Visitor Travels A Day Away:

Visitor Attractions and Events Adi Weidenfeld, Richard Butler, Allan M. Williams, 2016-04-28 Both visitor attractions and events play pivotal roles in the appeal of tourism destination regions to visitors by virtue of being the main motivator of tourist trips and determining consumers choices However more recently visitor attractions have become more multifaceted have proliferated and fragmented in terms of form location scale and style and their role is undergoing major changes in a post modern world as a result of consumer demands and competitive innovations Visitor Attractions and Events for the first time theoretically and empirically explores the relations between events and attractions to offer new thinking of the role of space and place in shaping development management practices and strategies in the sector as well as future implications The book reveals how location is pivotal in the development planning and management of visitor attractions and events Whereas the location of natural attractions is relatively fixed in space and their locations cannot be predetermined or relocated human made or contrived attractions are more influenced by the planning process in the context of the locational decision making process Competition and cooperation between visitor attractions and the aspects which shape these relations including complementarities compatibility knowledge spill overs and diffusion of innovations product similarities and spatial proximity remain largely ignored in the visitor attraction sector and thus are major elements in the focus of this book Comparative examples ranging from small to major attractions in a wide variety of locations are included This significant volume will appeal widely to all those interested in the visitor sector such as tourism events leisure studies destination management and sociology [Year Book Australia](#) , **2008 Year Book Australia No. 90** ,2008

C. Nash, 2011-01-04 The continually expanding popularity of Anguilla especially with the rich and famous has caught everyone by surprise After all at first glance Anguilla looks to be nothing special It s a long narrow flat island 16 miles long by three miles wide with constant droughts

and a notable absence of the lush rainforests beautiful mountains rushing rivers or deep canyons that normally provide all the activities today's tourist clamors for. But Anguilla's trump card is its beaches. Spectacular even in this region where above average beaches are the norm. Anguilla's wide swaths of sparkling white sand and bright turquoise waters teeming with tropical fish are indeed something special. It's a point well taken by island planners and developers who have built luxury resorts on those beaches. Many of those resorts quickly qualified as prime hotels of the world. Properties like Cap Juluca, CuisinArt and Malliouhana are routinely ranked at the top of the best lists in Caribbean Travel; their units are sold and now are available for vacation rentals. They have since been joined by other impressive developments among them the St Regis, Temenos, the Viceroy and Cerulean, and there are a number of private individual villas dotting the landscape all over the island. These new homes not only add to the available rooms for visitors but also provide a significant boost to the local economy as contractors, interior designers and support service providers keep employment and retail sales high. Anguillians have a long history of looking after each other and visitors. They enjoy sharing their island with visitors and you'll find you are received with warmth and goodwill. Their history is rich with examples of jollifications or merry festivities where a whole village gathered to plant crops, raise a house or build a boat as a team. Everyone was there to help each other and money was never exchanged. This spirit of oneness extended into an understanding of hospitality in the truest sense of the word. Make sure you plan activities that take you out of your hotel and into the villages so you can meet some of the belongers as they call themselves. More than any other Leeward Island, Anguilla has a wealth of beautiful villas in all sizes and shapes along with world class hotels, five star restaurants, lots of activities and incredible beaches. If there aren't enough activities, shopping, restaurants or nightlife for you, St Martin is only a short ferry ride away.
