Socialism Seriously A Brief Guide To Human Liberation:

Socialism . . . Seriously Danny Katch, 2015-08-09 Katch has done the impossible he makes socialism sexy eye opening inspiring and funny this book might turn you into a closet socialist Judah Friedlander actor and comedian Opinion polls show that many people in the United States prefer socialism to capitalism But after being declared dead and buried for decades socialism has come to mean little more than something vaguely less cruel and stupid than what we have now That s not exactly going to inspire millions to storm the barricades Danny Katch brings together the two great Marxist traditions of Karl and Groucho to provide an entertaining and insightful introduction to what the socialist tradition has to say about democracy economics and the potential of human beings to be something more than being bomb dropping planet destroying racist fools The most hilarious book about socialism since Karl Marx and his brother Harpo wrote their joke book *Hari Kondabolu* filmmaker and comedian If *The Communist Manifesto* and *America s Funniest Home Videos* had a baby it would be Danny Katch s new book It s a hilarious and fun way to think about what s wrong with our world how it could be different and how we might get there Keep an extra copy of *Socialism Seriously* in your bag and hand it to the next person who asks you what socialism is all about as long as that person is not your boss seriously Brian Jones actor educator and activist A lighthearted easy read that packs an intro course on socialism into a short volume With jokes that made me laugh out loud and a lot of heart *Socialism* is for lovers Indeed Sarah Jaffe Belabored podcast host **Socialism** Scott R. Sehon, 2024 Tackling perhaps the most contentious and socially urgent political movement of the last century Scott R Sehon lays bare the arguments for and against socialism investigating their logical scaffolding and revealing exactly what is assumed in charged and often vital discussions of labor conditions and human well being Sehon provides a straightforward presentation and logical analysis of the arguments to make very clear which arguments work and which do not While the book aims to be fair to the arguments from both sides Sehon ultimately sides with socialism and maintains that the arguments indicate that we should move in a strongly democratic socialist direction Nearly every contemporary counterclaim to socialism is addressed and interrogated and even the more dubious arguments in favor of socialism are taken up Naturally the defender of capitalism will deny these premises and claim that capitalism better promotes human well being many capitalists also claim that socialism does violate individual rights particularly property rights The bulk of the book sorts through the data and arguments on both sides considering arguments from philosophers such as G A Cohen Ronald Dworkin David Schweickart John Tomasi and Jonathan Wolff as well as prominent economists such as Milton Friedman and F A Hayek The reader of *Socialism* will find a clear introduction to one of the most crucial social movements of our time Palestine Sumaya Awad, brian bean, 2020-12-01 This essay collection presents a compelling and insightful analysis of the Palestinian freedom movement from a socialist perspective In *Palestine A Socialist Introduction* contributors examine a number of key aspects in the Palestinian struggle for liberation These essays contextualize the situation in today s polarized world and offer a socialist perspective on how full

liberation can be won Through an internationalist anti imperialist lens this book explores the links between the struggle for freedom in the United States and that in Palestine and beyond Contributors examine both the historical and contemporary trajectory of the Palestine solidarity movement in order to glean lessons for today s organizers They argue that in order to achieve justice in Palestine the movement must take up the question of socialism regionally and internationally Contributors include Jihad Abusalim Shireen Akram Boshar Omar Barghouti Nada Elia Toufic Haddad Remi Kanazi Annie Levin Mostafa Omar Khury Petersen Smith and Daphna Thier **Taking Back Control** Reece Garcia,2022-06-28 Taking Back Control dispels the myth that an endemic of overwork debt the underfunding of public services gross inequality and poor mental health are unavoidable through a provocative critique of work money politics and the media *The Socialist Reader* Eric v.d. Luft,2015-09-26 Key texts in the history of socialist theory and practice selections from Victor Berger Elizabeth Blackwell Eugene Victor Debs Ron Dellums Havelock Ellis the Fabian Society William Godwin Moses Hess Mother Jones Dennis Kucinich Meyer London Ramsay MacDonald Cynthia McKinney Robert Owen Emmeline Pankhurst Progressive Democrats of America PDA Pierre Joseph Proudhon Franklin Delano Roosevelt Arnold Ruge Henri de Saint Simon Bernie Sanders George Bernard Shaw Upton Sinclair Students for a Democratic Society SDS Elizabeth Warren Julius Augustus Wayland Beatrice Webb and Sidney Webb *A People's Guide to Capitalism* Hadas Thier,2018-06-02 A lively accessible and timely guide to Marxist economics for those who want to understand and dismantle the world of the 1% Economists regularly promote Capitalism as the greatest system ever to grace the planet With the same breath they implore us to leave the job of understanding the magical powers of the market to the experts Despite the efforts of these mainstream commentators to convince us otherwise many of us have begun to question why this system has produced such vast inequality and wanton disregard for its own environmental destruction This book offers answers to exactly these questions on their own terms in the form of a radical economic theory Thier s urgently needed book strips away jargon to make Marx s essential work accessible to today s diverse mass movements Sarah Leonard contributing editor to The Nation A great book for proletarian chain breaking Rob Larson author of Bit Tyrants The Political Economy of Silicon Valley Thier unpacks the mystery of capitalist inequality with lucid and accessible prose We will need books like A People s Guide to help us make sense of the root causes of the financial crises that shape so many of our struggles today Keeanga Yamahtta Taylor author of Race for Profit How Banks and the Real Estate Industry Undermined Black Homeownership Ranging from exploitation at work to the operations of modern finance this book takes the reader through a fine tuned introduction to Marx s analysis of the modern economy Thier combines theoretical explanation with contemporary examples to illuminate the inner workings of capitalism Reminds us of the urgent need for alternatives to a crisis ridden system David McNally author of Blood and Money [A World without Capitalism?](#) Christian W. Chun,2021-12-15 In this book Christian W Chun examines the ways in which identities discourses and topographies of both capitalist and anti capitalist imaginaries and realities are embodied in the everyday

practices of people A World without Capitalism is a sociolinguistic ethnography that explores the heretofore limited research in applied linguistics and sociolinguistics on the discursive and materialized representations and enactments of capitalism Engaging across disciplinary fields including applied linguistics ethnography political economy philosophy and cultural studies Chun investigates in ethnographic detail how capitalism does and does not pervade people s everyday experiences This book aims to further contribute to a much needed understanding of how discourses operate in the co constructions of capitalist and anti capitalist imaginaries and instantiated realities and practices as narrated lived and embodied by people and material artifacts This book is vital reading for students and researchers working in the fields of applied linguistics discourse analysis and cultural studies as well as those interested in understanding capitalism and questioning how to live beyond it

Responding to the Right Nathan J. Robinson, 2023-02-14 The editor of Current Affairs artfully and efficiently debunks a series of common right wing arguments Are taxes theft Is abortion murder Does regulation destroy jobs Is white privilege a lie Conservative talking points are everywhere and through well funded media like Fox News Breitbart and YouTube s Prager University the right has an impressive record of packaging its views for a general audience Clearly the left needs to do a better job of fighting back Luckily Current Affairs editor Nathan J Robinson has developed a reputation as a meticulous slayer of irrational and bigoted arguments He has tangled with the likes of Ben Shapiro Jordan Peterson and Charles Murray exposing their flimsy logic and distorted facts with forensic thoroughness and savage wit In Responding to the Right Robinson blasts right wing nonsense with devastating intellectual weaponry revealing how everyone from Ann Coulter to the National Review uses fear and lies to manipulate the public He gives a detailed explanation of how conservative arguments work and why we need to resist them then goes through twenty five separate talking points showing precisely why each one fails This essential handbook is a stimulating source of issues to debate and a comprehensive challenge to dozens of dominant orthodoxies It sets a new standard for leftist critique and would be an invaluable addition to the arsenals of the millions of progressives fighting the political battles of our age
