business is hailed as a win win scenario for the development of poor communities yet there is little insight into how these  
inclusive businesses work and more importantly for whom This book aims for a thorough understanding of the range of  
inclusive businesses in agriculture by examining the structures they implement the actors involved and whether they are  
effectively inclusive of smallholders It presents a range of case studies and is therefore empirically based and practically  
oriented By offering a critical assessment of inclusive businesses overall it allows for a better perception of what works  
where and under which conditions It provides useful insights that will benefit smallholders agri businesses support groups  
policy makers and investors who are willing to promote more inclusive businesses that foster a better integration of  
smallholders into commercial value chains and a more equitable and sustainable agricultural sector      **Index to Foreign**
