Rosalee A. Clawson, Zoe M. Oxley, 2020-07-21 In *Public Opinion: Democratic Ideals, Democratic Practice* Fourth Edition Clawson and Oxley link the enduring normative questions of democratic theory to existing empirical research on public opinion. Organized around a series of questions: In a democratic society, what should be the relationship between citizens and their government? Are citizens' opinions pliable? Are they knowledgeable, attentive, and informed? The text explores the tension between ideals and their practice. Each chapter focuses on exemplary studies explaining not only the conclusion of the research but how it was conducted so students gain a richer understanding of the research process and see methods applied in context.

Handbook of Research on Sport and Business S. Söderman, H. Dolles, 2013-01-01 Söderman and Dolles have assembled an impressive array of researchers to address the nexus between sport and business. In their rich collection of research on sport business theory and practice, Söderman and Dolles identify research themes from governance to branding, from sport events to sport systems and from social media to fan identity, and they specifically reflect on the application of major theoretical concepts and key research methods. The authors' aim is to advance sport business research through critical reflection on topic selection, research design, data analysis, and interpretation. Their unique approach encourages researchers from novice to experienced to embrace diverse theories and methods. The Handbook is recommended reading for those interested in advancing sport business research.

Graham Cuskelly, Griffith University, Australia. This insight-laden volume encompasses today's and tomorrow's research across the multifaceted landscape of the business side of sport, from branding and sponsorship to media and technology, from club management to governance. It effectively encompasses both theory and practice. Scholars, students, and practitioners will find this cogent collection of international consumer and business research knowledge and perspectives both informative and useful.

Stephen A. Greyser, Harvard Business School, US. This Handbook directly responds to the rapid professional, commercial, and international development of sport. With its thoughtful structure, comprehensive coverage of topics, and renowned contributors, it offers a thorough analysis on the management challenges in the field. It also offers very valuable insights and guidance on how the business of sport can be researched by students, academics, and practitioners around the world. The book is simply a must-read for anyone interested in the management aspects of sports.

Yoshiaki Takahashi, Chuo University, Tokyo, Japan. This Handbook draws together top international researchers and discusses the state of the art and the future direction of research at the nexus between sport and business. It is heavily built upon choosing, applying, and evaluating appropriate quantitative as well as qualitative research methods for practical advice in sport and business research. Topics covered for analysis include sports governance, regulation, and performance; media and technology; club management and team structure; place, time, and spectators of sporting events; and sport branding and sponsoring. The Handbook covers research examples from elite sport to the amateur level and from different sports, from cycling to cricket, from ice hockey to motorsports, and from football to skiing.
