climate change might give the Soviet Union a competitive advantage in the Cold War Extreme droughts contributed to wars in Darfur Syria or Yemen Melting sea ice creates geopolitical risks Russia s climate destroying hydrocarbons enabled its invasion of Ukraine These are just some of the many ways in which climate change and conflicts have been linked into a climate security nexus In this innovative book Matti Goldberg considers how such connections are constructed and asks to what extent they are driven by evidence and science Goldberg describes the tools used to present the wars of Darfur and Syria as climate wars and considers the fragmented role of the sciences in those presentations as well as the resulting patterns of influence and marginalization of impacted populations The author also highlights how the international community can better integrate the situations of people at the frontlines of climate change into policymaking and based on an analysis of the dynamic nature of power identifies potential entry points for positive change This book is a must read for researchers interested in climate security links in science policy interfaces and in the formation of nexuses of issues in international politics It is also of interest to practitioners working on the climate security nexus and science policy interfaces

*Sociological Foundations of Computational Social Science* Yoshimichi Sato, Hiroki Takikawa, 2024-03-23 This book provides solid sociological foundations to computational social science CSS CSS is an emerging research field and many books with those words in the title are on the market However CSS has not become mainstream in sociology for which there are two reasons First CSS does not necessarily solve major research questions in sociology Second its sociological foundations are weak These two reasons are interrelated that is CSS cannot solve major research questions because its sociological foundations are weak Thus even if it tries to solve those questions its approaches seem to mainstream sociologists to miss the point To resolve that shortcoming this book fills the gap between CSS and sociology shows that CSS can solve major research questions in sociology and advances sociology by introducing to

it theories and methodologies of CSS
