The Facts on File Companion to the British Short Story Andrew Maunder, 2007 A comprehensive reference to short fiction from Great Britain Ireland and the British Commonwealth With approximately 450 entries this A to Z guide explores the literary contributions of such writers as Joseph Conrad James Joyce D H Lawrence Rudyard Kipling Oscar Wilde Katherine Mansfield Martin Amis and others **The Short Story Anthology and Women's Writing** Aleix Tura Vecino, 2025-08-14 Hundreds of anthologies of women's short stories have appeared in the literary market between the 1970s and now This publishing and cultural phenomenon is considered for the first time in this book which argues that during this period anthologies have become a literary technology used not only to make visible female short story writers but also to think about and mould ideas of womanhood Through creative and contextualised readings of the most important anthologies produced in this period this study shows that this literary form has contributed to and in some cases pioneered key developments in gender theory and feminist thought including questions of political combination among women which underlie contemporary global movements such as MeToo In doing so the book also develops the first book length conceptualisation of the features and meaning making mechanisms of the short story anthology as a literary form This book will benefit academics and students working in the fields of short fiction publishing and women's studies as well as feminist scholars and a growing number of specialists interested in the anthology as a literary form worldwide **Queer Subjects in Modern Japanese Literature** Stephen D. Miller, 2022-12-14 Queer Subjects in Modern Japanese Literature Male Love Erotics and Intimacy 1886 2014 is an anthology of translated Japanese literature about men behaving lovingly erotically and intimately with other men Covering more than 125 years of modern and contemporary Japanese history this book aims to introduce a diverse array of authors to an English speaking audience and provide further context for their works While no anthology can comprehensively represent queer Japanese literature these selections nonetheless expand our understanding of queerness in Japanese culture *Scare Tactics* Jeffrey Andrew Weinstock, 2009-08-25 *Scare Tactics* identifies an important but overlooked tradition of supernatural writing by American women Jeffrey Weinstock analyzes this tradition as

an essentially feminist attempt to imagine alternatives to a world of limited possibilities In the process he recovers the lives and works of authors who were important during their lifetimes and in the development of the American literary tradition but who are not recognized today for their contributions Between the end of the Civil War and roughly 1930 hundreds of uncanny tales were published by women in the periodical press and in books These include stories by familiar figures such as Edith Wharton Harriet Beecher Stowe and Charlotte Perkins Gilman as well as by authors almost wholly unknown to twenty first century readers such as Josephine Dodge Bacon Alice Brown Emma Frances Dawson and Harriet Prescott Spofford Focusing on this tradition of female writing offers a corrective to the prevailing belief within American literary scholarship that the uncanny tale exemplified by the literary productions of Irving Poe and Hawthorne was displaced after the Civil War by literary realism Beyond the simple existence of an unacknowledged tradition of uncanny literature by women Scare Tactics makes a strong case that this body of literature should be read as a specifically feminist literary tradition Especially intriguing Weinstock demonstrates is that women authors repeatedly used Gothic conventions to express discontentment with circumscribed roles for women creating types of political intervention connected to the broader sphere of women s rights activism Paying attention to these overlooked authors helps us better understand not only the literary marketplace of their time but also more familiar American Gothicists from Edgar Allan Poe to Shirley Jackson to Stephen King

Keepers of the Code Robert Lecker, 2013-02-07 *Keepers of the Code* explores the complex network of associations and negotiations that influenced the development of literary anthologies in English Canada from 1837 to the present Lecker shows that these anthologies are deeply conflicted narratives that embody the tensions and anxieties felt by their editors when faced with the challenge of constructing or rejecting national ideals He argues that these are intensely self conscious works with their own literary mechanisms and architecture In reading the history of these anthologies he witnesses a complex narrative of nation a compelling story about the values and interests informing English Canadian literary history

H. Reese, 2017-06-06 The Short Story in Midcentury America provides in depth case studies of four major writers of the post World War II era Paul Bowles Mary McCarthy Eudora Welty and Tennessee Williams examining how they used the contained aesthetics of short fiction to map out an oppositional stance to the dominant narratives both political and literary of mid twentieth century U S culture Sam V H Reese presents a new understanding of the connections between politics ideology and literary form arguing that writers employed the short story to critique the cultural mores of the early Cold War The four authors under discussion found themselves socially marginalized by mainstream U S culture due to such factors as their gender sexual orientation religion and foreign residence Reese shows that each author embraced the short story s compressed form as a means of resisting political coercion and conformity speaking out in support of freedom and open expression Reese argues that these four writers used the formal restrictions of the short story to develop a type of fiction that became recognizably countercultural challenging the expansive sprawling novels then receiving acclaim from critics His analysis underscores the means by which each author s short stories utilized the aesthetic practices of mediums outside conventional narrative fiction Bowles s career as a composer McCarthy s criticism and memoirs Williams s playwriting and Welty s photography By studying both their prose and its conceptualization Reese reveals how writers resisted the political and stylistic pressures that defined U S literary culture in the early years of the Cold War In The Short Story in Midcentury America Reese establishes a new framework for considering countercultural literature in the United States reassessing the critical standing of the short story and re evaluating the relationship between marginal social positions and literary form during the mid twentieth century *Global Arab Fiction* Nadia Atia, Lindsey Moore, 2024-12-30 Global Arab Fiction explores twenty first century fiction set in north and east Africa the Gulf the Arab east and diaspora showing diversity and connections across Arab world contexts Nadia Atia and Lindsey Moore draw on a substantial literary corpus highlighting contemporary trends in what is available to Anglophone audiences and considering how Arab fiction circulates as a global commodity Global Arab Fiction begins by positioning the Arab novel as a global phenomenon It also explores the influence of literary prizes notably the International Prize for Arabic Fiction on the enhanced international visibility of Arab fiction this century The authors tackle the thorny issue of violence in representing Arab world contexts and spotlight queer Arab desire identity and community They address the rise of speculative Arab literary modes and show how both mobility and immobility challenge a global paradigm Global Arab Fiction illuminates a vibrant body of literature rooted in but not circumscribed by a region redefined by twenty first century global geopolitics This book offers new arguments about twenty first century Arab literary tropes modes consecration routes identities and contexts It is unmissable for readers interested in contemporary postcolonial Arab Middle Eastern and world literary studies **Queer Bergman** Daniel Humphrey, 2013-03-15 One of the

twentieth century's most important filmmakers indeed one of its most important and influential artists Ingmar Bergman and his films have been examined from almost every possible perspective including their remarkable portrayals of women and their searing dramatizations of gender dynamics Curiously however especially considering the Swedish filmmaker's numerous and intriguing comments on the subject no study has focused on the undeniably queer characteristics present throughout this nominally straight auteur's body of work indeed they have barely been noted Queer Bergman makes a bold and convincing argument that Ingmar Bergman's work can best be thought of as profoundly queer in nature Using persuasive historical evidence including Bergman's own on the record though stubbornly ignored remarks alluding to his own homosexual identifications as well as the discourse of queer theory Daniel Humphrey brings into focus the director's radical denunciation of heteronormative values his savage and darkly humorous deconstructions of gender roles and his work's trenchant if also deeply conflicted attacks on homophobically constructed forms of patriarchal authority Adding an important chapter to the current discourse on GLBT queer historiography Humphrey also explores the unaddressed historical connections between post World War II American queer culture and a concurrently vibrant European art cinema proving that particular interrelationship to be as profound as the better documented associations between gay men and Hollywood musicals queer spectators and the horror film lesbians and gothic fiction and others

Decadent Short Story Kostas Boyiopoulos, 2014-12-09 This wide ranging anthology showcases for the first time the short story as the most attractive genre for British writers who experimented with Decadent themes and styles The selections represent the important role that magazine culture played in the The Nation, 1923 *The Ruse of Repair* Patricia Stuelke, 2021-08-09 Since the 1990s literary and queer studies scholars have eschewed Marxist and Foucauldian critique and hailed the reparative mode of criticism as a more humane and humble way of approaching literature and culture The reparative turn has traveled far beyond the academy influencing how people imagine justice solidarity and social change In *The Ruse of Repair* Patricia Stuelke locates the reparative turn's hidden history in the failed struggle against US empire and neoliberal capitalism in the 1970s and 1980s She shows how feminist antiracist and anti imperialist liberation movements' visions of connection across difference practices of self care and other reparative modes of artistic and cultural production have unintentionally reinforced forms of neoliberal governance At the same time the US government and military universities and other institutions have appropriated and depoliticized these same techniques to sidestep addressing structural racism and imperialism in more substantive ways In tracing the reparative turn's complicated and fraught genealogy Stuelke questions reparative criticism's efficacy in ways that will prompt critics to reevaluate their own reading practices

Language and Masculinities Tommaso M. Milani, 2014-12-05 This volume showcases cutting edge

research in the linguistic and discursive study of masculinities comprising the first significant edited collection on language and masculinities since Johnson and Meinhof's 1997 volume. Overall the chapters are linked together by a critical analytical perspective that seeks to understand the relationships between discourse, masculinities and power. Whereas some of the chapters offer detailed linguistically informed critiques of the ways in which old and new expressions of masculinities are complicit in the reproduction of men's hegemonic positions of power, others provide a more complex picture, one in which collusion and subversion go hand in hand. Contributions argue for the need for research on language and masculinities to expand its remit so as to engage with gay masculinities and unsettle gendered categories in order to consider the ways in which women, transgender and intersex individuals also perform a variety of masculinities. Finally, unlike Johnson and Meinhof's 1997 collection, this volume not only offers a wider and perhaps queerer perspective on the study of language and masculinities but also covers a broader geographical and socio-cultural spectrum, including work on Brazil, Israel, New Zealand, Singapore and South Africa.

Reading Israel, Reading America Omri Asscher, 2019-11-26. American and Israeli Jews have historically clashed over the contours of Jewish identity and their experience of modern Jewish life has been radically different. As Philip Roth put it, they are the heirs jointly of a drastically bifurcated legacy. But what happens when the encounter between American and Israeli Jewishness takes place in literary form when Jewish American novels make aliyah or when Israeli novels are imported for consumption by the diaspora? *Reading Israel, Reading America* explores the politics of translation as it shapes the understandings and misunderstandings of Israeli literature in the United States and American Jewish literature in Israel. Engaging in close readings of translations of iconic novels by the likes of Philip Roth, Saul Bellow, Bernard Malamud, Amos Oz, A. B. Yehoshua and Yoram Kaniuk, in particular, the ideologically motivated omissions and additions in the translations and the works' reception by reviewers and public intellectuals, Asscher decodes the literary encounter between Israeli and American Jews. These discrepancies demarcate an ongoing cultural dialogue around representations of violence, ethics, Zionism, diaspora and the boundaries between Jews and non-Jews. Navigating the disputes between these rival siblings of the Jewish world, Asscher provocatively untangles the cultural relations between Israeli and American Jews.

Conversations with Neil Gaiman Joseph Michael Sommers, 2018-09-10. Neil Gaiman, b. 1960, currently reigns in the literary world as one of the most critically decorated and popular authors of the last fifty years. Perhaps best known as the writer of the Harvey Eisner and World Fantasy Award-winning DC Vertigo series *The Sandman*, Gaiman quickly became equally renowned in literary circles for works such as *Neverwhere*, *Coraline* and *American Gods*, as well as the Newbery and Carnegie Medal-winning *The Graveyard Book*. For adults, for children, for the comics reader to the viewer of the BBC's *Doctor Who*, Gaiman's writing has crossed the borders of virtually all media and every language, making him a celebrity on a worldwide scale. The interviews presented here span the length of his career, beginning with his first formal interview by the BBC at the age of seven and ending with a new unpublished interview held in 2017. They cover topics as wide and varied

as a young Gaiman's thoughts on Scientology and managing anger learning the comics trade from Alan Moore and being on the clock virtually 24/7. What emerges is a complicated picture of a man who seems fully assembled from the start of his career but only came to feel comfortable in his own skin and voice far later in life. The man who brought Morpheus from the folds of his imagination into the world shares his dreams and aspirations from different points in his life including informing readers where he plans to take them next.

At Home with Pornography Jane Juffer, 1998. Juffer demonstrates how women's consumption of erotica and porn for their own pleasure can be empowering while simultaneously reinforcing conservative ideals. She shows for instance how the Victoria's Secret catalog functions as a kind of pornography whose popularity is enhanced by both its reliance on Victorian themes of secrecy and privacy and by its appeals to the pleasures of modern career women. In her pursuit to understand what women like and how they get it, Juffer delves into adult cable channels, erotic literary anthologies, sex therapy guides, cyberporn, masturbation and sex toys, showing the degrees to which these materials have been domesticated for home consumption.

Queer Reading Practices and Sexology in Fin-de-Siècle Literature Zolt Bojti, 2025-07-28. This book scrutinises the production and transnational distribution of sexological knowledge at the turn of the century. The works of three transnationally mobile authors are in the focus: *The Picture of Dorian Gray* (1890/1891) and *Teleny* (1893) by and attributed to Oscar Wilde; *The True Story of a Vampire* (1894) by Count Stanislaus Eric Stenbock; and *Imre A Memorandum* (1906) by Edward Prime Stevenson. The textual analysis is governed by references in all four works to Hungarian culture to demonstrate how they conceptualised Hungarianness and same sex desire simultaneously in the light of the new classificatory science of sexualities coming from German speaking Central Europe. By foregrounding a timely literary angle and a culturalist approach, this book offers non-Anglocentric insights not bound by either language or nationality to shed new light on the interdisciplinary reading practices of late Victorian subjects and the ways they contributed to the emergence of fin de siècle queer fiction.
