Lessons for the Social Studies Classroom M. Lazarus, S. Cohen, K. Lambert, R. E, 2013-03-12 The idea for this book came while I was observing a student teacher and a master teacher I realized that most student teachers while in training do not have the opportunity to think creatively about their lessons I also noticed that teachers new to the field of teaching suffer the same fate they are too busy trying to survive the day and are not sure how to plan and organize their teaching Lesson plans are one of the most important tools for a teacher and more important for the novice teacher I believe that during student teaching or during their undergraduate years if students were equipped with this book their first year teaching will not look so first year Imagine an undergraduate class filled with soon to be Social Studies teachers discussing these selected lesson plans improving upon them and making them their own Most first year teachers over teach or under teach and both types still miss the marks on the standardized test These lesson plans will give the new teacher a place to begin *World Geography 7th Edition Guided Reading and Review, English Student Edition 2003c* Prentice-Hall Staff, 2002-05-15 Show Students How Geography Affects Their Lives World Geography Allyn and Bacon, Herbert Henry Gross, Richard Bergeron, 1986 *Data Book of Social Studies Materials and Resources*, 1980 *Resources in Education*, 2001-04
