time Ninkasi Award winner Gordon Strong has been a towering presence in the homebrewing community for many years. Now this Grandmaster Beer Judge invites you on a guided tour through over 100 of his own as brewed recipes. While discussing the fundamentals of homebrewing, the author also invites you to develop your own style with tips on recipe formulation and ingredients substitutions. In the initial chapters, Strong covers the basics of brewing, summarizing a variety of processes relating to water adjustment, mashing, and hopping. The author concisely and clearly lays out techniques like infusion mashing, step infusion, decoction, cereal mash, and hybrid mash schedules. Get the rundown on adding hops in the boil, first wort hopping, hop bursting, whirlpool, and steeping hopbacks, and dry hopping. Learn the basics of recipe design and how to think about style, recipe profiles, know the intensity of your ingredients, and what contributes to a balanced recipe, and how that might differ between styles. Do you know what makes a balanced IPA versus a lambic? Make intelligent substitutions with ingredients you have and become comfortable scaling recipes, accounting for volume losses, mash efficiencies, and differences in hop utilization. The recipes themselves are tried and tested, provided by the author as he has brewed them, including specific advice and sensory profiles, plus insights into the creative process behind each recipe. There are myriad IPAs and everyday styles for easy drinking, such as pale ale, blonde ale, wheat beer, altbier, Kolsch, and brown and amber ales. Classic and modern lager recipes include Vienna, dunkel, Maibock, Oktoberfest bock, and schwarzbier. Dark beers are plentiful, with dark milds, porters, and stouts, making a nod to both American and classic English versions. Stronger fare is on offer with barleywine, strong ales, and winter warmers. Lovers of Belgian beer will also find an eclectic selection of traditional recipes, as well as some saisons and bière de garde. For when the creative juices are really flowing, the author includes a collection of experimental and historical recipes that may not find a place in any set style: pale mild or dubbel, American brown ale, anyone, but are delicious nonetheless.
