Visual Thinking Strategies for Individuals with Autism Spectrum Disorders Ellyn Lucas Arwood, Carole Kaulitz, Mabel M. Brown, 2009 Visuals of all kinds photographs checklists line drawings cartoons flowcharts stick figures etc are commonly used as supports for individuals on the autism spectrum who tend to think and learn visually However not all visuals are created equal and therefore visuals don't all work equally well This companion to *Learning With a Visual Brain in an Auditory World* helps the reader understand how to match the developmental levels of pictures and visuals to the developmental level of the person looking at the visual In this way appropriate visuals provide the language development for children with autism spectrum disorders Drawing from their experience with children and youth for decades the authors also show how effective communication can help reduce the confusion and anxiety that often lead to behavioral outbursts Google Books

Visual Thinking Strategies Philip Yenawine, 2013-10-01 2014 Outstanding Academic Title Choice What's going on in this picture With this one question and a carefully chosen work of art teachers can start their students down a path toward deeper learning and other skills now encouraged by the Common Core State Standards The Visual Thinking Strategies VTS teaching method has been successfully implemented in schools districts and cultural institutions nationwide including bilingual schools in California West Orange Public Schools in New Jersey and the San Francisco Museum of Modern Art It provides for open ended yet highly structured discussions of visual art and significantly increases students critical thinking language and literacy skills along the way Philip Yenawine former education director of New York's Museum of Modern Art and cocreator of the VTS curriculum writes engagingly about his years of experience with elementary school students in the classroom He reveals how VTS was developed and demonstrates how teachers are using art as well as poems primary documents and other visual artifacts to increase a variety of skills including writing listening and speaking across a range of subjects The book shows how VTS can be easily and effectively integrated into elementary classroom lessons in just ten hours of a school year to create learner centered environments where students at all levels are involved in rich absorbing discussions

Your First Source for Practical Solutions for ASD , Meeting CEC's Standards for Preparing Highly Qualified Educators in Autism Spectrum Disorders , Art Education as a Radical Act Sara Torres-Vega, Wendy Woon, 2024-05-20 This comprehensive volume highlights and centers untold histories of education at the Museum of Modern Art MoMA from 1937 to 2020 using the critical voices of

artists scholars designers and educators Exploring these histories as transformative and paradigm shifting in museum education it elevates MoMA educators as vocal advocates for harnessing the educational power that museums inherently possess Divided into three interlinked parts the first sheds light on the early educational endeavors of the museum while analyzing the context of art education in the United States The second part focuses on the tenures of Victor D Amico and Betty Blayton utilizing the MoMA archives as a primary resource It includes essays by Ellen Winner Luis Camnitzer Susan E Cahan Michelle Millar Fisher HECTOR Jae Shin Damon Rich Gregory Sholette Carol Duncan Moreen Maser Nana Adusei Poku Carmen M rsch Rika Burnham Donna M Jones and Jos Ortiz The third part presents the perspectives of William Burback Philip Yenawine Patterson Sims Deborah F Schwartz and Wendy Woon as former MoMA Directors of Education in their own words and considers the forces that shaped their work This timely and unique exploration ultimately aims to trace and understand the fundamental and evolving concerns of a seemingly underexamined profession constantly striving to maintain relevance in an environment marked by institutional social and political uncertainty Exploring the radical acts undertaken to keep the museum true to its original promise it delineates the paradox whereby education is both central and invisible to the identity of MoMA and museums more broadly and re centers the conception of the museum as an educational institution It is designed for scholars researchers and post graduate students interested in arts education visual literacy museum studies and communication studies

Reading Picture Books with Children Megan Dowd Lambert,2015-11-03 A new interactive approach to storytime The Whole Book Approach was developed in conjunction with the Eric Carle Museum of Picture Book Art and expert author Megan Dowd Lambert s graduate work in children s literature at Simmons College offering a practical guide for reshaping storytime and getting kids to think with their eyes Traditional storytime often offers a passive experience for kids but the Whole Book approach asks the youngest of readers to ponder all aspects of a picture book and to use their critical thinking skills Using classic examples Megan asks kids to think about why the trim size of Ludwig Bemelman s Madeline is so generous or why the typeset in David Wiesner s Caldecott winner The Three Pigs appears to twist around the page or why books like Chris Van Allsburg s The Polar Express and Eric Carle s The Very Hungry Caterpillar are printed landscape instead of portrait The dynamic discussions that result from this shared reading style range from the profound to the hilarious and will inspire adults to make children s responses to text art and design an essential part of storytime
