The Children Act:

The Children Act Explained ,2001-01-01 The Children Act is an act to reform the law relating to children and to provide for local authority services for children in need and others The Act also amends the law with respect to fostering child minding and day care for young children and adoption **The Children Act** Great Britain. Dept. of Health,1991 How will the Children Act affect work with disabled children This guidance outlines the responsibilities of social services departments SSDs under the Act stating that they have a clear duty to provide services to children with disabilities Treating disabled children as children first is of paramount importance However there is a need for all staff who may be involved in providing a service to a child with a disability to be aware of legislation and SSDs should ensure that advice expertise and resources are available for their staff when needed The Children Act 1989 Great Britain. Department of Health,1991 How does the Children Act 1989 affect family support services What are the implications for day care services for young children What action should local authorities take This guide provides a clear statement of the requirements placed on local authorities by the Children s Act 1989 highlighting the need for authorities to review their existing childcare policies It outlines effective strategies and policies to help authorities give practitioners a framework within which to work discussing the implications for policy procedures and practice The Act gives local authorities a new range of duties including identification of children who are in need or danger support of children s links with their families provision of day care and the setting up of procedures to consider representations about the provision of services The Children Act 1989 Mary Ryan,2019-07-23 First published in 1999 this book provides a practical guide to those parts of the Children Act 1989 that relate to the provision of services by local authorities to children and families dealing in particular with the powers and duties of local authorities in such circumstances care and supervision proceedings and child protection issues It combines a discussion of the legal framework of the Act and the regulations and guidance with information about good social work and legal practice relevant research and recent case law It is grounded on the author s practical experience of providing an advice and advocacy service for families and training for social workers lawyers and other child care professionals

Making Sense of the Children Act 1989 Nick Allen,2005-09-01 The Children Act is a major piece of legislation that affects all professionals working with children Since the third edition of this book was published in 1996 there have been some important developments This Fourth Edition takes these developments into consideration Topics discussed include case law in the superior courts the establishment of CAFCASS and the Fostering Services Regulations of 2002 and much more

Review of section 58 of the Children's Act 2004 Great Britain: Department for Children, Schools and Families,2007-10-25 Section 58 of the Children Act 2004 limited the use of the defence of reasonable punishment so that it could no longer be used when people are charged with offences against a child such as causing actual bodily harm or cruelty to a child This report sets out the findings of a review into the practical consequences of this rule and parental views on

smacking Findings based on this evidence include that section 58 has improved legal protection for children by restricting the use of the reasonable punishment defence in court proceedings with no reported significant practical problems with its operation Parental attitudes and behaviour is changing with younger parents less likely to use smacking as a method of discipline than older parents **Penguin Readers Level 7: The Children Act (ELT Graded Reader)** Ian
