Solar Arc Directions:

Solar Arc Directions Frank C. Clifford, London School of Astrology, 2011 **Solar Arc Directions** Carole Devine, 2000-12-01 **The Complete Book of Chart Rectification** Carol A. Tebbs, 2008 Knowing the exact time of birth is crucial for an accurate horoscope. An incorrect birth time can result in the wrong Ascendant, Midheaven, and more. The Complete Book of Chart Rectification may be the first book ever to offer modern astrological methods for rectifying questionable or unknown birth times. Once regarded as rocket science for astrologers, chart rectification is still considered advanced in our technology age. But this groundbreaking book makes the process easy. Learn how to find a consistent pattern where astrological indicators correspond with life events. These techniques will help you link dramatic life events with aspect hooks to narrow birth time parameters. Tebbs' easy-to-follow rectification methods are highlighted by case studies featuring biographies and chart analyses of Elizabeth Taylor, Johnny Cash, and Jimmy Swaggart. Applied Cosmobiology Reinhold Ebertin, 2006-11 This basic cosmobiology textbook was first printed in Germany 1949 under the title *The 90 Dial in Practice*. It has since had additions and improvements. Written by the acknowledged master of cosmobiology, it takes the fundamentals of the basic horoscope one step further by condensing the wheel to 90 by placing the planets into their groups of cardinal, fixed, and mutable. The analysis then becomes very simplified yet with details that are astounding. Explained are the methods, interpretations, use of solar arc directions, graphic ephemeris, and more. See for yourself how using cosmobiology makes astrology become a quicker and more useful tool. **Working with Midpoints** Kathy Allan, 2024-01-01 A simple yet often overlooked astrological technique, the information that midpoints provide is astonishing; they can mirror what is going on in the world in many cases, providing the missing link that explains what is really happening when traditional astrology fails. Veteran astrologer and author Kathy Allan has crafted a new manual that will teach readers to hone their basic chart reading and predictive skills through working with midpoints, long considered a specialized topic in the field of astrology. Initially inspired by the astrology classic *Working with Astrology* by Charles Harvey and Mike Harding, Allan wanted to create a more user-friendly textbook. Exercises are included at the end of each chapter. After explaining what midpoints are and how to find them, Allan uses in-depth case studies that examine the lives and horoscopes of such cultural icons as Carl Jung, Evangeline Adams, and Stephen King, demonstrating midpoints in action. Allan shows us how to delineate transiting and solar arc midpoints as an aid to understanding events. Adding midpoints to ingress, eclipse, and return charts adds detailed information that enables us to more accurately anticipate coming events. Readers will learn all about occupied and unoccupied midpoints, planetary axes, the 360 and 90 degree dials, plus how to contemplate and forecast future trends. At last, here is a systematic and engaging approach to working with midpoints. The perfect companion volume to Allan's acclaimed book on the Lunar Nodes. **The Love Relationship Formula** Christine Rakela, 2004 Includes Free Astrology Software. Astrology of Health Noel Eastwood, 2016-04-01 Based on his successful Health Astrology course Noel Eastwood's *Astrology of Health* is a highly insightful practical and accessible work. Discover how elemental dominance manifests in our psyche and our body how Planets Signs and Houses correspond to potential problem areas and how our mental and physical health can be affected by transits directions and progressions. No traditionally trained Tibetan healer would prepare a herbal prescription for a patient without first drawing up their astrological charts. It was the same back in the Middle Ages in European culture astrology and medicine were one. The five year Degree in Traditional Tibetan Medicine or the Degree of Traditional Tibetan Astrology was required before a healer was permitted to practice. Thirty percent of the staff at the Tibetan Medical Astrological Institute of His Holiness the Dalai Lama of Dharamsala were involved solely in the preparation of astrological charts. A patient's natal chart is still used for initial diagnosis and in determining the best medical remedies and treatment. A work of love and one that he now passes on to those astrologers and healers who wish to know a little more of the link between astrology and health. As a retired psychologist he has tried to tone down his bias towards psychological health in the charts but as a healer he recognises just how important the link between mind and body truly is. The lively conversational format will both entertain and enlighten you. Reviews Noel Eastwood is an amazing astrologer and gifted writer. I have never found so much good information about the astrology of health in any other book. A beautifully written book that looks at individuals likely health issues through their predominance of the elements in their charts. It looks at whether one has a Fire Earth Air or Water Dominance in their Natal Chart. Depending upon the leading element the individual has they will have certain strengths and weaknesses health wise. Written in an interactive conversational way between student and teacher it is entertaining and teaches the reader gradually over a number of lessons. Along the way it makes use of a number of case study charts to illustrate the lessons of elemental predominance with regards to Health. I know the elements are one of the cornerstones of Astrology. In understanding more about how their emphasis relates to one's health I found the book highly useful. DK Quite informative and I really liked the teacher student format. I would have liked more charts on mental illness though. Detail oriented. AJ I have just completed reading *Astrology of Health*. I literally could not put it down. I learned so much. By envisioning myself as silent observer at the

table with Eastwood's student I participated in each lesson I am not an astrologer Yet I felt I examined each chart I could clearly see the relationship between each astrological influence and how those influences manifested in each person's life I had never thought about medical astrology at that depth nor had I clearly understood how generational charts reflected genetic familiar medical and psychological themes and spiritual lessons I was educated informed excited and amazed CC
