what it actually took to start a pioneering classical Christian school as told by Logos School's founding superintendent Tom Garfield. Logos School certainly began humbly: no experienced teachers, no customized curriculum, no investors, and no set salaries for anyone. But the Lord blessed this tiny school in the chimney of Idaho beyond what anyone could have expected. Hundreds of thousands of teachers and students and homeschools have benefited from the classical Christian education from the trailblazing work done by Logos School. Today the Association of Classical Christian Schools has over two hundred and forty members worldwide; rigorous and faithful homeschooling is on the rise with huge nationwide organizations like Classical Conversations, and Logos School itself is able by God's grace to begin looking in faith towards its second and third generations. Tom Garfield's humorous anecdotal style is perfect for this story. Whether he is describing broken bones, old bus problems, school uniforms, the first Atari 400, angry parents, the dead skunk, developing classical methodology for the first time, conflict in the community, trouble with the IRS, or why Christian education is more than God posters in the classroom, Garfield gives a first-hand account that is full of simple wisdom, wide-eyed gratitude, and much encouragement for teachers and homeschooling parents alike, or indeed for any Christians who find themselves working on small, faithful but seemingly insignificant projects.
