Against Marriage Anne-Marie-Louise d'Orléans, Duchesse de Montpensier,2007-11-01 In seventeenth century France aristocratic women were valued by their families as commodities to be married off in exchange for money social advantage or military alliance Once married they became legally subservient to their husbands The duchesse de Montpensier a first cousin of Louis XIV was one of very few exceptions thanks to the vast wealth she inherited from her mother who died shortly after Montpensier was born She was also one of the few politically powerful women in France at the time to have been an accomplished writer In the daring letters presented in this bilingual edition Montpensier condemns the alliance system of marriage proposing instead to found a republic that she would govern a corner of the world in which women are their own mistresses and where marriage and even courtship would be outlawed Her pastoral utopia would provide medical care and vocational training for the poor and all the homes would have libraries and studies so that each woman would have a room of her own in which to write books Joan DeJean s lively introduction and accessible translation of Montpensier s letters four previously unpublished allow us unprecedented access to the courageous voice of this extraordinary woman A Treasury of Early Music Carl Parrish,2012-12-06 Features 50 compositions from early Middle Ages to mid 18th century including a Gregorian hymn English lute piece operatic arias instrumental and vocal motets works by Vivaldi Telemann Scarlatti and others Features commentary *Thomas Paine and the French Revolution* Carine Lounissi,2018-06-12 This book explores Thomas Paine s French decade from the publication of the first part of Rights of Man in the spring of 1791 to his return trip to the United States in the fall of 1802 It examines Paine s multifarious activities during this period as a thinker writer member of the French Convention lobbyist adviser to French governments officious diplomat and propagandist Using previously neglected sources and archival material Carine Lounissi demonstrates both how his republicanism was challenged bolstered and altered by this French experience and how his positions at key moments of the history of the French experiment forced major participants in the Revolution to defend or question the kind of regime or of republic they wished to set up As a member of the Lafayette circle when writing the manuscript of Rights of Man of the Girondin constellation in the Convention one of the few democrats who defended universal suffrage after Thermidor and as a member of the Constitutional Circle which promoted a kind of republic which did not match his ideas Paine baffled his contemporaries and still puzzles the present day scholar This book intends to offer a new perspective on Paine and on how this major agent of revolutions

Farewell American Tour, Sarah Bernhardt, Season 1905-1906 ,1900 *The Selected Works of George Sand*
 George Sand, The correspondence of George Sand and Gustave Flaubert if approached merely as a chapter in the
 biographies of these heroes of nineteenth century letters is sufficiently rewarding In a relationship extending over twelve
 years including the trying period of the Franco Prussian War and the Commune these extraordinary personalities disclose the
 aspects of their diverse natures which are best worth the remembrance of posterity However her passionate and erratic
 youth may have captivated our grandfathers George Sand in the mellow autumn of her life is for us at her most attractive
 phase The storms and anguish and hazardous adventures that attended the defiant unfolding of her spirit are over In her
 final retreat at Nohant surrounded by her affectionate children and grandchildren diligently writing botanizing bathing in her
 little river visited by her friends and undistracted by the fiery lovers of the old time she shows an unguessed wealth of
 maternal virtue swift comprehending sympathy fortitude sunny resignation and a goodness of heart that has ripened into
 wisdom For Flaubert too though he was seventeen years her junior the flamboyance of youth was long since past in 1862
 when the correspondence begins he was firmly settled a shy proud grumpy toiling hermit of forty in his family seat at
 Croisset beginning his seven years labor at L Education Sentimentale master of his art hardening in his convictions and
 conscious of increasing estrangement from the spirit of his age He with his craving for sympathy and she with her
 inexhaustible supply of it meet he pours out his bitterness she her consolation and so with equal candor of self revelation
 they beautifully draw out and strengthen each the other s characteristics and help one another grow old But there is more in
 these letters than a satisfaction for the biographical appetite which indeed finds ITS account rather in the earlier chapters of
 the correspondents history What impresses us here is the banquet spread for the reflective and critical faculties in this
 intercourse of natural antagonists As M Faguet observes in a striking paragraph of his study of Flaubert It is a curious thing
 which does honor to them both that Flaubert and George Sand should have become loving friends towards the end of their
 lives At the beginning Flaubert might have been looked upon by George Sand as a furious enemy Emma Madame Bovary is
 George Sand s heroine with all the poetry turned into ridicule Flaubert seems to say in every page of his work Do you want to
 know what is the real Valentine the real Indiana the real Lelia Here she is it is Emma Roualt And do you want to know what
 becomes of a woman whose education has consisted in George Sand s books Here she is Emma Roualt So that the terrible
 mocker of the bourgeois has written a book which is directly inspired by the spirit of the 1840 bourgeois Their recriminations
 against romanticism which rehabilitates and poetises the courtesan against George Sand the Muse of Adultery are to be
 found in acts and facts in Madame Bovary Now the largest interest of this correspondence depends precisely upon the

continuance beneath an affectionate personal relationship of a fundamental antagonism of interests and beliefs resolutely maintained on both sides George Sand with her lifelong passion for propaganda and reformation labors earnestly to bring Flaubert to her point of view to remould him nearer to her heart's desire He with a playful deference to the sex and years of his friend addresses her in his letters as Dear Master Yet in the essentials of the conflict though she never gives over her effort he never budes a jot he has taken his ground and in his last unfinished work *Bouvard and Pecuchet* he dies stubbornly fortifying his position To the last she speaks from a temperament lyrical sanguine imaginative optimistic and sympathetic he from a temperament dramatic melancholy observing cynical and satirical She insists upon natural goodness he upon innate depravity She urges her faith in social regeneration he vents his splenetic contempt for the mob Through all the successive shocks of disillusioning experience she expects the renovation of humanity by some religious some semi mystical amelioration of its heart he grimly concedes the greater part of humanity to the devil and can see no escape for the remnant save in science and aristocratic organization For her finally the literary art is an instrument of social salvation it is her means of touching the world with her ideals her love her aspiration for him the literary art is the avenue of escape from the meaningless chaos of existence it is his subtly critical condemnation of the world The origins of these unreconciled antipathies lie deep beneath the personal relationship of George Sand and Gustave Flaubert lie deep beneath their successors who with more or less of amenity in their manners are still debating the same questions today The main currents of the nineteenth century with fluent and refluxing tides clash beneath the controversy and as soon as one hears its long withdrawing roar and thinks it is dying away and is become a part of ancient history it begins again and will be heard no doubt by the last man as a solemn accompaniment to his final contention with his last adversary **Host Bibliographic**

Negative Knowledge Sebastian Hüscher, Isabelle Koch, Philipp Thomas, 2020-08-10 The advent of Modernity was accompanied by a radical criticism of traditional metaphysics In particular since the 20th century rationality is predominantly conceived of as positivistic and scientific reducing reality to what is positively knowable The price to pay is the cutting out of any kind of phenomenon of negativity The present volume explicitly explores the philosophical and epistemological potential of negativity The contributions brought together in this book tackle the question of negativity from historical as well as from systematical perspectives From different angles they defend the claim that philosophical approaches recurring to negativity can build a non reductive conceptualization of rationality and thus offer a valuable contribution to the orientation of humankind in the 20th and 21st century This volume contains contributions in English French and German
